**The Roots of Equality** Lantz Miller,2023-07-31 For centuries thinkers have grappled with the mystery of how humans first formulated the notion of equality The species is quite territorial and according to history has demonstrated a violent streak How could such a creature have developed the peaceful impulse to ensure everyone gets their fair share Some have surmised that equality was a last gasp measure the guarantee of peace to avert self annihilation However a closer examination of the phenomenon across the existence of Homo sapiens illuminates a naturalistic solution to the puzzle Lantz Miller traces the early advancements of our species to argue that rather than concocting equality to forestall self annihilation it was forged through a lived condition of freedom over hundreds of thousands of years Bringing together insights from both philosophy and anthropology The Roots of Equality Anthropological and Normative Sources investigates how our foraging ancestors came to thrive in egalitarian communities without sacrificing autonomy along the way

Goethe Proust Lampedusa and Mahfouz Foster provides an interlocking series of cross cultural readings ranging from nineteenth century Germany France and Italy through the rise of modernist fiction and the crisis of World War II to the growth of a worldwide literary outlook from 1960 onward He emphasizes Tolstoy s writings with the most consistent international resonance War and Peace and Anna Karenina two of the world s most compelling novels Transnational Tolstoy also discusses a shorter work Hadji Murad It shares the earlier novels historical sweep social breadth and subtle interplay among a large cast of characters Along with bringing Tolstoy s gifts to bear on a Muslim protagonist it also represents his most sustained attempt at world literature

**Theatre and Community** Emine Fisek, 2019-05-25 This important contribution to the Theatre And series explores what the possibilities and limits of community contribute to our understanding of theatre and what theatrical practice and representation reveal about the tensions inherent in community settings Drawing on case studies from wide ranging locations from the Middle East to Latin America and South Asia the text underlines the plurality of meanings associated with community as well as the plurality of ways that theatre has engaged with those meanings Interdisciplinary in its reach this is the ideal companion for students of theatre and performance studies with an interest in applied theatre or performance in communities

**Dual Allegiance** Moshe Gresser, 2012-02-01 Using Freud s correspondence this book argues that his Jewishness was in fact a source of energy and pride for him and that he identified with both Jewish and humanist traditions Gresser presents an extended analysis of Freud s personal correspondence Arranged in chronological order the material conveys a vivid sense of Freud s personal and psychological development Close reading of Freud s letters with frequent attention to the original German and its cultural context allows Gresser to weave a fascinating story of Freud s life and Jewish commitments as seen through the words of the master himself The book culminates in an extended discussion of Freud s last and most deliberately Jewish work Moses and Monotheism Gresser thus initiates a discussion about modern Jewish identity that will be of interest to anyone concerned about questions of the relationship between tradition and modernity and between the particular and the universal that moderns struggle with in the search for authenticity

**Dramatizations of Social Change: Herman Heijermans' Plays as Compared with Selected Dramas by Ibsen, Hauptmann and Chekhov** Hilda van Neck Yoder, 2013-11-11 Herman Heijermans 1864 1924 was convinced that he lived in an overgangs 1 tijdperk a transitional period As a young man in the eighteen nineties he rejected those values and life styles which he felt belonged to the past period dominated by the bourgeoisie and sought out situations and a profession which would attune him to the future when he hoped the proletariats 2 would be in power He left the conservative business milieu of Rotterdam in 1892 and went to Amsterdam then teeming with radical ideas At first Heijermans was attracted to a group of poets de tachtigers who were claiming to have enlivened the stale tradition of Dutch poetry by discovering language and beauty in a totally new way but soon he felt them to be elitist Then in 1895 he became a member of the newly founded Dutch Social Democratic Workers Party He alienated himself from the literary circles by

claiming that art should be socialistic and by rejecting the class separation between artists and workers He felt himself to be one with the proletariat and through them with The New Life and The New Humanity Stimulated by the ongoing theater revival which he interpreted as an attempt to challenge the bourgeois smugness and moral self righteousness he had started to write plays before becoming interested in the Socialist Party      **Chicorel Theater Index to Plays in Anthologies, Periodicals, Discs, and Tapes** Marietta Chicorel,1972      *The Cambridge Companion to Arthur Miller* C.
