Somewhere along the way he discovered how to unlock those neatly and hidden away passing thoughts and transform them into something tangible so when he takes a second look at his transcripts he finds a person almost opposite to what he hopes to reflect in the mirror in front of him Soon he begins to place a more granular look to the person in the mirror realizing that love is less about fleeting passion and more about growing and evolving plural than singular There are also subtle poems to how he finds himself in nature and where he fits into the grand scheme of things Whether its a simple walk on a beach or fields of meadows he seems to carry his thoughts of love with him like lint to a pocket
