Sun Records (Second Edition) John Floyd,2015-06-30 The tiny Sun studio at 706 Union Avenue in Memphis Tennessee may not have looked like much from the outside but inside musical miracles were being performed daily by its enigmatic owner Sam Phillips Phillips began more or less as a talent scout for other record labels such as the legendary Chess Records in Chicago However after discovering a wealth of talent in his own backyard in the Mid South area Phillips began his own record label Sun Records with an emblematic rising sun and rooster logo A white man who loved and understood African American music Phillips recorded soon to be blues icons such as Howlin Wolf Rufus Thomas and B B King A seismic shift occurred during one session in 1951 when Phillips recorded Rocket 88 with Jackie Brenston and Ike Turner That shift was to become known as rock and roll A shy white boy named Elvis Presley came into the studio to record a song for his mother s birthday Phillips recognized something

in the young man and a moment of silliness in the studio ruptured into the first record of the future King of Rock Sun Records didn't stop there. Hot on his heels came Jerry Lee Lewis, Carl Perkins and Johnny Cash. However, there wasn't a day that the studio wasn't searching for other artists. Other hits: Sun Records. An Oral History 2nd edition brings to readers the voices of the pillars of Sun Records: the artists, producers and engineers who made the place tick. Thomas the first hit maker for Sun, Scotty Moore, Rosco Gordon, Little Milton, Campbell Billy Lee Riley, producer and musician Roland Janes, producer Cowboy Jack Clement and others all tell their inimitable stories about the making of a music empire, the label that put rock and roll on the world map. Music journalist and critic John Floyd has woven together dozens of priceless stories and anecdotes with his own insightful and artful narrative to make this book definitive for anyone interested in Sun Records or the birth and rise of rock and roll. For example, there are firsthand accounts of the early Elvis sessions by Moore, Riley's own account of his legendary drunken rampage in the Sun studio and a transcript of the back and forth hell and damnation conversation between a reluctant Lewis and Phillips just prior to the recording of Great Balls of Fire. This second edition updates the masterful original book which was critically acclaimed and considered one of the canon of must-have music books.

Cold War Country Joseph M. Thompson, 2024-03-22 Country music maintains a special decades-long relationship to American military life, but these ties didn't just happen. This readable history reveals how country music's Nashville-based business leaders on Music Row created partnerships with the Pentagon to sell their audiences on military service while selling the music to servicemembers. Beginning in the 1950s, the military flooded armed forces airwaves with the music, hosted tour dates at bases around the world and drew on artists from Johnny Cash to Lee Greenwood to support recruitment programs. Over the last half of the twentieth century, the close connections between the Defense Department and Music Row gave an economic boost to the white-dominated sounds of country while marginalizing Black artists and fueling divisions over the meaning of patriotism. This story is filled with familiar stars like Roy Acuff, Elvis Presley and George Strait as well as lesser-known figures, industry executives who worked the halls of Congress, country artists who dissented from the stereotypically patriotic trappings of the genre and more. Joseph M. Thompson argues convincingly that the relationship between Music Row and the Pentagon helped shape not only the evolution of popular music but also race relations, partisanship and images of the United States abroad.

the Changes Darius Brubeck, Catherine Brubeck, 2024-07-23 Catherine and Darius Brubeck's 1983 move to South Africa launched them on a journey that helped transform jazz education. Blending biography with storytelling, the pair recount their time at the University of KwaZulu Natal where they built a pioneering academic program in jazz music and managed and organized bands, concerts, and tours around the world. The Brubecks and the musicians faced innumerable obstacles from the intensification of apartheid and a lack of resources to the hardscrabble lives that forced even the most talented artists to the margins. Building a program grounded in multi-culturalism, Catherine and Darius encouraged black and white musicians to explore and expand the landscape of South African jazz together. Their story details the sometimes wily, sometimes hilarious problem-solving necessary to move the institution forward while offering insightful portraits of South African jazz players at work on stage and providing a soundtrack to the freedom struggle and its aftermath. Frank and richly detailed, *Playing the Changes* provides insiders' accounts of how jazz intertwined with struggle and both expressed and resisted the bitter unfairness of apartheid-era South Africa.

Nerd Girl Rocks Paradise City Anne Thomas Soffee, 2006-09 This hilarious peek into the early years of the hair band era reveals the hierarchy of fishnets, bustiers, and chicks with the Holy Grail: a backstage pass. After college, Anne Thomas Soffee journeyed to Los Angeles to start a career as a rock journalist and small-time heavy metal flack. A taste for other people's prescriptions and too much beer edges her freelance journalism work right off her schedule. She struggles with not being thin enough, pretty enough, or cool enough when in the midst of the L.A. riots. Soffee is offered a coveted slot in Virginia Commonwealth University's MFA writing program. Determined to pull herself out of current habits, Soffee starts turning her life around, making a stop at rehab before she heads off to graduate school. Her quarter-life crisis is packed with offbeat characters that prove that fact is often funnier than fiction.
