**Zoroastrianism** Enrico Raffaelli, 2014-01-10 Focusing on the Avestan and Pahlavi versions of the S h r zag a text worshipping Zoroastrian divine entities this book explores the spiritual principles and physical realities associated with them Introducing the book is an overview of the structural linguistic and historico religious elements of the Avestan S h r zag This overview as well as reconstructing its approximate chronology helps in understanding the original ritual function of the text and its relationship to the other Avestan texts The book then studies the translation of the text in the Middle Persian language Pahlavi which was produced several centuries after its initial composition when Avestan was no longer understood by the majority of the Zoroastrian community Addressing the lacuna in literature examining an erstwhile neglected Zoroastrian text The Sih Rozag in Zoroastrianism includes a detailed commentary and an English translation of both the Avestan and Pahlavi version of the S h r zag and will be of interest to researchers and scholars of Iranian Studies Religion and History **Journal for Star Wisdom 2016** Robert Powell, 2015-10-01 Journal for Star Wisdom 2016 includes articles of interest concerning star wisdom Astrosophy as well as a guide to the correspondences between stellar configurations during the life of Christ and those of today This guide comprises a complete sidereal ephemeris and aspectarian geocentric and heliocentric for each day throughout the year Published yearly new editions are available beginning in October or November for the coming new year According to Rudolf Steiner every step taken by Christ during his ministry between the baptism in the Jordan and the resurrection was in harmony with and an expression of the cosmos Journal for Star Wisdom is concerned with these heavenly correspondences during the life of Christ It is intended to help provide a foundation for cosmic Christianity the cosmic dimension of Christianity It is this dimension that has been missing from Christianity in its two thousand year history Readers can begin on this path by contemplating the movements of the Sun Moon and planets against the background of the zodiacal constellations sidereal signs today in relation to corresponding stellar events during the life of Christ In this way the possibility is opened for attuning in a living way to the life of Christ in the etheric cosmos This year s journal begins with an article by Robert Powell on the relationship between the galactic center and Christ s miracle of the healing of the man born blind followed by an article by Estelle Isaacson about the life of the man born blind whose name was Celidonius She has also written on the star of Lazarus and reading the starry script Claudia McLaren Lainson s article The Towers We Build relates to the planet Uranus and events of our time against the background of the position of Uranus in 2016 the same as shortly after Christ s Ascension She also honors psychologist and astrophysicist William Bento who died on

June 5 2015 with her In Memoriam David Tresemer's article written with Robert Schiappacasse expands on a short contribution from William Bento Brian Gray's article focuses upon the birth of Jesus in terms of a stellar imagination in relation to the three kings on the one hand and the shepherds on the other Nicholas Kollerstrom contributed Position of the Ancient Star Zodiac presenting his research into the original scientific definition of the zodiac The article Specters by Kevin Dann takes a unique approach to The Fall of the Spirits of Darkness the subject of David Tresemer's article The monthly commentaries for 2016 by Claudia McLaren Lainson are supported by monthly astronomical previews by Sally Nurney offering opportunities to observe and experience physically the stellar configurations during 2016 This direct interaction between the human being on Earth and the heavenly beings of the stars develops the capacity to receive their wisdom filled teachings

**Spinning the Cosmos** Alica-Nana Citron, 2025-05-29 This open access book investigates the epistemological concept of and the knowledge transfer interwoven with the moveable paper wheels found in medieval and early modern books the so called volvelles The earliest known volvelles emerged in the mid thirteenth century and were cut out and installed by the reader often appearing in books dealing with astronomical subjects The brain processes and remembers images more easily than words the so called picture superiority effect especially if the images move making volvelles a useful method to help students of the Quadrivium memorizing the heavenly movements thus the composition of a device embedded within a text promises a comprehensive insight into the didactic concepts of early modern knowledge transfer The Tractatus de Sphaera by Johannes de Sacrobosco 1195 1256 the standard university textbook for astronomy from the thirteenth until the seventeenth century was particularly noted as containing volvelles of different kinds The project The Sphere located at the Max Planck Institute for the History of Science in Berlin has collected a corpus of 359 printed De sphaera editions building a promising basis for examining different volvelles and placing the results in a cultural context These volumes had never been analyzed in detail before nor was there such a large corpus that could provide a quantitative database for such an investigation The results of the book show that a book and knowledge tradition as widespread as that of the Sphaera contained more than one third of volvelles and was used in university teaching in the early modern period For historians this sheds light on a new aspect of movable paper instruments in university didactics and book history in the early modern period

The Power of Stars Bryan E. Penprase, 2010-10-17 What are some of the connections that bind us to the stars How have these connections been established And how have people all around the world and throughout time reacted to the night sky the sun and moon in their poetry mythology rituals and temples This book explores the influence of the sky on both ancient and modern civilization by providing a clear overview of the many ways in which humans have used the stars as an ordering principle in their cultures and which today still inspire us intellectually emotionally and spiritually The book explores constellation lore from around the world celestial alignments of monuments and temples both from ancient and modern civilizations and the role the sky has played in the cultures of the Greek Egyptian Babylonian Native American Chinese

Mayan Aztec and Inca Models of the universe from each of these cultures are described clearly and each culture's explanation of the stars planets and other celestial objects are described The roots of astronomy and astrology are presented with original imagery and reproductions of ancient manuscripts that portray the structure of the physical universe as conceived by a diverse array of human cultures over the centuries Our own scientific Big Bang cosmology and the origin of stars and elements are discussed in a philosophical context to explore how we as modern people learn about the Universe and incorporate the findings of science into our world views A concluding chapter provides a summary of modern science's effort to unlock the celestial secrets from the sky and from past civilizations and what these answers mean for us today

**Star Code** Chris Ward,2010 For thousands of years humans looked to the stars for navigation deities personality insights predictions and omens about the future What can we learn from these heavenly bodies The Bible says that the Lord placed them there as faithful witnesses to mark the seasons the days and the times The Bible also tells of Wise Men from the east that followed a star to Bethlehem to find a king What other events might be revealed by the movement of the stars and planets Is there more hidden in the stars Is there a Star Code *2025-26 All UPPSC General Studies Solved Papers* YCT Expert Team , 2025 26 All UPPSC General Studies Solved Papers 1000 995 E This book contains 396 sets of the Previous Year Solved Papers **Theism: the Philadelphia Theory** Kurt Bakley,2020-08-17 Did creation happen in the beginning by a homosexual union Does the sun and the whole Universe run on the principle of homosexuality Does the Bible tell of God and angels in heaven having dresses and bras because they are transsexuals and a hermaphrodite Are the 144 000 witnesses of God in Revelation chapters 7 and 14 homosexuals Is part of God literally a dunghill Does part of God speak profanity After the end of this world will we all go to live on a new earth with the New Jerusalem filled with homosexuals and lawless and outside its gates are the religious Did God make a new covenant in these last days that allows homosexuals and all people into His kingdom forever Will the Lord God at that time be there as a Hermaphrodite she male as the joining of the two good and evil so all may live forever in peace and joy which the Bible predicted as the wedding of Christ and His bride Were all the wisdom and teaching and prophecies of the end time antichrist and evil reversed That in the end times the real evil is religion and that at the end the New Jerusalem is free and lawless Was the main part of satan all along that of a religious spirit and was always testing and not tempting Were words given to explain God have the meaning that He is a God for all races cultures ways of life and religions and even the non religious Are Gentiles children of devils Are we all Jewish For all the details read the whole book Theism The Philadelphia Theory One word that answers all things for all to know This book was finished by April 13 2018 A D **Nemrud Dagi** Herman Brijder,2014-08-25 This richly illustrated book presents in detail the sanctuaries built during the reign of Antiochus I of Commagene ca 75 36 BCE including the three large tombs and ten cult places and discusses Antiochus rule in the context of his religious program and cult of the divine ruler This book is the final publication of the results of the International Nemrud Dagi Project 2001 2003 The Exodus Peter Feinman,2021-10-13

Did the Exodus occur This question has been asked in biblical scholarship since its origin as a modern science The desire to resolve the question scientifically was a key component in the funding of archaeological excavations in the nineteenth century Egyptian archaeologists routinely equated sites with their presumed biblical counterpart Initially it was taken for granted that the Exodus had occurred It was simply a matter of finding the archaeological data to prove it So far those results have been for naught The Exodus An Egyptian Story takes a very real world approach to understanding the Exodus It is not a story of cosmic spectacles that miraculously or coincidentally occurred when a people prepared to leave Egypt There are no special effects in the telling of this story Instead the story is told with real people in the real world doing what real people do Peter Feinman does not rely on the biblical text and is not trying to prove that the Bible is true He places the Exodus within Egyptian history based on the Egyptian archaeological record It is a story of the rejection of the Egyptian cultural construct and defiance of Ramses II Egyptologists not biblical scholars are the guides to telling the Exodus story What would you expect Ramses II to say after he had been humiliated If there is an Egyptian smoking gun for the Exodus how would you recognize it To answer these questions requires us to take the Exodus seriously as a major event at the royal level in Egyptian history
