Social Issues A Bishops Perspective

Catherine E. Clifford, Massimo Faggioli

Social Issues A Bishops Perspective:

The Frontiers of Catholicism Gene Burns, 1994-08-17 Why does the Catholic Church take a politically conservative stance on some issues such as abortion and birth control while on others such as social programs and nuclear policy it resembles the left Why do some Catholic groups reject the legitimacy of Church hierarchy and yet choose to remain within its fold To explain these apparent contradictions Gene Burns examines the origins of contemporary diversity and conflict in the Catholic Church as well as the processes of ideological change With valuable insights into the American Catholic Church the modern papacy and the Latin American Church *The Frontiers of Catholicism* is as much a political study of ideological dynamics as it is an institutional study of religious change *Catholic Perspectives on Crime and Criminal Justice* Willard M.

Oliver, 2008-01-01 Drawing upon Catholic social teaching traditional writings and Sacred Scripture this book presents a Catholic perspective of crime and criminal justice in America Specifically it presents a policy framework for the criminal justice system describing how and why police courts and corrections should adopt the tenets of restorative and community justice In addition it presents how certain crime related issues would be addressed under a Catholic perspective particularly focusing on the death penalty abortion euthanasia and so called victimless crimes **The Cambridge Dictionary of**

Ethical Models and Applications of Globalization: Cultural, Socio-Political and Economic Perspectives Wankel, Charles, 2011-11-30 Continued growth of the global market necessitates research that establishes norms and practices and ensures the appropriate level of ethical concern for those who contribute to the process of globalization and are being affected by globalization *Ethical Models and Applications of Globalization Cultural Socio Political and Economic Perspectives* presents the work of researchers who seek to advance the understanding of both the ethical impact of globalization and the

influence of globalization on ethical practices from various cultural socio political economic and religious perspectives The aim of this reference work is to put forward empirically grounded methods for understanding both the effect that the process of globalization has on ethical practices in organizations and how this research can shape the course of economic globalization *Christian Perspectives on the Role of the State, Justice, and Taxation* Robert F. van Brederode, 2025-07-19

This book *Christian Perspectives on the Role of the State Justice and Taxation* examines the historical and ongoing influence of Christian ethical thought on taxation governance and distributive justice Building on themes introduced in *Political Philosophy and Taxation* Springer 2022 which focused on secular perspectives this sequel shifts attention to the contributions of Christian thinkers from Medieval times to the present The book explores key questions surrounding the role of the state the relationship between the state and its subjects the moral right to tax and what constitutes fairness in taxation It investigates how Christian ethical teachings have shaped Western political philosophy particularly in the context of distributive justice and evaluates their relevance in contemporary discussions By analyzing the intersection of theology ethics and political philosophy this book provides a deeper understanding of how Christian traditions have influenced historical notions of justice fairness and governance It offers insights into how these principles can inform modern policy debates and ethical considerations in taxation This book serves as a valuable resource for scholars students and professionals interested in religious ethics political philosophy and public policy It invites readers to reflect on the enduring impact of Christian thought on concepts of justice and the responsibilities of the state *Six Theories of Justice* Karen Lebacqz, 1987-01-01

There may be no more urgent cry today than that of justice and no more frequent accusation than that of injustice But what is meant when these terms are used *Six Theories of Justice* clarifies that question and offers major alternative answers Dr Lebacqz surveys three philosophical approaches to justice John Stuart Mill's utilitarianism the contract system of John Rawls and the entitlement views of Robert Nozick These are followed by analysis of three theological approaches that of the National Conference of Catholic Bishops of Reinhold Niebuhr and of the liberation theologian Jose Porfirio Miranda A comparison of the effectiveness of each approach in providing direction for facing and dealing with contemporary issues and situations adds to the usefulness of this volume A lucid and well structured introduction to recent thinking in social ethics

Multiple Perspectives on Mathematics Teaching and Learning Jo Boaler, 2000-07-30 *Multiple Perspectives on Mathematics Teaching and Learning* offers a collection of chapters that take a new look at mathematics education Leading authors such as Deborah Ball Paul Cobb Jim Greeno Stephen Lerman and Michael Apple draw from a range of perspectives in their analyses of mathematics teaching and learning They address such practical problems as the design of teaching and research that acknowledges the social nature of learning maximizing the impact of teacher education programs increasing the learning opportunities of students working in groups and ameliorating the impact of male domination in mixed classrooms These practical insights are combined with important advances in theory Several of the authors address the

nature of learning and teaching including the ways in which theories and practices of mathematics education recognize learning as simultaneously social and individual The issues addressed include teaching practices equity language assessment group work and the broader political context of mathematics reform The contributors variously employ sociological anthropological psychological sociocultural political and mathematical perspectives to produce powerful analyses of mathematics teaching and learning
