

Teaching The Troubled Child

Joseph Cambone

Teaching The Troubled Child:

Teaching Responsible Behavior Mary M. Wood, Constance Quirk, Faye L. Swindle, 2007 Teaching children and teenagers about responsible behavior is not easy First you must determine what behaving responsibly means for different age groups Next you must understand how responsible behavior can be acquired and how it affects academic achievement Finally you must know which instructional practices are effective This practical guide is intended for educators general and special parents mental health practitioners and paraprofessionals in charge of adolescents possessing challenging behaviors The instructional strategies provide insight for those already using the Developmental Therapy Developmental Teaching approach yet it maintains a gradual step by step feature offering easy comprehension to the novice The central mission of this manual is teaching students social and emotional competence to achieve responsible behavior The instructional strategies are a combination of transactional sociological and clinical theories Parents and teachers can learn to approach each situation differently carefully matching an individual s needs This revised edition comprises detailed chapters complete with examples to help parents and teachers better understand the complexities of teaching responsible behavior Publisher *Teaching the Troubled Child* George T. Donahue, Sol Nichtern, 1965 **The Troubled Child** Helen R. Moak, 1958 What to Do About Your Troubled Child Laura Stevens, MSci, Richard W. Walker, Jr., 2022-09-02 As children grow there may be times when their behavior seems out of place or troubling When there is a recurrent pattern of one or more of these types of behavior something may be wrong As a parent if you have noticed something off about the way your child has been acting perhaps it s time to take a closer look at what might actually be going on before it gets worse What to Do About Your Troubled Child is designed to provide you with the information you need to get to the bottom of the mystery If a behavioral disorder is caught early enough and treated correctly it can be greatly lessened or even eliminated Unfortunately many behavioral problems in children go undiagnosed for so long that they progress beyond the possibility of improvement This book is divided into two parts Part One looks at six of the most common behavioral disorders Obsessive Compulsive Disorder OCD Attention Deficit Hyperactivity Disorder ADHD Autism Anxiety Disorders Oppositional Defiant Disorder and Conduct Disorder Each chapter focuses on one disorder and includes a list of questions intended to determine if your child exhibits enough of the tendencies associated with this disorder to warrant a closer look It then describes the symptoms and risk factors of the problem how it may be professionally diagnosed and traditional means of treatment which include therapy and medication Part Two offers a detailed look at complementary approaches to treatment such as lifestyle changes nutrition beneficial programs and helpful devices Telling yourself that your child is bound to grow out of a certain pattern of behavior may be causing you to ignore the signs of a serious issue one that should be addressed By the time your child reaches adolescence the disorder may be too far gone Now is the time for you to understand and do something about it Now is the time to let What to Do About Your Troubled Child be your guide **Teaching Troubled Children** Joseph Cambone, 1994 This book follows Anne a teacher at Brighton a

residential treatment center for emotionally disturbed and learning disabled boys as she works for two years teaching five of the youngest and most troubled children in the school's history Anne's and her students' story raises critical questions about what and how we teach children of color poor children children whose first language is not English and children placed in the low track

Teaching Problem Solving Through Children's Literature James W. Forgan, 2003-01-28 General and special education teachers will find 40 ready to use lesson plans that focus on children's literature characters faced with problem solving situations empowering students to independently solve problems in their own lives Students are also taught a problem solving strategy that can be applied to any situation

Caring for Troubled Children James K. Whittaker, In this highly regarded work Whittaker forcefully advocates the need for residential treatment as part of a larger continuum of treatment and explores the context of the setting itself as a dynamic therapeutic factor Now available in paperback this book remains among the most notable attempts in the field to utilize an ecological perspective

Teaching Young Children to Read Adela R. Freeburger, Anthony A. Scarangelo, Ellen Margaret Doherty, Gene Carl Fusco, Harold Walton Arberg, James C. Messersmith, John Hamilton Russel, Lillian Lucile Gore, Ralph Newell Finchum, Archie Raymond Ayers, Charles Christian Hauch, George Albert Male, Rose Eleanor Koury, Sarah Parker Wood, 1963

The Elementary School Teacher Dorothy G. Petersen, 1964

Adoption for Troubled Children Douglas Powers, 1984 Experienced staff members from a children's residential center describe the special preparation needed to insure the successful adoption of older troubled children Written with enormous compassion and understanding Adoption for Troubled Children addresses the special problems encountered in the adoption of older children and demonstrates the need for synchronized efforts between and among individuals and agencies to better prepare the youngsters and families for stable and permanent adoptions Focusing on the best interests of these troubled and troubling children the authors provide case descriptions historical background and even the words of adoptable children to make a convincing appeal for more thorough and effective prevention and resolution of the problems incurred in older child adoptions
