Sumo And The Woodblock Print Masters

Ensheng Dong

Sumo And The Woodblock Print Masters:

Sumo and the Woodblock Print Masters Lawrence Bickford, 1994 A full scale appreciation of the fascinating genre of Japanese woodblock prints devoted to traditional sumo wrestling focusing particularly on the lives and techniques of individual woodblock print masters of the Edo period While emphasizing the history and creation of the woodblock prints Bickford also provides informed background on the sport Lavishly illustrated in bandw with over 40 pages of superb color illustrations 9x12 Annotation copyright by Book News Inc Portland OR [Seeing Stars](#) Dennis J. Frost, 2020-03-17 In [Seeing Stars](#) Dennis J Frost traces the emergence and evolution of sports celebrity in Japan from the seventeenth through the twenty first centuries Frost explores how various constituencies have repeatedly molded and deployed representations of individual athletes revealing that sports stars are socially constructed phenomena the products of both particular historical moments and broader discourses of celebrity Drawing from media coverage biographies literary works athletes memoirs bureaucratic memoranda interviews and films Frost argues that the largely unquestioned mass of information about sports stars not only reflects but also shapes society and body culture He examines the lives and times of star athletes including sumo grand champion Hitachiyama female Olympic medalist Hitomi Kinue legendary pitcher Sawamura Eiji and world champion boxer Gushiken Yoko demonstrating how representations of such sports stars mediated Japan s emergence into the putatively universal realm of sports unsettled orthodox notions of gender facilitated wartime mobilization of physically fit men and women and masked lingering inequalities in postwar Japanese society As the first critical examination of the history of sports celebrity outside a Euro American context this book also sheds new light on the transnational forces at play in the production and impact of celebrity images and dispels misconceptions that sports stars in the non West are mere imitations of their Western counterparts **The Life and Afterlives of Hanabusa Itchō, Artist-Rebel of Edo** Miriam Wattles, 2017-01-16 Miriam Wattles recounts the making of Hanabusa Itch 1652 1724 painter haikai poet singer songwriter and artist subversive in [The Life and Afterlives of Hanabusa Itch Artist Rebel of Edo](#) Translating literary motifs visually to encapsulate the tensions of his time many of Itch s original works became models emulated by ukiyo e and other artists A wide array of sources reveals a lifetime of multiple personas and positions that are the source of his multifarious artistic reincarnations While on the one hand his legend as seditious exile appears in the fictional cross media worlds of theater novels and prints on the other hand factual accounts of his complicated artistic life reveal an important figure within the first artists biographies of early modern Japan **Ay-O Happy Rainbow Hell** Kit Brooks, 2023-03-21 This kaleidoscopic catalog and first book in English dedicated to Ay celebrates the avant garde artist s first major museum exhibition in the United States Known as the Rainbow Artist for the prominent bright motif in his work Ay has long referred to this compulsion as his rainbow hell Ay Happy Rainbow Hell invites readers into the vibrant world of his brilliant art mind and imagination featuring artwork from the first major US museum exhibition devoted to his work Printed on heavy 100 paper and in 7 colors with added green

orange and metallic gold inks plus 2 spot colors and spot varnish to achieve Ay's vibrant color palette the book is its own stunning art object The dustjacket printed and silkscreened on uncoated felted art board is die cut to reveal the rainbow printed caseside Ay Happy Rainbow Hell presents approximately 140 gorgeous illustrations from the Smithsonian's Arthur M Sackler Gallery home to the largest US collection of Ay's silkscreen prints and loans from other US institutions along with enlightening catalog entries to better appreciate each piece Additionally the book includes An essay from Kit Brooks the Japan Foundation Assistant Curator of Japanese Art that provides a biography of Ay explores the artist's fluctuating explanations for his rainbow fixation and its simultaneous liberation and restriction and emphasizes his legacy as an eminent member of Fluxus an experimental art group in the 1960s and 1970s An illustrated essay from Ay's longtime printer Sukeda Kenry where he describes his painstaking work to translate the artist's designs onto prismatic silkscreen prints work that can take up to a year to accomplish A message from the artist Ay himself Ay Happy Rainbow Hell is a colorful and comprehensive book that pays tribute to an extraordinary career and legacy as luminous as the art itself

History of Illustration Susan Doyle, Jaleen Grove, Whitney Sherman, 2018-02-22 Written by an international team of illustration historians practitioners and educators History of Illustration covers image making and print history from around the world spanning from the prehistoric to the contemporary With hundreds of color image this book contextualizes the many types of illustrations within social cultural and technical parameters presenting information in a flowing chronology This essential guide is the first comprehensive history of illustration as its own discipline Readers will gain an ability to critically analyze images from technical cultural and ideological standpoints in order to arrive at an appreciation of art form of both past and present illustration

Cinema Anime Steven T. Brown, 2006-04-01 This collection charts the terrain of contemporary Japanese animation one of the most explosive forms of visual culture to emerge at the crossroads of transnational cultural production in the last twenty five years The essays offer bold and insightful engagement with anime's concerns with gender identity anxieties about body mutation and technological monstrosity and apocalyptic fantasies of the end of history The contributors dismantle the distinction between high and low culture and offer compelling arguments for the value and importance of the study of anime and popular culture as a key link in the translation from the local to the global

Newsletter, East Asian Art and Archaeology, 1994 **Japanese Sports** Allen Guttmann, Lee Thompson, 2001-05-01 In this first synthetic comprehensive survey of Japanese sports in English the authors are attentive to the complex and fascinating interaction of traditional and modern elements In the course of tracing the emergence and development of sumo the martial arts and other traditional sports from their origins to the present they demonstrate that some cherished ancient traditions were in fact invented less than a century ago They also register their skepticism about the use of the samurai tradition to explain Japan's success in sports Special attention is given to Meiji era Japan's frequently ambivalent adoption and adaptation of European and American sports a particularly telling example of Japan's love-hate relationship with the

West The book goes on to describe the history of physical education in the school system the emergence of amateur and professional leagues the involvement of business and the media in sports promotion and Japan's participation in the Olympics

Olympism: The Global Vision Boria Majumdar, Sandra Collins, 2013-09-13 The collection starts from the premise that Olympism and the Olympic Games make sense only when they are placed within the broader national colonial and post colonial contexts and argues that sport not only influences politics and vice versa but that the two are inseparable Sport is not only political it is politics It is also culture and art This collaboration is a first in global publishing a mine of information for scholars students and analysts It demonstrates that Olympism and the Olympic movement in the modern context has been and continues to be socially relevant and politically important Studies focus on national encounters with Olympism and the Olympic movement with equal

attention paid to document the growing nexus between sports and the media sports reportage as well as women and sports Olympism asserts that the Olympic movement was and is of central importance to twentieth and twenty first century societies Finally the collection demonstrates that the essence of Olympism and the Olympic movement is important only in so far as it affects societies surrounding it This book was published as a special issue of the International Journal of the History of Sport

Monumenta Nipponica, 1995 Includes section Reviews [A Day in a Working Life](#) Gary Westfahl, 2015-04-21 Ideal for high school and college students studying history through the everyday lives of men and women this book offers intriguing information about the jobs that people have held from ancient times to the 21st century This unique book provides detailed studies of more than 300 occupations as they were practiced in 21 historical time periods ranging from prehistory to the present day Each profession is examined in a compelling essay that is specifically written to inform readers about career choices in different times and cultures and is accompanied by a bibliography of additional sources of information sidebars that relate historical issues to present day concerns as well as related historical documents Readers of this work will learn what each profession entailed or entails on a daily basis how one gained entry to the vocation training methods and typical compensation levels for the job The book provides sufficient specific detail to convey a comprehensive understanding of the experiences benefits and downsides of a given profession Selected accompanying documents further bring history to life by offering honest testimonies from people who actually worked in these occupations or interacted with those in that field

Communication and Sport Michael L. Butterworth, 2021-07-19 Sport is a universal feature of global popular culture It shapes our identities affects our relationships and defines our communities It also influences our consumption habits represents our cultures and dramatizes our politics In other words sport is among the most prominent vehicles for communication available in daily life Nevertheless only recently has it begun to receive robust attention in the discipline of communication studies The handbook of Communication and Sport attends to the recent and rapid growth of scholarship in communication and media studies that features sport as a central site of inquiry The book attempts to capture a full range of methods theories and topics that have come to define the subfield of communication and sport or sports communication It does so by emphasizing four primary features First it foregrounds communication as central to the study of sport This emphasis helps to distinguish the book from collections in related disciplines such as sociology and also points readers beyond media as the primary or only context for understanding the relationship between communication and sport Thus in addition to studies of media effects mediatization media framing and more readers will also engage with studies in interpersonal intercultural organizational and rhetorical communication Second the handbook presents an array of methods theories and topics in the effort to chart a comprehensive landscape of communication and sport scholarship Thus readers will benefit from empirical interpretive and critical work and they will also see studies drawing on varied texts and sites of inquiry Third the handbook of Communication and Sport includes a broad range of scholars from around the world It is

therefore neither European nor North American in its primary focus In addition the book includes contributors from commonly under represented regions in Asia Africa and South America Fourth the handbook aims to account for both historical trajectories and contemporary areas of interest In this way it covers the central topics debates and perspectives from the past and also suggests continued and emerging pathways for the future Collectively the handbook of Communication and Sport aspires to provide scholars and students in communication and media studies with the most comprehensive assessment of the field available

Martial Arts in the Arts: An Appreciation of Artifacts Michael DeMarco, 2013-01-13 Combative forms of movement meet all the criteria required to be called arts Additionally items associated with martial art theory and practice can be shown in a variety media and appreciated as objets d art in their own right This anthology presents the aesthetic side of the martial arts as they are found in numerous examples of material culture and items of fine art An often neglected but incredibly rich area for seeing martial themes represented in art are museum collections Five of the fourteen chapters in this book deal with museum collections In many museums you can find interesting items that reflect aspects derived from a martial tradition Weaponry is the most obvious category You may also discover items in other categories that are directly related such as painted scrolls and training equipment Other fascinating items can be hidden in plain sight It seems martial themes can be found in any museum category including collections of statuary ceramics prints paintings jewelry and calligraphy For example there are paintings of famous generals and battles fearsome statues of temple guardian warriors and philosophical insights in brush writings While contemplating a particular collection from the interest of martial traditions one museum curator said she had never previously thought of the collection from this perspective It s enlightening Objects that exhibit martial themes are made by artists and craftspeople Only some of these items go into museums Others are found in personal collections stores research institutes art galleries universities practice halls and elsewhere Aid in recognizing martial themes in objects is one objective of this book regardless of where these objects may be found Who are the real martial art heros What symbols were created to represent the warriors bravery and ethical codes This anthology comprised of fourteen chapters conveniently gathered here for your ease of reading assists anyone interested in discovering the artistic representations of martial traditions In doing so we hope that readers who appreciate the contents of this book will be inspired to discover and appreciate the artifacts associated with the martial side of the world s cultural heritage
