Ruminski, Annette Holba, 2012-01-01 Communicative Understandings of Women's Leadership Development From Ceilings of Glass to Labyrinth Paths edited by Elesha L Ruminski and Annette M Holba intertwines the disciplines of communication studies leadership studies and women's studies to offer theoretical and practical reflection about women's leadership development in academic organizational and political contexts Women's leadership development exists at the intersection of consciousness raising communication competence and education to increase one's knowledge and practice of leadership which makes the weaving together of these three disciplines important Thus Communicative Understandings of Women's Leadership Development claims a space for women's leadership studies and acknowledges the paradigmatic shift from discussing women's leadership using the glass ceiling phenomenon to what Eagly and Carli 2007 identify as the labyrinth of leadership Recognizing this metaphoric shift is crucial because many women now develop leadership amid the postmodern flux of organizational change hierarchical top down systems are being eroded in lieu of transformational collaborative even improvisational leadership processes Women's leadership studies is emerging as a fruitful interdisciplinary area that reframes the debate about whether we live work and learn within a third wave feminist or post feminist context While this area might include feminist theorizing it also might not emphasize such epistemologies For this reason Ruminski and Holba's edited collection explores and highlights a variety of feminist and non feminist intersections and is thus an important and timely contribution to both marking where we are with women's leadership development in higher education and how women can further develop themselves as leaders **Proceedings of the Sixth International Conference on Language, Literature, Culture, and Education (ICOLLITE 2022)** Nuria Haristiani, Yulianeta Yulianeta, Yanty Wirza, Wawan Gunawan, Ari Arifin Danuwijaya, Eri Kurniawan, Dante Darmawangsa, Suharno Suharno, Nia Nafisah, Ernie Dyah Imperiani, 2023-02-10 This is an open access book The rapid advancement of technology has created new civilization in this digital era which affects almost all aspects of life including language literature culture and education The digital era brings opportunities as well as challenges that people have to deal with Thus some adjustments need to be done in order to keep up with those changes Studies on language literature culture
