work with these team use traits that mediocre teams don't use Who wouldn't want to work with a dream team like that The formula is simple Behind every successful organization is the team of people who made it happen Yes teamwork makes the dream work but there's more to it than just throwing together a group of people and hoping for the best Teams need structures around it backed up by strong leadership to get it performing at high levels But equally any team member can implement many of these traits listed in this book You are only as good as your weakest teammate So remember Rule 1 Teamwork Make The Dream Work
