Teaching Strategies For Constructivist And Developmental Counselor Education

Karen Eriksen, Garrett McAuliffe

Teaching Strategies For Constructivist And Developmental Counselor Education:

Teaching Strategies for Constructivist and Developmental Counselor Education Garrett McAuliffe, Karen Eriksen, 2001-12-30 An urgent need exists for a guide to innovative mental health education Despite the hundreds of programs in existence for training students in counseling human services social work and psychology teachers in such programs have relied on an informal network of information exchange to guide their teaching practice Yet constructivist and developmental theories now point to sound innovative practices for teaching This volume delineates some of those practices The authors take the position that despite years of research on effective adult education university teaching fails in practice to incorporate research supported teaching principles Current university instruction is still dominated by the teacher as authority model in which he or she downloads information from the front of the class and expects students to regurgitate it in papers and on exams This book seeks to counter the limitations of these often unquestioned methods The social constructionist and constructive developmental paradigms undergird the descriptions of counselor preparation strategies offered in this book Such strategies are characterized by the themes of meaning making collaboration equality and activity in the learning environment

Handbook of Counselor Preparation Garrett McAuliffe, Karen Eriksen, 2011 This definitive single volume guide is the first of its kind on teaching and developing counselor educator programs that embrace constructivist and developmental theory Leading scholars and experts offer practical advice on teaching courses in every area of counseling practice As a result the book is ideal for current and future counselor educators and supervisors as well as faculty in other helping professions The authors seek to inspire educators to empower and involve to risk losing control over subject matter to hear student voices to pose dilemmas and to challenge their own assumptions in the presence of their students using constructivist developmental and experiential thinking and strategies

Handbook of Counselor Preparation Garrett McAuliffe, Karen Eriksen, ACES, 2010-12-01 Published in cooperation with the Association of Counselor Education and Supervision ACES This definitive single volume guide is the first of its kind on teaching and developing counselor educator programs that embrace constructivist and developmental theory Leading scholars and experts offer practical advice on teaching courses in every area of counseling practice As a result the book is ideal for current and future counselor educators and supervisors as well as faculty in other helping professions The authors seek to inspire educators to empower and involve to risk losing control over subject matter to hear student voices to pose dilemmas and to challenge their own assumptions in the presence of their students using constructivist developmental and experiential thinking and strategies Dear Instructors Sage and ACES are pleased to announce that we together have published the first comprehensive guide to educating future counselors in the form of the Handbook of Counselor Preparation Constructivist Developmental and Experiential Approaches which has been co edited by Garrett McAuliffe and Karen Eriksen with contributions from leading counselor educators from two countries In this book you will find rich accessible guides to teaching in general and to

teaching specific courses in the counseling curriculum From foundations in constructivist teaching including guides to the seminal works of Dewey and Kohlberg to suggestions for teaching and student evaluation practices the Handbook will function as the fundamental text for your course We hope you will adopt this first of a kind text for this course Sage Publications Inc ACES Garrett McAuliffe and Karen Eriksen Pedagogy in Practice: Theoretical Frameworks, Instructional Strategies, and Contextual Influences Rajendra Kumar Shah, 2025-03-11 Teaching is an inherently intricate intellectually demanding and multifaceted endeavor Since antiquity eminent educational philosophers from Socrates and Plato to contemporary scholars have engaged in profound discourse on optimizing pedagogical effectiveness With the institutionalization of formal education teaching predominantly evolved within a teacher centered paradigm a model that continues to exert considerable influence in educational settings However mounting critiques of this approach have catalyzed the advancement of learner centered pedagogy Notably Rousseau s advocacy for child centered pedagogy served as a pivotal foundation for subsequent theoretical and practical developments in learner centered pedagogy Consequently efforts are underway to integrate this paradigm to varying degrees into educational systems across the globe During the 1970s the field of education witnessed the emergence of groundbreaking intellectual discourses that critically examined various dimensions of formal education including its objectives pedagogical frameworks curricular structures and assessment methodologies This period also marked the growing recognition of education as an inherently political enterprise inseparable from broader sociopolitical dynamics Within this context the distinguished educational theorist Paulo Freire conducted a profound critique of conventional education systems characterizing them as the banking model of education He vehemently opposed traditional instructional practices advocating instead for a critical and emancipatory pedagogical approach designed to facilitate societal transformation The teaching learning process can be categorized into teacher centered learner centered and transformation centered approaches each with distinct philosophical underpinnings and pedagogical implications However a significant gap persists in the availability of comprehensive scholarly resources that facilitate an in depth assessment of these pedagogical paradigms How can teacher centered pedagogy be refined to optimize its efficacy Despite its emphasis on active engagement learner centered education has also been subject to critique how can its limitations be systematically addressed to enhance instructional effectiveness Furthermore what constitutes transformative education and how can it be meaningfully integrated into classroom practice These questions are of paramount significance to educators parents students educational administrators and curriculum developers This book endeavors to explore these critical themes with the aspiration that it will provide valuable insights to its readers however modest the impact may be **Beyond the DSM Story** Karen Eriksen, Victoria E. Kress, 2004-10-12 Beyond the DSM Story presents challenges to the Diagnostic Statistical Model DSM system from ethical and cultural perspectives critically evaluating its fit with other professional and theoretical orientations It offers possible solutions or best practices for addressing ethical theoretical and contextual quandaries along with

experiential activities that challenge the reader to think critically about both the problems and the solutions associated with DSM diagnosis Beyond the DSM Story presents an atheoretical model for incorporating alternative models with DSM assessment Instructors students and practitioners will benefit from this critical appraisal of the DSM Teaching Counselors and Therapists Karen Eriksen, Garrett McAuliffe, 2001-08-30 A guide to innovative mental health education is urgently needed Despite the hundreds of programs in existence for training students in counseling human service social work and psychology teachers in such programs have relied on an informal network of information exchange to guide their teaching practice Yet constructivist and developmental theories now point to sound innovative practices for teaching This volume delineates those practices Despite years of research on effective adult education university teaching fails in practice to incorporate research supported teaching principles Current university instruction is still dominated by the teacher as authority The teacher downloads information from the front of the class and expects students to regurgitate it in papers and on exams The authors offer a different vision of classrooms that are characterized by the themes of meaning making collaboration equality and activity in the learning environment *Skill Development in Counselor Education* Joy S. Whitman, Laura R. Haddock, 2018-09-05 Skill Development in Counselor Education provides counselor educators in training with a variety of materials and suggestions to assist in building fundamental skills Templates activities and quizzes guide educators in developing their identities and teaching philosophies developing engaging curricula teaching cultural and technological competence and dealing with complex ethical issues in the classroom The book also covers a variety of practical topics related to seeking a faculty position or navigating an academic appointment including writing a CV and cover letter preparing for interviews and navigating the tenure process *Teacher Empowerment Toward Professional Development and Practices* Ismail Hussein Amzat, Nena P. Valdez, 2017-04-22 This book gathers a range of contributions from researchers and practitioners across borders with an emphasis on theoretical arguments and empirical data concerning teacher empowerment It propels readers to explore powerful teaching practices that can further advance the profession as a continuing priority in the system when appropriately utilized Further it strives to capture teachers readiness to improve their professional skills and responsive practices as a form of accountability for their teaching and students learning two aspects that are increasingly being judged by various stakeholders The book argues that teachers autonomous participation and engagement in relevant decision making activities and equitable access to continuing professional development opportunities are and should remain major priorities *Youth at Risk* David Capuzzi, Douglas R. Gross, 2014-11-21 In the latest edition of this best selling text David Capuzzi and Douglas Gross along with 24 experts in the field provide a prevention intervention paradigm to address contemporary issues facing today s youth Written from a systemic perspective this book offers guidance in helping teens who are struggling with the complex challenges that can be brought on by peers family members and difficult social environments Part 1 presents information on at risk population identification causal factors of problematic

behaviors and promotion of resiliency in youth Part 2 examines the development of at risk behaviors relating to dysfunctional family dynamics low self esteem depression mood disorders and stress and trauma Part 3 explores the behaviors most often identified as placing youth at risk such as eating disorders suicidal preoccupation teen sexuality gang membership school violence substance abuse homelessness school dropout and bullying as well as the unique strengths of and stressors faced by multiracial and LGBTQ youth Case studies illustrate prevention efforts from individual family school and community perspectives and text sidebars create greater reader self awareness and enhance the understanding of the concepts skills and applications of the chapter material A complimentary test manual and PowerPoint slides for instructors use are available by written request to ACA Requests for digital versions from the ACA can be found on wiley com To request print copies please visit the ACA website here Reproduction requests for material from books published by ACA should be directed to permissions counseling org

Discursive Perspectives in Therapeutic Practice Andrew Lock, Thomas Strong, 2012-04-05

Psychotherapy is inherently discursive yet only recently has the role that discourse plays in therapy been recognized as a focus in itself for analysis and intervention *Discursive Perspectives in Therapeutic Practice* presents a overview of discursive perspectives in therapy along with an account of their philosophical underpinnings
