Jewish Sunday Schools Laura Yares, 2023-08-01 73rd National Jewish Book Awards Finalist Charts how changes to Jewish education in the nineteenth century served as a site for the wholesale reimagining of Judaism itself The earliest Jewish Sunday schools were female led growing from one school in Philadelphia established by Rebecca Gratz in 1838 to an entire system that educated vast numbers of Jewish youth across the country These schools were modeled on Christian approaches to religious education and aimed to protect Jewish children from Protestant missionaries But debates soon swirled around the so called sorry state of feminized American Jewish supplemental learning and the schools were taken over by men within one generation of their creation It is commonly assumed that the critiques were accurate and that the early Jewish Sunday school was too feminized saccharine and dependent on Christian paradigms Tracing the development of these schools from their inception through the first decade of the twentieth century this book shows this was not the reality Jewish Sunday Schools argues that the work of the women who shepherded Jewish education in the early Jewish Sunday school had ramifications far outside the classroom Indeed we cannot understand the nineteenth century American Jewish experience and how American Judaism sought to sustain itself in an overwhelmingly
