

SUO GAN

Hush, my dear one,
Sleep serenely,
Now, my lovely
Slumber deep.

Mother rocks you,
Humming lowly,
Close your eyes now
Go to sleep.

Angels hover,
Ever nearer,
Looking on your
Smiling face.

I will hold you,
Close enfold you
Close your eyes now
Go to sleep.

Lovely darling,
I will guard you
Keep you from all
Woe and harm.

Slowly, gently,
I will rock you,
Resting sweetly,
On my arm.

May you slumber,
E'er so softly,
Dream of visions
Wondrous fair.

I will hold you,
Close enfold you.
Close your eyes now
Go to sleep.

May you slumber,
E'er so softly,
Dream of visions
Wondrous fair.

I will hold you,
Close enfold you.
Close your eyes now,
Go to sleep.

Lullabies for little ones

City Club News, 1928 **The Synergy of Film and Music** Peter Rothbart, 2013 Although writers on film music frequently allude to specific parts of scores comprehensive examinations of entire scores are rare In addition most analyses of scores composed for the screen are discussed outside their cinematic context To best understand the role music plays in the production of a motion picture however it benefits the viewer to consider all of the elements that comprise the film experience In *The Synergy of Film and Music* Sight and Sound in Five Hollywood Films Peter Rothbart considers the aural and visual aspects of five representative films *West Side Story* *Psycho* *Empire of the Sun* *Altered States* and *American Beauty* For each film the author demonstrates how a variety of elements work together to create a singular experience After reviewing the various roles that music can serve in a film as well as providing an overview of the film scoring process Rothbart looks at each film examining them one musical cue at a time so the reader can watch the film while reading about each cue In these analyses timecode markings from commercial DVDs are provided in the margins alongside the text which allow the reader to correlate the on screen drama to the second Rothbart explains how music is used in a specific cue and why the decision was made to use that particular musical idea at that moment Consequently film music aficionados as well as students and composers of film music can gain real world perspective of how music is used in conjunction with other elements In this way the author raises awareness of music's relationship to virtually every other aspect of cinema dialogue sound effects costuming set design and cinematography to deepen the viewer's experience Written in a deliberately nontechnical way this book is intended for anyone interested in film to easily follow along At the same time the information can benefit professional filmmakers or composers because they can see with great detail how each cue unfolds along with all of the visual elements of the film This unique analysis makes *The Synergy of Film and Music* a fascinating and instructive volume that both casual viewers and students of cinema will appreciate **100 Greatest Film Scores** Matt

Transcendence is commonly taken to be about another world one that transcends this one Instead I would say that transcendence is about unanswerable questions and unanswerable questions arise naturally in human life We deal with them without answering them or answer them only with irony for example in the comic strips but philosophers are usually loath to admit that there even are any unanswerable questions Philosophy of religion usually starts with familiar questions such as Is there a God and the like That s kind of like Do neutrinos exist or Is there a luminiferous ether Begin instead with more basic questions What is your idea of ultimate reality What does it mean to succeed in life Where does your ultimate reality show itself in life and the world Unanswerable Questions is the sequel to The Accountant s Tale
