Social Subjects Within The Curriculum Childrens Social Learning In The National Curriculum:

The Social Subjects Within the Curriculum John Ahier, Alistair Ross, 2025-12 Unlike much material available at the time The Social Subjects Within the Curriculum originally published in 1995 stands back from the issues of implementing the National Curriculum Instead it poses key questions about the ability of such a centralised system to provide an integrated social and economic education for future citizens Taking the cross curricular themes as identified in the NCC curriculum guidance as starting points the various contributors analyse and criticise the approaches suggested and in some cases suggest alternatives or additions Some of the questions posed are What is this new curriculum attempting to achieve in the social education of 5 13 year olds How does it compare with previous programmes How does it relate to the economic and social developments in which young people live This book will be a valuable resource for students and researchers of education

Curriculum: Construction and Critique Prof Alistair Ross, Alistair Ross, 2003-09-02 Although curriculum is central to the schooling process debates about it are rarely well informed Over the past ten years there has been a dearth of books that have informed the debate by examining curriculum in a broader context beyond the National Curriculum Ross in this refreshing re examination of the area opens up a more general debate on how the curriculum is shaped and the compromises made between different ideologies of the nature and purpose of education

Education for Social Citizenship W.O. Lee, Jeffrey T. Fouts, 2005-03-01 This volume emerging from a cross national study of teachers perception of good citizenship addresses two fundamental questions What do teachers see as important in citizenship education How do these perceptions facilitate or hinder the preparation of good citizens While providing rich and useful data

on the latest developments of citizenship education in various contexts this book also offers an all round review of concepts and arguments on the subject as well as insightful comparative analyses of the findings emerged from the case studies One encouraging conclusion drawn from these studies is that teachers across nations share similar goals and objectives that seem to have transcended cultural and political boundaries Teaching and Learning the Difficult Past Magdalena H. Gross, Luke Terra, 2018-12-07 Building upon the theoretical foundations for the teaching and learning of difficult histories in social studies classrooms this edited collection offers diverse perspectives on school practices curriculum development and experiences of teaching about traumatic events Considering the relationship between memory history and education this volume advances the discussion of classroom based practices for teaching and learning difficult histories and investigates the role that history education plays in creating and sustaining national and collective identities **Morality and Citizenship in Education** John Beck, 1998-07-01 The first section of the book compares and contrasts declinist accounts of the current moral predicament with the somewhat more optimistic approach derived from recent sociological analyses The second section is more directly devoted to the role of schools in educating about values morality and citizenship Specific curricular issues such as the values of enterprise and enterprise culture educating about citizenship and the ambiguities about the meaning of the term spiritual are dealt with in successive chapters The School Textbook William E. Marsden, 2013-01-11 A study of the school textbook grounded in historical and comparative perspectives The approach is broadly chronological revealing changes in the theory and practice of textbook production and use The book focuses largely on three associated subjects geography history and social studies *Education for Citizenship: Ideas Into Action* Nick Clough, Cathie Holden, 2005-06-29 This book explains how to incorporate citizenship into the curriculum by providing practical guidance and photocopiable materials making it extremely useful for teachers in the primary and early secondary sectors **Citizenship Through Secondary Geography** David Lambert, Paul Machon, 2004-01-14 This book reveals the potential of geography to engage with citizenship It provides theoretical signposts in the form of short digestible explanations for key ideas such as racism values identity community and social exclusion a number of inset activities for further thinking a critique of the discipline and the pitfalls to avoid in teaching citizenship through geography practical teaching suggestions All the contributions to this valuable book point to the capacity of geography to engage with citizenship values education and people environment decision making on scales that range from the local to the global It offers positive and direct ways to become involved in the thinking that must underpin any worthwhile citizenship education for all experienced teachers student teachers heads of department curriculum managers principals and policy makers *Good Citizenship and Educational Provision* Ian Davies, Ian Gregory, Shirley Riley, 2002-11-01 Citizenship has been taught in school around the world for many years now and is due to be introduced to the UK curriculum over the next few years Teachers Headteachers administrators and policy makers have the opportunity to develop citizenship education programs for all their students This book takes a

pragmatic approach to the issue and answers many of the crucial questions that will be emerging what definitions of citizenship are to be followed and how is citizenship taught What approaches will be taken by teachers and what is the likely shape of best practice for citizenship education How will the issue impact on schools and teacher training and how should they rise to the challenge What are the key factors influencing or threatening the development of good citizens Based on the analysis of data collected from over 700 teachers the book provides real solutions to questions raised by citizenship education and makes recommendations for practice in schools and in the training and development of teachers

Education, Equality and Human Rights Mike Cole, 2006-08-21 With a new Preface by leading educationist Peter McLaren the updated second edition of this comprehensive book provides an important educational perspective on world wide equality issues for student teachers and teachers at all stages Each of the five equality issues of gender race sexuality disability and social class are covered as areas in their own right and in relation to education Written by experts in each particular field the chapters trace the history of the various issues up to the present and enable readers to assess their continuing relevance in the future

Developing the Global Teacher Miriam Steiner, 1996 The outcome of a collaboration between teacher educators and development agencies this book draws on a wide range of experience and perspectives from individuals and organizations working for justice in national and international contexts

Knowledge and Nationhood Denis Gleson, 1996-07-01 This text examines the implications of government policy for the curriculum the professionalism of educational practitioners and the training and career options of young people It argues for a new educational agenda which recognizes the importance of intellectual investment and innovation in all areas of educational provision and which addresses the profound changes taking place in the relationship between national and global citizenship The text also includes a critique of New Right policies
