Joy School Richard Eyre,Linda Eyre,2020-09 From 1 New York Times bestselling authors Richard and Linda Eyre Their bestselling parenting book *Teaching Your Children Values* topped the charts and took the Eyres to Oprah and beyond Joy School is the Eyres s first children s book to teach those very same values directly to kids Huge built in market the Eyres s Joy School program has been used by at least 500 000 kids and their families Filled with trendy fresh illustrations that breathe new life into traditional values 22 children s stories and poems that teach specific values which include Joy of the Body Joy of the Earth Joy of Honesty and Communication Joy of Sharing and Service Joy of Goals and Order Joy of Confidence Joy of Wonder Joy of Imagination and Creativity Joy of Family Joy of Uniqueness **Joy, Joy, Joy** Elizabeth Wiley MA JD Pomo Elder,2021-11-11 JOY What is it It is strength of self To me it is learning EARLY to depend on GOD for calm peace and courage in life to be grateful for what is the best we can and to change things to possess the calm and peace that need to be possessed to figure out what needs to be changed to make life better for ourselves and others and with God s help to make the changes *Teaching Children* Ann El-Moslimany,2018-01-01 The author explores education from the essential principles of Tawhid Oneness of God humanity knowledge fitrah concept of human nature and the role of humans as vicegerents of God on earth responsibility and stewardship The current education system dates back a hundred years or more and is in desperate need of a reboot In developing the industrialized society the education system itself became like a factory the end product being pupils who merely regurgitate facts and themselves end up as cogs in the machine that is the

wider industrial complex The legacy of this is a soulless functional educational system that fails to develop pupils to meet the present and future needs of individuals and their expectations This failure inevitably impacts on society and humanity at large Society has long since moved beyond the industrial revolution and into an age of global connectedness where the sum of human knowledge is freely available via the internet It is an age where people are generally more well informed and on a variety of issues An effective holistic educational philosophy is required one that gives full spiritual meaning to all that a child learns It should equip children with spiritual awareness morals and values social responsibility and accountability self discipline and self determination self confidence and empowerment ambition and aspiration tempered with thoughtfulness and a sense of gratitude Five Children's Stories to Teach Linda Eyre,Richard M.
