People Training for Good Dogs Melissa Berryman, 2013-03-06 Imagine your reaction if your child's friend grabs the remote control of the TV you are watching and changes the channel and then later does it again We instantly recognize this behavior as wrong and correct it When humans break dog rules and they correct us we ignore our insubordinate actions and default to blaming the dog Former animal officer Melissa Berryman has witnessed how devastating the effects society's entrenched beliefs regarding dog behavior and temperament can be that good behavior can be purchased that an owner's handling ability doesn't matter that human behavior and the situations in which the dog is

placed are insignificant Berryman shows how analyzing situations and contexts can stop the cycle of preventable incidents Written with humor and compassion People Training for Good Dogs offers insight into the impact that human behavior and understanding have on our relationships with dogs By working with core canine social and behavioral drives Berryman provides owners with sound techniques that focus on safety and can help protect their liability in today's world This is the new Bible for all dog owners It will truly help you have the best relationship with yours and all dogs Katie Riopel dog trainer and host of Katie K9

Effective Options Regarding Spay or Neuter of Dogs Lynette Arnason Hart, Benjamin Hart, Michelle Anne Kutzler, Kathryn Nattrass Atema, 2024-07-12 In recent decades spay or neuter of dogs including early age spay neuter has become a common practice in the United States intended primarily to reduce overpopulation and therefore relinquishment of dogs to animal shelters and humane societies Neutering dogs prior to adoption is even in some localities a legal requirement However recent research has called into question the common wisdom of mandatory and indiscriminate

spay neuter An important welfare issue is that for some canine breeds neutering is associated with heightened levels of musculoskeletal disorders and or certain cancers while for others no adverse effects of neuter status on diseases are evident Adverse consequences of early neutering can be particularly troubling for the breeds most often used in working or assistance roles shortening the working lives of these extensively trained dogs e g Golden Retrievers Labrador Retrievers and German Shepherds It must also be considered that in many countries outside of the United States dog populations are not routinely sterilized and in some cases maintain low rates of dog relinquishment In other cases where street dog populations are prevalent results of long term sterilization program are mixed as to their success in preventing or reducing street dog populations It is clear that reproduction is not the sole cause of dog relinquishment and that an outsized focus on sterilization can inhibit efforts to protect animals and in some cases be harmful to them These issues raise questions regarding legal implications adoption and methods of controlling reproduction This Research Topic seeks to provide a scholarly forum addressing the numerous contexts and complexities including cultural and legal issues related to spay and neuter of dogs collapse
