Max Euwe's Best Games Jan Timman,2022-05-22 World Chess Champion Max Euwe who held the title from 1935-1937 is one of the greatest chess players in history Much has been written about him and he authored dozens of books himself But missing was an outstanding collection of games of this efficient man eating tiger as the American grandmaster Reuben Fine once called Euwe Max Euwe's Best Games fills this gap And it couldn't have been written by anyone else than Euwe's successor in Dutch chess Jan Timman World Chess Champion finalist and arguably one of the leading chess analysts of our time This book offers eighty of Max

Euwe's games annotated with great clarity starting in his early twenties when he worked his way to the world top up until his late seventies when he was still a force to be reckoned with. It is incredible how high Euwe's level of play was for over fifty years and how attractive his attacking style was. Timman made many discoveries in Euwe's best and most famous games but has also unearthed several lesser known brilliancies. Some interesting paradoxes are addressed along the line. For example although he was an amateur almost his entire life Euwe was better versed in opening theory than most of his top level opponents. Although he was the underdog he beat the mighty Alexander Alekhine in an epic World Championship Match in 1935. At 52 he could still beat top players like Geller and Najdorf with fantastic attacking play in the Zurich Candidates Tournament. And when he was over seventy he was still highly dangerous for the new upcoming Dutch generation. This game collection of an often underrated World Champion analysed by top grandmaster Jan Timman is a must have for anyone interested in World Championship chess.

Men and Women Writers of the 1930s Janet Montefiore, 2003-09-02. Men and Women Writers of the 1930s is a searching critique of the issues of memory and gender during this dynamic decade. Montefiore asks two principle questions: what part does memory play in the political literature of and about 1930s Britain? And what were the roles of women both as writers and as signifying objects in constructing that literature? Montefiore's topical analysis of 1930s mass unemployment, fascist uprising and appeasement is shockingly relevant in society today. Issues of class, anti-fascist historical novels, post-war memoirs of Auden generation writers and neglected women poets are discussed at length. Writers include George Orwell, Virginia Woolf, W. H. Auden, Storm Jameson, Jean Rhys, Rebecca West.

The Full English Opening Carsten Hansen, 2018-07-20. The English Opening 1 c4 is a popular choice at both club and master level because it is a chess opening that suits all styles. As White you can play aggressively or opt for a more modest strategic approach depending on what kind of middlegame positions you are looking for. The opening will serve you well in any mood against any type of opponent in any tournament situation. For a club player who wants to reap the benefits of this multipurpose opening, understanding is much more important than deep theoretical knowledge. The Full English Opening is the first one volume book that covers all variations. Carsten Hansen dedicates special attention to the transition into the early middlegame. You will learn how to define specific plans, lay out a strategic goal and find positional and tactical targets. Supported by examples and exercises you will be able to enjoy the greatest asset of the English Opening: its versatility.

Alexander Alekhine's Best Games Alexander Alekhine, 2011-12-23. Alekhine's games and writings inspired me from an early age. I fell in love with the rich complexity of his ideas at the chessboard. I hope readers of this book will feel similarly inspired by Alekhine's masterpieces. From the foreword by Garry Kasparov: Alexander Alekhine captivated the chess world with his dazzling combative play. His genius has been a strong influence on every great player since none more so than Garry Kasparov. This book contains a selection of the very best of Alekhine's annotation of his own games converted to algebraic notation by John Nunn. These games span his career from the early encounters with Lasker, Tarrasch and Rubinstein.

through his world title battles to his meetings with the new generation of players who were to dominate chess in the 1950s

An Attacking Repertoire for White with 1.d4 Viktor Moskalenko, 2019-08-12

Viktor Moskalenko is one of the leading chess instructors of our time. Not only has he coached Masters and Grandmasters including Ukrainian star Vasily Ivanchuk, he has also taught hundreds of classes for amateurs and his best-selling books have inspired thousands of ambitious club players all over the world. Moskalenko's previous and highly popular chess opening books were mainly written for the Black pieces. Now he presents an extremely powerful set of lines for White. The guiding principle of his 1. d4 repertoire is to be bold and put pressure on your opponent as early as possible. Moskalenko does not shower you with long computer-generated variations but has a keen eye for the essence of positions. His talent to find new resources in well-known lines results in a host of novelties, daring recommendations and cunning tricks. When you play his lines and follow his recommendations, you will frequently surprise your opponent and build up positions full of swing.

Studying An Attacking Repertoire for White with 1. d4 is a delight because this is a typical Moskalenko book: practical, accessible, original and inspiring.
