Rican Syndrome in the contemporary world its social and cultural implications for the growing Hispanic population in the US and therefore for the US as a whole As a mental illness that is allegedly uniquely Puerto Rican this syndrome links nationality and culture to a psychiatric disease whose reappearance recalls the spectacular hysteria that led to the discovery of the unconscious and the birth of psychoanalysis Gherovici beautifully and systematically uses the combined insights of Freud and Lacan to examine the current state of psychoanalysis and the Hispanic community in America Blending these insights with history current events and her own case material Gherovici provides a startling fresh look at Puerto Rican Syndrome as social and cultural phenomenon She sheds new light on the future of American society and argues that psychoanalysis is not only possible but much needed in the ghetto For the Sake of Humanity Alan Stephens, Ralph Walden, 2006-07-01 For the Sake of Humanity is a collection of essays in honour of Clemens N Nathan a man occupying a remarkable position in the public life of the United Kingdom Over a period of several decades he has stimulated and facilitated discussion research and study on a striking array of topics including international organisations Human Rights interfaith relations and the Holocaust and German Jewish history as well as in his own area of professional expertise textile science and technology His approach has been characterised by academic rigour social concern and a commitment to historical truth along with an adventurous and innovative spirit All these qualities are also to be found in this collection of essays by his friends and admirers to produce a truly fascinating book with new insights into many topics and a number of chapters destined to become classics in their fields Above all it is an erudite and charming volume full of surprises Claiming Space Cheryl Teelucksingh, 2006-05-29 Claiming Space Racialization in Canadian Cities critically examines the various ways in which Canadian cities continue to be racialized despite objective evidence of racial diversity and the dominant ideology of multiculturalism Contributors consider how spatial conditions in Canadian cities are simultaneously part of and influenced by racial domination and racial resistance Reflecting on the ways in which race is systematically hidden within the workings of Canadian cities the book also explores the ways in which racialized people attempt to claim space These essays cover a diverse range of Canadian urban spaces and various racial groups as well as the intersection of ethnicity class gender and sexuality Linking themes include issues related to subjectivity and space the importance of new space that arises by challenging the dominant ideology of multiculturalism and the relationship between diasporic identities and claims to space **The Orientalist** Tom Reiss, 2006-03-14 A thrilling page turner of epic proportions Tom Reiss's panoramic bestseller tells the true story of a Jew who transformed himself into a Muslim prince in Nazi Germany Lev Nussimbaum escaped the Russian Revolution in a camel caravan and as Essad Bey became a celebrated author with the enduring novel Ali and Nino as well as an adventurer a real life Indiana Jones with a fatal secret Reiss pursued Lev s story across ten countries and found himself caught up in encounters as dramatic and surreal and sometimes as heartbreaking as his subject s life Human Life-A Philosophical Audit Ahmed Sayeed, 2014-02-24 Man is a social political and more intelligent animal and he is a higher specie in the realm of evolution of life on earth All
