Roberts, 2020-08-04 This melodious mix of music history and travelogue reveals a story inextricably linked to the drama of Russia itself These pages sing like a symphony The Wall Street Journal Siberia s story is traditionally one of exiles penal colonies and unmarked graves Yet there is another tale to tell Dotted throughout this remote land are pianos grand instruments created during the boom years of the nineteenth century as well as humble Soviet made uprights that found their way into equally modest homes They tell the story of how ever since entering Russian culture under the westernizing influence of Catherine the Great piano music has run through the country like blood How these pianos traveled into this snowbound wilderness in the first place is testament to noble acts of fortitude by governors adventurers and exiles Siberian pianos have accomplished extraordinary feats from the instrument that Maria Volkonsky wife of an exiled Decembrist revolutionary used to spread music east of the Urals to those that brought reprieve to the Soviet Gulag That these

instruments might still exist in such a hostile landscape is remarkable That they are still capable of making music in far flung villages is nothing less than a miracle The Lost Pianos of Siberia follows Roberts on a three year adventure as she tracks a number of instruments to find one whose history is definitively Siberian Her journey reveals a desolate land inhabited by wild tigers and deeply shaped by its dark history yet one that is also profoundly beautiful and peppered with pianos An elegant and nuanced journey through literature through history through music murder and incarceration and revolution through snow and ice and remoteness to discover the human face of Siberia I loved this book Paul Theroux *From Siberia to Denmark* Andrej Sivertsev,2023-03-29 I believe that one of the best adventures which one can experience is not travelling to far and exotic destinations but integration into a new society and one of the best rewards which you can achieve is the admiration of being accepted as a full member of it I call it a voyage and this voyage will apparently never stop for me as there will always be something new to learn along the way **Cycling Home from Siberia** Rob Lilwall,2011-04-05 It is late October and the temperature is already 40 degrees My thoughts are filled with frozen rivers that may or may not hold my weight empty forgotten valleys haunted by emaciated ghosts and packs of ravenous merciless wolves Having left his job as a high school geography teacher Rob Lilwall arrived in Siberia equipped only with a bike and a healthy dose of fear Cycling Home from Siberia recounts his epic three and a half year 30 000 mile journey back to England via the foreboding jungles of Papua New Guinea an Australian cyclone and Afghanistan s war torn Hindu Kush A gripping story of endurance and adventure this is also a spiritual journey providing poignant insight into life on the road in some of the world s toughest corners The Dying of Delight Clare Sudbery,2004 In this novel of two women attempting to find themselves Silver a carefree artist who gave up a lucrative career and Edna a mysterious women who joins a band of eco protestors gradually begin to unravel emerging as two different women Original **ASTA Travel News** American Society of Travel Agents,1969 **Academia, Chernobyl, Expeditions and the Greeks** Gloria Leon,2022-03-08 The memoir Academia Chernobyl Expeditions and The Greeks A Research Psychologist on the Move recounts memorable experiences over the course of the author s career as an academic psychologist engaged in research on stress and coping in extreme environments Throughout the memoir the author presents short summaries of her research methods and findings however the focus of the book is on her personal experiences the events people and the environment with its natural beauty or devastation that she encountered while conducting this research **The Griffith Observer** ,2009 **Congressional Record** United States.
