Teachings Of Gurdjieff A Pupils Journal:

Teachings of Gurdjieff C. S. Nott, 2017-05-12 About this book This is a first hand account of a disillusioned young man who having travelled round the world studying various ways and religions finally meets Gurdjieff in New York and is convinced by seeing the demonstrations of sacred dances that at last he has found the Way he is looking for The book compiled from hundreds of pages of notes and diaries is a record of sayings and doings of Gurdjieff and their impact on the young pupil at that time It has also a description of life at the Chateau du Prieure as experienced by the pupil The journal is not an exposition of the theory of the Gurdjieff system it is rather an account of the cumulative effect on one person of practical work in an authentic esoteric school Note C S Nott s sequel *Further Teachings of Gurdjieff Journey Through This World* and his translation of *Conference of the Birds* are also available in Kindle format from Toward Publishing Basic information about Gurdjieff Gurdjieff was born in Armenia around 1870 His first tutor was a priest and he also received a scientific education in surroundings and a way of life that had changed little for centuries To his questions Who am I Why am I here he found no answer either in religion or in science but suspected that the truth lay hidden behind what had come down from the past in religious traditions and those strange myths and legends which he learned from his father a traditional bard or ashokh With inspired like minded companions he set out to find in Asia and Africa the truth he sought learning many languages and acquiring many practical skills to earn the money for his journeys In 1912 he brought to Moscow an unknown teaching a teaching that was neither a religion nor a philosophy but a practical teaching to be lived He called this teaching The Fourth Way To follow the way he proposed nothing is to be believed until verified by direct experience and life in the world is not to be renounced It is a way in life on which gradually for it cannot be done all at once everything has to be questioned one s beliefs assumptions attitudes one s whole outlook on the life of man on this Earth Man is asleep said Gurdjieff he has no real consciousness or will He is not free to him everything happens He can become conscious and find his true place as a human being in the creation but this requires a profound transformation Gurdjieff calls us to awaken telling us Man s possibilities are very great You cannot even conceive a shadow of what man is capable of attaining But nothing can be attained in sleep In the consciousness of a sleeping man his illusions his dreams are mixed with reality He lives in a subjective world and he can never escape from it And this is the reason why he can never make use of all the powers he possesses and why he lives in only a small part of himself
