The Contemplative Mind in the Scholarship of Teaching and Learning Patricia Owen-Smith, 2017-12-11 In *The Contemplative Mind in the Scholarship of Teaching and Learning* Patricia Owen Smith considers how contemplative practices may find a place in higher education By creating a bridge between contemplative practices and the Scholarship of Teaching and Learning SoTL Owen Smith brings awareness of contemplative pedagogy to a larger audience of college instructors while also offering classroom models and outlining the ongoing challenges of both defining these practices and assessing their impact in education Ultimately Owen Smith asserts that such practices have the potential to deepen a student s development and understanding of the self as a learner knower and citizen of the world

Contemplative Pedagogies for Transformative Teaching, Learning, and Being Jing Lin, Tom E. Culham, Sachi Edwards, 2019-11-01 In our current systems of education there is a trend toward compartmentalizing knowledge standardizing assessments of learning and focusing primarily on quantifiable and positivist forms of inquiry Contemplative inquiry on the other hand takes us on a transformative pathway toward wisdom morality integrity equanimity and joy Zajonc 2009 These holistic learning practices are needed as a counterbalance to the over emphasis on positivism that we see today In addition to learning quantifiable

information we also need to learn to be calmer wiser kinder and happier This book aims to find and share various pathways leading to these ends This book will describe educational endeavors in various settings that use contemplative pedagogies to enable students to achieve deep learning peace tranquility equanimity and wisdom to gain new understanding about self and life and to grow holistically Embodiment is a central concept in this book We hope to highlight strategies for exploring internal wisdoms through engaging ourselves beyond simply the rational mind Contemplative pedagogies such as meditation yoga tai chi dance arts poetry reflective writing and movements can help students embody what they learn by integrating their body heart mind and spirit The Wiley Handbook of Sustainability in Higher Education Learning and Teaching Kelum

Wood, Sarah Yardley, 2017-07-10

ABC of Learning and Teaching in Medicine is an invaluable resource for both novice and experienced medical teachers It emphasises the teacher's role as a facilitator of learning rather than a transmitter of knowledge and is designed to be practical and accessible not only to those new to the profession but also to those who wish to keep abreast of developments in medical education Fully updated and revised this new edition continues to provide an accessible account of the most important domains of medical education including educational design assessment feedback and evaluation The succinct chapters contained in this ABC are designed to help new teachers learn to teach and for experienced teachers to become even better than they are Four new chapters have been

added covering topics such as social media quality assurance of assessments mindfulness and learner supervision Written by an expert editorial team with an international selection of authoritative contributors this edition of ABC of Learning and Teaching in Medicine is an excellent introductory text for doctors and other health professionals starting out in their careers as well as being an important reference for experienced educators *Mindfulness and Learning* Terry Hyland, 2011-08-21 In recent decades education at all levels has been seriously impoverished by a growing obsession with standards targets skills and competences According to this model only a circumscribed range of basic cognitive skills and competences are the business of education whose main role is to provide employability credentials for people competing for jobs in the global economy The result is a one dimensional economistic and bleakly utilitarian conception of the educational task In *Mindfulness and Learning Celebrating the Affective Dimension of Education* Terry Hyland advances the thesis that education stands in need of a rejuvenation of its affective function the impact it has on the emotional social moral and personal development of learners Drawing on the Buddhist conception of mindfulness he advances a powerful argument for redressing this imbalance by enhancing the affective domain of learning *Mindfulness and Learning Celebrating the Affective Dimension of Education* shows how the concept and practice of mindfulness non judgmental present moment awareness and experience can enrich learning at all levels Mindfulness thus contributes to the enhanced achievement of general educational goals and helps remedy the gross deficiency of the affective emotional aspects of contemporary theory and practice The author outlines a mindfulness based affective education MBAE programme and shows how it might be introduced into educational provision from the early years to adult education with a view to harmonising the cognitive affective balance across the system

Mindfulness and Educating Citizens for Everyday Life Malgorzata Powietrzynska, Kenneth Tobin, 2016-07-23 *Mindfulness and Educating Citizens for Everyday Life* invites readers to explore the role mindfulness can play in mediating how we enact social life in today s increasingly challenging and challenged world The educators and researchers who have contributed to this book use mindfulness as a lens to address and untangle what is becoming a profoundly complicated way of being within the reality of global capitalism Education is framed broadly the research transcends the walls of classrooms and includes museums nursing homes hospitals AA meetings and homes Hence the chapters feature participants occupying varied social positions and spaces that may be situated in different parts of the globe The authors address two overarching and dialectically related themes of mindfulness and wellness and collectively the chapters expand possibilities for readers to act mindfully in a world in which wellness and wellbeing are pervasive concerns as a fragile Earth adapts to a dynamic flux of human led changes that threaten the future of lifeworlds that support humanity and myriad species that face extinction The authors do not offer oversimplified solutions to dramatically switch direction and preserve life as we have known it Instead the ideas that emerge from the research presented in this volume expand possibilities for informed conduct self help and educating citizens with a goal of individuals and collectives transforming lifeworlds by embracing mindfulness saturated

ontologies *Meditation in Schools* Clive Erricker, Jane Erricker, 2001-03-01 This introduction to meditation in education is written as a resource for class teachers and educators as a practical guide Parents will also find it valuable though its main focus is in using meditation in schools The purpose of the book is to inspire and to provide concise practical and general information and techniques that can be considered and explored before introducing primary or secondary students to meditative experience Meditation in schools covers such topics as o information on schools where meditation is practiced and the perceived results o issues and concerns involved with introducing meditation in schools o the relationship between mediation and other relaxation quieting techniques o experiential learning and a holistic approach to education This essential guide is written from the contributors personal and professional practice experience and emphasizes how meditation can contribute to the school environment and to the curriculum as well as developing the positive potential of students hearts and minds It includes a useful section on further reading **Teaching, Learning, and Loving** Daniel P.
