**Helping Pupils with Autistic Spectrum Disorders to Learn** Mary

Pittman,2007-08-22 The reader can gain a good overall understanding of autism and the issues which arise in teaching and learning across the spectrum but can also focus on and apply sections of the book which are specific to his or her own situation I feel that this book is relevant to all school staff involved in educational planning for children who have autistic spectrum disorders REACH The reader will be left feeling challenged to rethink the learning experience of the child with ASD in their class more clearly attuned to the child s voice and with an armful of ideas to try out in the classroom TES Website Are you looking for caring and creative ways to support pupils on the Autistic Spectrum By encouraging everyone to view the triad of impairment as a triad of opportunity this book gives the reader guidance on how to become an autism friendly professional With chapters on structuring a meaningful classroom understanding and improving behaviour and looking at transition through the eyes of pupils on the spectrum the book provides valuable insights gained from the author s many years of practice The book includes visual resources for supporting learning and behaviour photocopiable activities for staff training excercises practical ideas to try out in your setting case studies to illustrate best practice answers to frequently asked questions This is an essential read for all teachers in mainstream and special schools and everyone who supports pupils on the autistic spectrum

*Living with Autistic Spectrum Disorders* Elizabeth Attfield,Hugh Morgan,2006-11-15 The layout and presentation of the material are very user friendly and the book is therefore easy to read Those with less direct experience of living or working with children who are autistic including teachers and learning support assistants who require some help in appreciating the complex range of behaviours and responses such children present will find this little book illuminating Support for Learning This is a really practical tool the structure of the book is clear and uncomplicated for the reader to access This book is based on a wealth of experience of working closely both with individuals with Autism and their families It will be a revelation to professionals interested in this area and a comfort to carers who live the experience Most importantly it reminds us of the barriers to positive parent professional partnership and challenges us to build supportive bridges to effective intervention for the individual with Autism Autism NI PAPA was created out of such a dynamic approach and therefore welcomes this significant commentary on this critical issue By giving a concise account of what life may be like following the diagnosis of autistic spectrum disorders ASDs in the family this book examines service provision at different stages and provides information for parents carers and practitioners Arlene Cassidy Chief Executive Autism NI Parents want

support and advice during and after a diagnosis of ASDs and professionals want to be able to give the right answers This book will meet the needs of both Issues dealt with include how to help the family how to help brothers and sisters preparing children with ASDs for the world outside keeping expectations high how to work together with schools and other agencies finding community links In my view it would be a good read for relatives friends and teachers in training to enable them to understand many of the issues associated with children who have an autism spectrum disorder ASD It points up the various facets of having and living with a child with autism as far as possible from a positive point of view The authors from their obvious extensive experience have identified many problems and circumstances that parents carers are likely to meet and that can be tackled in a wide variety of ways The book is designed to raise these for consideration and this it does well
