When Music Goes to School Danette Littleton, 2015-09-04 Experts in child psychology and pedagogy concur that how children are schooled today seriously conflicts with how they learn and develop Children are being left behind and the promises and possibilities of childhood are slipping away This book aims to disclose a deeper understanding of music's importance in children's lives and their need to know explore wonder and play Directed toward music teachers teacher educators and scholars this text invites inquiries and provides insights into contemporary challenges to learning and teaching in an era of standardization A compendium of essays classroom voices and vignettes is supported by relevant research in music education and companion disciplines in psychology philosophy and sociology Storytelling with scholarship contributes authenticity and strengthens the premise of this book *Music Learning and Teaching in Infancy, Childhood, and Adolescence* Gary McPherson, Graham Welch, 2018-04-26 Music Learning and Teaching in Infancy Childhood and Adolescence is one of five paperback books derived from the foundational two volume Oxford Handbook of Music Education Designed for music teachers students and scholars of music education as well as educational administrators and policy makers the second book in this set explores a broad array of key issues concepts and debates related to music learning and teaching in three phases of a child's development The first section provides an expanded view of infancy and early childhood embracing a key theme that most young children's early music making is improvised and used to communicate with others and the self These chapters demonstrate the importance of motherese or parentese to young children's overall development the extraordinary diversity and richness of children's early musical engagement and how this can be viewed as a resource for further learning The second section is devoted to the learning and teaching of music during the middle years of childhood when music is often a mandated part of the school curriculum While recognizing the enormous cultural and national differences chapters in this section give an overview of many varied and innovative forms of musical learning and teaching globally The authors address issues related to the types of teachers who provide music instructions to children internationally how they were educated and trained and how various nations organize their curriculum in ways that provide children with access and opportunities to engage with music in the classroom The third section focuses on the musical experiences and development of adolescents aged 12 to 18 These chapters explore the role of music in the lives of young people including how they use and relate to music how music educators can best meet students' needs and the types of musical engagement that can either empower or disempower students through involvement in school music Contributors Mayumi Adachi Randall Everett Allsup Janet R Barrett Margaret S Barrett Brydie Leigh Bartleet Lily Chen Hafteck Richard Colwell Sharon G Davis George M DeGraffenreid Steven C Dillon Magne I Espeland Martin Fautley Eve Harwood Lee Higgins Beatriz Ilari Neryl Jeanneret Chee Hoo Lum Stephen Malloch Esther Mang Kathryn Marsh Gary E McPherson Oscar Odena Chris Philpott S Alex Ruthmann Eric Shieh Gary Spruce Johannella Tafuri Sandra E Trehub Colwyn Trevarthen Kari K Veblen Graham F Welch Heidi Westerlund Jackie Wiggins Ruth Wright Susan Young **Music Talks with Children**

Thomas Tapper, 2019-11-20 *In Music Talks with Children* Thomas Tapper presents an engaging exploration of the intersection between music and childhood employing an approachable literary style that blends anecdotal narrative with pedagogical insights. The book is richly illustrated and infused with lively dialogues capturing the essence of musical engagement in early education. Tapper articulates how music serves as a vital tool for childhood development enabling children to enhance their cognitive abilities, emotional intelligence, and social skills while fostering creativity. This work finds its context amid the early 20th century progressive education movement which emphasized experiential learning and the inclusion of the arts in the curriculum. Thomas Tapper, an influential music educator and composer, was driven by a deep belief in the transformative power of music. His extensive background in teaching and composing for children renders him uniquely qualified to write this book. Tapper's experiences in the classroom illuminate his understanding of how music resonates with young minds, establishing a foundation for lifelong appreciation and understanding of the art form. His commitment to the integration of music into educational settings speaks volumes about his vision for nurturing future generations. *Music Talks with Children* is an essential read for educators, parents, and anyone invested in child development. Tapper's pioneering approach offers insightful strategies for incorporating music into everyday learning, making this book an invaluable resource for fostering a rich artistic environment. Explore the transformative impact of music on young lives and discover methods to amplify this art in your own educational practices.
