James Hasenau, 1973 Garden & Patio Building Book, 1960 **Garden and Patio Building Book**, 1960 American Arcadia Peter J. Holliday, 2016-05-03 A vivid and engaging exploration of California's debt to the ancient world Discussing the influence of the classics on America is nothing new indeed classical antiquity could be considered second only to Christianity as a force in modeling America's national identity What has never been explored until now is how from the beginning Californians in particular chose to visually and culturally craft their new world using the rhetoric of classical antiquity Through a lively exploration of material culture literature and architecture American Arcadia offers a tour through California's development as a Mediterranean haven from the late nineteenth century to the present In its earliest days California was touted as the last opportunity for alienated Yankees to establish the refined gentleman farmer culture envisioned by Jefferson and build new cities free of the filth and corruption of those they left back East Through architecture and landscape design Californians fashioned an Arcadian setting evocative of ancient Greece and Rome Later as Arcadia gave way to urban sprawl entire city plans were drafted to conjure classical antiquity self-styled villas dotted the hills and utopian communities began to shape the state's social atmosphere Art historian Peter J. Holliday traces the classical influence primarily through the evidence of material culture yet the book emphasizes the stories and people famous and forgotten behind the works such as Florence Yoch the renowned landscape designer and set designer for *Gone with the Wind* and Sister Aimee Semple McPherson the most publicized Christian evangelist of her day whose sermons filled the Pantheon like Angelus Temple Telling stories from the creation of the famed aqueducts that turned the semi-arid landscape to a cornucopia of almonds alfalfa and oranges to the birth of the body sculpting movement American Arcadia offers readers a new way of seeing our past and ourselves

Landscape for Living United States. Department of Agriculture, 1972 *Landscape for Living* The Yearbook of Agriculture 1972 by the U S Department of Agriculture explores the vital role that plants and landscaping play in the environment

highlighting their importance in both aesthetic and functional aspects of living spaces The publication covers topics related to the design and maintenance of gardens landscape architecture and horticulture
