Sunday In Sudan:

Sunday in Sudan Don L. Clark, 2010-11 It's 2041 and the UN has sent its own unique peace making force to the Sudan. There their leader joins forces with a tribeswoman from one of the most ancient civilizations left on our globe and in spite of the fact that she does not even have a word for peace in her language the duo set out to make it happen. Add in an evil Sudanese radically religious president and you have Sunday in Sudan. **The Regional Travel Guide for Southern Sudan (Sudan)**, **Historical Dictionary of South Sudan** Douglas H. Johnson, Kuyok Abol Kuyok, Nicki Kindersley, 2025-04-15 This is the first ever historical dictionary of South Sudan as an independent nation. It focuses on the events, peoples and cultures of South Sudan that were once treated as marginal to the grand narrative of Sudanese national history but without disentangling South Sudan from wider historical connections across the Nile Valley and Northeast Africa. With an interpretive introduction by the three authors it offers new perspectives on historical events and personalities, extensive coverage of recent events and current affairs, short biographies of leading social and political figures, an extensive chronology, a comprehensive bibliography and maps based on current research illustrating specific issues confronting the new nation. Building on the classical anthropological and historical studies of South Sudanese peoples as well as new research especially by South Sudanese authors it provides a foundation on which to build new research on South Sudan and new perspectives on its shared history with Sudan and the wider region. **Historical Dictionary of South Sudan** contains a chronology, an introduction and an extensive bibliography. The dictionary section has more than 500 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion and culture. This book is an excellent resource for students, researchers and anyone wanting to know more about South Sudan. *South Sudan's Endless Sorrows* Lul Gatkuoth Gatluak, 2023-11-28 About the Book In depth, comprehensive and extensively researched *South Sudan's Endless Sorrows* chronicles the complex history of South Sudan and its long, bitter struggle for freedom. South Sudan's long battle with colonization and invasion of foreign powers began as early as the twelfth century and has continued up until the twentieth century when the struggle for liberation came to a long period of bloody civil unrest and war. To this day South Sudan still struggles to find its own identity, voice and freedom. With a devout love of his homeland and the people he holds dear, Gatluak's history of South Sudan doubles as a heart-wrenching plea for intervention, compromise and peace in the country that has been ransacked by violence for centuries. About the Author Lul Gatkuoth Gatluak is a South Sudanese American born in the Puldeng village near Bilpam at the border of South Sudan and Ethiopia. Lul has always had a drive and passion for education; after moving to the United States he received his high school diploma, his associate's degree in Liberal Arts from Minneapolis Community and Technical College, a bachelor of arts in Criminal Justice from Metropolitan State University with a minor in English and a bachelor's of science in Communication Studies at Minnesota State University Mankato with a minor in Sociology. Sudan Almanac ,1922 **Historical Dictionary of the Sudan** Robert S. Kramer,Richard A. Lobban Jr.,Carolyn Fluehr-Lobban,2013-03-22 The Republic of the Sudan was long the largest country in Africa and according to the general consensus also one of the least successful in many ways This was not entirely its fault since it lay along the fault line between Muslim and Christian Africa and between the Nile Valley civilizations and African Sudanic cultures This partly explains the long and bloody warfare waged by the Southerners to achieve independence which they did in July 2011 So this hefty book actually covers not one but two states This fourth edition of the Historical Dictionary of the Sudan does so first through a lengthy and detailed chronology tracing its relatively few successes and numerous failures The introductory essay does an admirable job of putting it all in perspective But the most informative part is the dictionary with now over 700 entries for this fourth edition They deal with important personalities politics the economy society culture religion and inevitably the civil war There are also appendixes and an extensive bibliography The British in the Sudan, 1898-1956 R. Regional Protection of Human Rights Dinah Shelton,2008 The international protection of human rights is generally recognized as a fundamental aim of modern international law Even a cursory review of legal systems for the protection of human rights demonstrates the rapid expansion of this field since the end of World War II During this period nearly all global and regional organizations have adopted human rights standards and addressed human rights violations by member states As a consequence no state today can claim that its treatment of those within its jurisdiction is a matter solely of domestic concern In this book Dinah Shelton examines the development of regional organizations and the role that human rights plays in them It examines in particular the question of what human rights obligations states assume upon joining the regional bodies and how regional concern with human rights intersects with the global system elaborated in the context of the United Nations This work is the first devoted to the European Inter American and African systems for the protection of human rights It also discusses the prospects for regional systems in the Middle East and Asia The Jurisprudence of the European and Inter American Courts and decisions of the Inter American and African Commissions are emphasized including decisions on the interpretation and application of various human rights procedural requirements and remedies The book aims to expose the readers to the basic documents of each system and their inter relationships to enable the audience to apply those documents to ever changing fact situations and to alert them to the dynamic nature of regional human rights law and institutions It also seeks to relate regional systems to national law and to the global system for the protection of human rights Regional

Protection of Human Rights illustrates how international human rights law is interpreted and implemented The selections offer examples of political economic and social problems as well as legal issues to show the significant impact of international human rights law institutions on the constitutions law policies and societies of the regions In addition to serving as a text for courses on human rights law the book will be useful for courses in international law international relations and political science It will also be a helpful resource for lawyers and policy makers concerned with the protection of human rights
