Sleeping on a Wire David Grossman, 2003-04-19 Based on conversations with Palestinians in Israel David Grossman's *Sleeping on a Wire* like *The Yellow Wind* is essential reading for anyone trying to understand the Middle East today Israel describes itself as a Jewish state What then is the status of the one fifth of its citizens who are not Jewish Are they Israelis or are they Palestinians Or are they a people without a country How will a Palestinian state if it is established influence the sense of belonging and identity of Palestinian Israeli citizens No other Israeli writer so far has approached this touchy subject with such compassion or looked at it with so to speak bifocal eyes Israeli and Palestinian Amos Elon *The New York Review of Books* Postzionism Laurence Jay Silberstein, 2008 Reading Postzionism an introduction Laurence J Silberstein The new historiography Israel confronts its past Benny Morris Land labor and the origins of the Israeli Palestinian conflict 1882 1914 Gershon Shafir Introduction to The Palestinian People A History Baruch Kimmerling and Joel S Migdal Postzionism studies of Israel the first decade Uri Ram The identity of the victims and the victims of identity a critique of Zionist ideology for a Postzionist age Adi Ophir Academic history caught in the cross fire a case of Israeli Jewish historiography Baruch Kimmerling Ethnocracy the politics of Judaizing Israel Palestine Oren Yiftachel A first step in a difficult and sensitive road preliminary observations on Qaadan v Katzir Alexandre Sandy Kedar Save as Jerusalems Ariella Azoulay Hebrew in an Israeli Arab hand six miniatures on Anton Shammas's Arabesques Hannan Hever At half mast myths symbols and rituals of an emerging state a personal testimony of an Israeli Arab Anton Shammas Arab citizens of Palestine little to celebrate Azmi Bishara Rupture and return Zionist discourse and the study of Arab Jews Ella Shohat History begins at home Yehouda Shenhav A Mizrahi call for a more democratic Israel Pnina Motzafi Haller Body and territory women in Israeli cinema Orly Lubin Introduction to Beyond flesh queer masculinities and nationalism in Israeli cinema Raz Yosef The construction of lesbianism as nonissue in Israel Erella Shadmi Diaspora generation and the ground of Jewish identity Daniel Boyarin and Jonathan Boyarin From diaspora Jews to new Jews Caryn Aviv and David Shneer The charge of anti-Semitism Jews Israel and the risks of public critique Judith Butler Debating Islam in the Jewish State Alisa Rubin Peled, 2012-02-01 Using declassified documents from Israeli archives Alisa Rubin Peled explores the development implementation and reform of the state's Islamic policy from 1948 to 2000 She addresses how Muslim communal institutions developed and whether Israel formulated a distinct Islamic policy toward shari'a courts waqf charitable endowments holy places and religious education Her analysis reveals the contradictions and nuances of a policy driven by a wide range of motives and implemented by a diverse group of government authorities illustrating how Israeli policies produced a co-opted religious establishment lacking popular support and paved the way for a daring challenge by a grassroots Islamist Movement since the 1980s As part of a wider debate on early Israeli history she challenges the idea that Israeli policy was part of a greater monolithic policy toward the Arab minority **From Slumber to Awakening** Mishael Caspi, Jerome David Weltsch, 1998 *From Slumber to Awakening* argues that when

investigating the cultural and historical predicament of segments of any society a close examination of the literal expression of the people is necessary to understand their human condition better To accomplish this the individual psyches of authors and poets must be delved into and in this case was accessed through personal interviews This study approaches the unique social position of the Arab Israelis through an exploration of culture and history The examination of the literature itself begins with Israeli literature from the broad perspectives of both the prose and poetry forms and then moving into the literature and literati themselves one by one exploring the lives of the writers while superimposing their human experiences with the expressions and stories of their creative works This examination along with the interviews defines the Arab Israeli minority as a group while also comparing them to Jewish Israeli writers who are close to the Arab Israeli situation

Nationalism and the Politics of Fear in Israel Cathrine Thorleifsson, 2015-07-31 Kiryat Shmona located near the Israeli Lebanese border often makes the news whenever there is an outbreak of violence between the two countries In Israel's northernmost city the residents are mostly Mizrahim that is Jews descending from Arab and Muslim lands Cathrine Thorleifsson uses the dynamics at play along this border to develop wider conclusions about the nature of nationalism identity ethnicity and xenophobia in Israel and the ways in which these shift over time and are manipulated in different ways for various ends She explores the idea of being on the periphery of nationhood examining the identity forming and negotiating processes of these Mizrahim who do not neatly dovetail with the predominantly Ashkenazi concept of what it means to be Israeli Through in depth ethnographic observation and analysis Thorleifsson highlights the daily negotiation of Moroccan and Persian Jewish families who define themselves in opposition to Ashkenazi Jews from Russia and Central and Eastern Europe and the Druze Christian and Muslim Arab populations which surround them But this is not just an examination of differences and stereotypes which are continually perpetuated Instead Thorleifsson highlights the instances of inter marriage between Mizrahi and Ashkenazi Jews and what this means for the high politics of nationalist narratives as well as the everyday aspect of family dynamics But having done so she does also acknowledge that many of Israel's laws which deal with ethnic identity do result in discrimination and daily exclusion against a large number of its citizens something which reflects the ethnocratic character of the state By including all of these different aspects of the daily negotiation of identity in a northern town in Israel Thorleifsson offers a frank and balanced account of the nature of state nationalism and the people who are affected by it Covering an interesting aspect of Israeli society which is often overlooked this account of relations between both Ashkenazi and Mizrahi Jews and those between Mizrahi Jews and Palestinians is an important contribution to the study of Israeli and Middle Eastern societies

Healing the Soul after Religious Abuse Mikele Rauch, 2009-03-20 Recent scandals of clergy sexual abuse have brought attention to the victims and their responses to and recovery from their abuse But few have considered the effect of the abuse on a victim's soul and religious outlook and beliefs Healing the Soul after Religious Abuse offers a unique perspective of recovery and restoration of the soul after religious abuse The author argues that religious abuse often stops not only psychological growth but also inward development The effect is not simply emotional because the devastation reaches to the core of the spirit Often there is no place for a God of love or a love of what once was divine Through a series of personal interviews with persons from the five major religions Rauch considers various ways that

religion can do harm The stories told in this book include the road to restoration in the wake of institutional abuse and how inner experience is sometimes confused with religious training the sacred task of spiritual leadership and how to restore trust when there has been a violation an exploration of sacrifice and a clarification of the notion of shame a look at the impact of religious bigotry in the areas of race sexuality and tolerance an overview of sexuality and the place it holds in both celibate and family life the pernicious issue of clergy sexual abuse and the signs of spiritual trauma in response to such violation a roadmap for restoration and a challenge to religious institutions and lastly ways to reclaim the sacred and rewire the spirit Through interviews research and personal stories the author tells a story of recovery of the most delicate kind offering pathways through the dark night of religious violation to a restoration of the soul and its immense possibilities

The Idea of Israel Ilan Pappé, 2025-10-07 Since its foundation in 1948 Israel has drawn on Zionism the movement behind its creation to provide a sense of self and political direction In this groundbreaking new work Ilan Pappé looks at the continued role of Zionist ideology The Idea of Israel considers the way Zionism operates outside of the government and military in areas such as the country's education system media and cinema and the uses that are made of the Holocaust in supporting the state's ideological structure In particular Pappé examines the way successive generations of historians have framed the 1948 conflict as a liberation campaign creating a foundation myth that went unquestioned in Israeli society until the 1990s Pappé himself was part of the post Zionist movement that arose then He was attacked and received death threats

as he exposed the truth about how Palestinians have been treated and the gruesome structure that links the production of knowledge to the exercise of power The Idea of Israel is a powerful and urgent intervention in the war of ideas concerning the past and the future of the Palestinian Israeli conflict Contemporary Israel Frederick E. Greenspahn,2016-08-09 For a country smaller than Vermont with roughly the same population as Honduras modern Israel receives a remarkable amount of attention For supporters it is a unique bastion of democracy in the Middle East while detractors view it as a racist outpost of Western colonialism The romanticization of Israel became particularly prominent in 1967 when its military prowess shocked a Jewish world still reeling from the sense of powerlessness dramatized by the Holocaust That imagery has grown ever more visible with Israel s supporters idealizing its technological achievements and its opponents attributing almost every problem in the region if not beyond to its imperialistic aspirations The contradictions and competing views of modern Israel are the subject of this book There is much to consider about modern Israel besides the Middle East conflict Over the past generation a substantial body of scholarship has explored numerous aspects of the country including its approaches to citizenship and immigration the arts the women s movement religious fundamentalism and language but much of that work has to date been confined within the walls of the academy This book does not seek not to resolve either the country s internal debates or its struggle with the Arab world but to present a sample of contemporary scholars discoveries and discussions about modern Israel in an accessible way In each of the areas discussed competing narratives grapple for prominence and it is these which are highlighted in this volume **Nato's Eastern Dilemmas** David G. Haglund,2019-04-03 The contributors to this book set out to show that NATO s post Cold War troubles are largely self generated and almost exclusively eastern They focus in particular on the issue of what to do with the former Yugoslavia The Politics of Jewishness in Contemporary World Literature Isabelle Hesse,2016-02-11 Reading a wide range of novels from post war Germany to Israeli Palestinian and postcolonial writers The Politics of Jewishness in Contemporary World Literature is a comprehensive exploration of changing cultural perceptions of Jewishness in contemporary writing Examining how representations of Jewishness in contemporary fiction have wrestled with such topics as the Holocaust Israeli Palestinian relations and Jewish diaspora experiences Isabelle Hesse demonstrates the colonial turn taken by these representations since the founding of the Jewish state Following the dynamics of this turn the book demonstrates new ways of questioning received ideas about victimhood and power in contemporary discussions of postcolonialism and world literature Co-memory and melancholia Ronit Lentin,2013-07-19 The 1948 war that led to the creation of the State of Israel also resulted in the destruction of Palestinian society when some 80 per cent of the Palestinians who lived in the major part of Palestine upon which Israel was established became refugees Israelis call the 1948 war their War of Independence and the Palestinians their Nakba or catastrophe After many years of Nakba denial land appropriation political discrimination against the Palestinians within Israel and the denial of rights to Palestinian refugees in recent years the Nakba is beginning to penetrate Israeli public discourse This book available at last in

paperback explores the construction of collective memory in Israeli society where the memory of the trauma of the Holocaust and of Israel's war dead competes with the memory claims of the dispossessed Palestinians. Against a background of the Israeli resistance movement, Lentin's central argument is that commemorating the Nakba by Israeli Jews is motivated by an unresolved melancholia about the disappearance of Palestine and the dispossession of the Palestinians, a melancholia that shifts mourning from the lost object to the grieving subject. Lentin theorises Nakba co-memory as a politics of resistance counterpoising commemorative practices by internally displaced Israeli Palestinians with Israeli Jewish discourses of the Palestinian right of return and questions whether return narratives by Israeli Jews, courageous as they may seem, are ultimately about Israeli Jewish self-healing rather than justice for Palestine. *The Postzionism Debates* Laurence J. Silberstein, 2013-10-18. The struggle for postzionism is a conflict over national memory and the control of cultural and physical space. Laurence J. Silberstein analyzes the phenomenon of postzionism and provides an intervention into this debate.

The Other Peace Process Ronald Kronish, 2017-08-10. This book describes the theory and practice of interreligious dialogue, education and action in Israel and Palestine in the context of the political peace process as well as the peace building processes and programs by drawing on personal experiences and encounters of more than twenty-five years. Through memorable incidents and inspirational stories, the book offers insights into the obstacles and challenges as well as the achievements and successes of interreligious dialogue and action programs. In addition, it provides a practical model of interreligious dialogue for people around the world and leaves the reader with a message of hope for the future. **Talking Book Topics**, 1997. Clash of Identities Baruch Kimmerling, 2008. By revisiting the past hundred years of shared Palestinian and Jewish Israeli history, Baruch Kimmerling reveals surprising relations of influence between a stateless indigenous society and the settler immigrants who would later form the state of Israel. Shattering our assumptions about these two seemingly irreconcilable cultures, Kimmerling composes a sophisticated portrait of one side's behavior and characteristics and the way in which they irrevocably shaped those of the other. Kimmerling focuses on the clashes, tensions and complementarities that link Jewish, Palestinian and Israeli identities. He explores the phenomena of reciprocal relationships between Jewish and Arab communities in mandatory Palestine, relations between state and society in Israel, patterns of militarism, the problems of jurisdiction in an immigrant settler society and the ongoing struggle of Israel to achieve legitimacy as both a Jewish and a democratic state. By merging Israeli and Jewish studies with a vast body of scholarship on Palestinians and the Middle East, Kimmerling introduces a unique conceptual framework for analyzing the cultural, political and material overlap of both societies. A must-read for those concerned with Israel and the relations between Jews and Arabs. *Clash of Identities* is a provocative exploration of the ever-evolving, always-contending identities available to Israelis and Palestinians and the fascinating contexts in which they take form. *Words and Stones* Daniel Lefkowitz, 2004-07-22. Social and ethnic identity are nowhere more enmeshed with language than in Israel. *Words and Stones*

explores the politics of identity in Israel through an analysis of the social life of language. By examining the social choices Israelis make when they speak and the social meanings such choices produce, Daniel Lefkowitz reveals how Israeli identities are negotiated through language. Lefkowitz studies three major languages and their role in the social lives of Israelis: Hebrew, the dominant language; Arabic; and English. He reveals their complex interrelationship by showing how the language a speaker chooses to use is as important as the language they choose not to use in the same way that a claim to an Israeli identity is simultaneously a claim against other opposing identities. The result is a compelling analysis of how the identity of Israeliness is linguistically negotiated in the three-way struggle among Ashkenazi Jewish, Mizrahi Jewish, and Palestinian Arab Israelis. Lefkowitz's ethnography of language use is both thoroughly anthropological and thoroughly linguistic and provides a comprehensive view of the role language plays in Israeli society. His work will appeal to students and scholars of sociolinguistics, anthropology, and linguistic anthropology, as well as students and scholars of Israel and the Middle East.

To Be an Arab in Israel Laurence Louër, 2007-03-06. *To Be an Arab in Israel* fills a long neglected gap in the study of Israel and the contemporary Arab world. Whether for ideological reasons or otherwise, both Israeli and Arab writers have yet to seriously consider Israel's significant minority of non-Jewish citizens whose existence challenges common assumptions regarding Israel's exclusively Jewish character. Arabs have been a presence at all levels of the Israeli government since the foundation of the state. Laurence Louër begins her history in the 1980s when the Israeli political system began to take the Arab nationalist parties into account for the political negotiations over coalition building. Political parties, especially Labour, sought the votes of Arab citizens by making unusual promises such as ownership and access to land. The continuing rise of nationalist sentiments among Palestinians, however, threw the relationship between the Jewish state and the Arab minority into chaos. But as Louër demonstrates, Palestinization did not prompt the Arab citizens of Israel to set aside their Israeli citizenship. Rather, Israel's Arabs have sought to insert themselves into Israeli society while simultaneously celebrating their difference, and these efforts have led to a confrontation between two conceptions of society and two visions of Israel. Louër's fascinating book embraces the complexity of this history, revealing the surprising collusions and compromises that have led to alliances between Arab nationalists and Israeli authorities. She also addresses the current role of Israel's Arab elites who have been educated at Hebrew-speaking universities and the continuing absorption of militant Islamists into Israel's bureaucracy. *To Be an Arab in Israel* is a discerning treatment of an enigmatic, little-known but nevertheless highly influential people. Their effect on the balance of power in the Middle East seems destined to grow in the twenty-first century.
