Relational Social Work Fabio Folgheraiter,2004 In this innovative book Fabio Folgheraiter presents a systematic introduction to networking and reflexive practice in social work The text explores how the interested parties in social care can acquire a shared power in care planning and decision making and that when this networking occurs the efficacy of caring initiatives increases

Nursing and Multi-Professional Practice Janet McCray,2009-03-05 The book is a real find for nursing students and academics a clear and comprehensive overview of all the key ideas related to multi professional practice with learning activities to help students develop a good understanding of policy and practice issues The examples that are given will help make sense of how the theory applies to practice This is a book that will become a key source of reference throughout any undergraduate nursing programme Dr Kay Caldwell Head of the Institute of Nursing and Midwifery Middlesex University This book offers nursing students an introduction to and foundation in multi professional practice It explores the reasons behind the changing face and redesign of many services in health and social care and it looks at how this affects the readers own role in the emerging multi professional partnerships and teams Features of the book include

- o it provides a framework for developing the knowledge and practice skills needed for effective collaborative working
- o it contains examples drawn from acute medicine primary care mental health services learning disability nursing child and family social care and community nursing
- o it is embedded in real life practice and brings together examples from traditional and more innovative practice settings
- o it offers tips for successful teamworking and reflects upon likely challenges
- o the chapters are supported by a range of interactive study activities linked to the student nurse s practice placement experiences

Nursing and Multi professional Practice will help students to develop the skills for effective collaboration It has been designed to map onto the pre registration curriculum and will be invaluable reading for all nursing students as well as professionals and trainees working at the interface of health and social care

Patient-Centred Medicine in Transition Alan Bleakley,2014-01-27 This book challenges functional models for more aesthetic and ethical models where communication is grounded in values systems of cultures Here communication is treated as a distributed phenomenon involving networks of

persons activities and artifacts and extends beyond doctor patient relationships to working in and across teams around patients The purpose of the book is to stimulate thinking about how patient care and safety may be improved through a focus upon the non technical work of doctors interpersonal communication teamwork and situation awareness in teams The focus is then not on the personality of the doctor but on the dynamics of relationships which form doctors multiple identities

Counselling Skills in Social Work Practice Janet Seden, 2005-02-16 In what ways is counselling relevant to contemporary social work How do counselling skills integrate with social work roles and responsibilities This book examines these skills and their applicability drawing from social work and counselling theories and methods using clear practical examples Skills are discussed with reference to social work knowledge and values illustrating how when used competently contextually and sensitively they can appropriately underpin good social work practice Questions and activities for self development are linked to the practices discussed This new edition of Counselling Skills in Social Work Practice has been thoroughly revised to reflect the National Occupational Standards for social work which identify the importance of communication skills and a developmental understanding of people in their social contexts The chapters are linked to the six key roles for social work practice This book builds on the strengths of the first edition as well as addressing the challenges of practice in relevant legislative and policy contexts The book includes Evidence of how the competencies which underpin counselling practice are directly transferable to effective social work practice Practical advice on communication skills Examples of how to build effective working relationships a whole chapter is now devoted to the specific skills required for working within inter agency and multi disciplinary teams This book is key reading on the subject of ethical and effective social work for those teaching studying or practising in the field

Ethics, Accountability and the Social Professions Sarah Banks, 2018-06-26 This book explores the far reaching ethical implications of recent changes in the organization and practice of the social professions social work community and youth work drawing on moral philosophy professional ethics and new empirical research by the author What does the development of external regulation and audit mean for the autonomy discretion and creativity of practitioners How does inter professional working in community mental health youth offending or neighbourhood regeneration challenge conceptions of professional identities and roles What relevance does an ethics of proximity care or virtue have for professional ethics alongside more abstract principle based approaches
