Sujetos Sociales Y Políticas:

Movimientos sociales y política Fernando Calderón G.,1995 Los grandes cambios sociales y políticos de Latinoamérica en los años ochenta lenta democratización y surgimiento de múltiples comportamientos colectivos han determinado resultados tan confusos que no sabemos el tipo de sociedad en la que habrá de desembocar. Lo indudable es la inmediata perspectiva de una franca transición societal. No se sabe todavía cuáles serán los resultados de los cambios iniciados en dicha época, ni se sabe si el resultado será la emergencia de sociedades programadas dependientes o sociedades en caos o dualizadas con escasos mecanismos de movilidad e integración social. Lo que se constata es una suerte de incongruencia entre los procesos de concentración del poder y del sistema de toma de decisiones asociado con la revolución tecnológica y la reestructuración económica internacional.

Léxico de la política Varios,2000 Selección de ideas y conceptos relacionados con el análisis político actual también cuestiona la vigencia de paradigmas sociales y políticos ya tradicionales profundizando en el verdadero significado e historia de términos como democracia, tolerancia, modernidad o ciudadanía.

Autonomía y nuevos sujetos sociales en el desarrollo rural,1992 En la primera parte del libro se expone el aspecto económico no sólo luchar por la propiedad de la tierra sino también por la autonomía en la gestión productiva. En la segunda parte se contrasta esta idea con la experiencia habida en el encoglido cafetalero y en el centro y sur del país. En la tercera se hace la historia de las luchas campesinas durante la transición salinista.

Sujetos sociales, organizaciones, conflicto, intervención social Claudia Bermúdez Peña,Alba Nubia Rodríguez Pizarro,2013-08-06 El libro constituye una acción colectiva promovida inicialmente desde el seminario permanente en el 2004 que un grupo de estudiantes y profesores de la Escuela de Trabajo Social y Desarrollo Humano de la Universidad del Valle llevó a cabo con el propósito de discutir colectivamente conceptos como sujetos sujetos colectivos, acciones colectivas, identidad, identidad colectiva y desarrollo. Esfuerzo que derivó en el actual grupo de investigación Sujetos y acciones colectivas. Este libro comprende dos grandes apartados: Organizaciones y sujetos sociales y Organizaciones, conflicto y subalternidad, y recoge los recientes resultados de investigación del grupo.

Políticas de formación docente Miguel Roque Russo,2022-12-01 Una investigación sobre reforma curricular induce a reflexionar que lo que se enseña en las escuelas no es independiente de lo que sucede en otras dimensiones de la vida social tales como la economía, el desarrollo del conocimiento científico y tecnológico, el sistema político y la estructura social entre otros. El currículum cambia en cada periodo o etapa del proceso histórico, aunque tampoco existe un ajuste automático entre lo que sucede en la sociedad y lo que se enseña en las escuelas.

Tenti Fanfani 2000 El análisis de las reformas curriculares y la participación de los actores intervinientes permiten comprender cuáles son las intencionalidades en las modificaciones de los contenidos, por enseñar. Pretende identificar a los factores que inducen a una variación curricular y se procura instalar como visibilizador de algunos de esos factores como anticipadores para percibir posibles cambios y condiciones de posibilidad para reformar los diseños curriculares. Este libro es el resultado de la investigación en el marco de la tesis doctoral defendida en 2020 y una

Social Debtfare Policies Tomás Nougués,2025-10-09 The book examines the evolution of Argentina s welfare policies from 1983 to 2019 focusing on the historical connections between social policies financial markets and households an area largely overlooked in existing literature Unlike previous studies that emphasize the role of cash transfers in facilitating low income households access to credit this analysis highlights the financialization of welfare policies and its broader implications The author identifies three distinct stages in the financialization process of Argentine welfare policy illustrating how financial logic and instruments have permeated various aspects of welfare and the daily lives of low income families The book also introduces the concept of social debtfare policies which incorporate financial tools particularly credit as instruments to meet social needs This shift signifies a move toward the financialization of rights related to economic social and cultural well being A central argument of the book is that the Argentine state has actively engaged in financializing welfare employing financial knowledge and technologies to manage rising social tensions This transformation reverses the traditional dynamic of social protection where citizens are creditors of their rights and the state is the debtor Instead social debtfare policies position the state as a creditor and welfare users as debtors thereby altering the relationship between individuals and the state regarding access to essential services such as work housing education and basic consumption The analysis reveals how this shift disrupts conventional social protection dynamics and highlights the state s evolving role from a debtor of rights to a creditor for the working poor uncovering new dimensions of welfare provision in Latin America Through a combination of regulatory analysis expert reports literature reviews and interviews the book provides a comprehensive view of the intricate ties between welfare policy and finance in Argentina

en las prácticas sociales configura nuevas formas de vida y transforma la cultura. En este sentido este libro presenta diferentes perspectivas analíticas que reevalúan conceptualizaciones como lo privado, las diversas esferas de lo público, lo local, a lo global, los medios de comunicación masiva y las tecnologías multimodales. Los autores se fijan principalmente en los jóvenes como actores sociales vitales en la sociedad contemporánea y en la política no como un campo definido a priori sino como producto de conflictos, tensiones y resistencias.

La mujer como sujeto de la acción política, 2006 Michelle Bachelet en Chile, Angela Merkel en Alemania y Ellen Johnson Sirleaf en Liberia son tres nombres indispensables en la todavía pequeña lista de mujeres que han accedido a las cotas máximas del poder político en sus respectivos países. Los hombres predominan en la política en todo el mundo y para que este poder masculino se reparta resulta indispensable un deseo de cambio social de paridad. Este libro proporciona un marco para la reflexión sobre la relación entre género y actividad política, recogiendo las ponencias de las Jornadas que bajo el título *La mujer como sujeto de la acción política* organizó el Centro de Estudios Andaluces en marzo de 2006.

Migración y política Heriberto Cairo Carou, 2009 [El zapatismo urbano en Guadalajara](#) Rafael Sandoval Álvarez, 2019-09-30 Este libro trata sobre cómo la realidad política quica influye en la forma de hacer política y es parte de la subjetividad que se despliega en forma contradictoria y ambivalente ya que la práctica política contiene tanto elementos de la relación de dominación como de la resistencia a dicha dominación. Para dar cuenta de las formas de hacer política del zapatismo urbano de Guadalajara se presentan tres estudios de caso que en coyunturas concretas y en función de iniciativas políticas organizativas específicas expresan cómo se produce el proceso instituyente de la política zapatista.
