Technical And Business Writing For Working Professionals

Mary Sue Garay, Stephen A. Bernhardt

Technical And Business Writing For Working Professionals:

Technical and Business Writing for Working Professionals Ray E. Hardesty, 2010-12-15 Filled with Mr Hardesty's knowledge and experience from over 25 years in the fields of technical and business communication this highly accessible clearly written volume is both a grammar review and a guide to the main topics in technical and business writing It is an invaluable aid for working professionals in all fields who find that they must now learn to be good writers and communicators

Strategies for Business and Technical Writing Kevin J. Harty, 2011 This unique anthology was created with a simple principle in mind to offer the best advice from the best sources about the most important issues business and technical writers face every day Strategies for Business and Technical Writing teaches effective writing for the world of work Reading selections from seasoned professionals in business technical and academic fields provide examples models and sound advice for writers at any level Covering such topics as audience analysis language use and misuse writing and revision processes and the influence of technology on communication in the working world this book will appeal to both practical minded students and professionals already working in business technology and industry

Business Writing in the Digital Age Natalie Canavor, 2012 Business Writing in the Digital Age fills an urgent need to equip business and MBA students to write more effectively in a style that works for today's business world Using a readable highly accessible approach and numerous concrete examples this book frames writing as a strategic tool to accomplish goals Readers learn a step by step system that tells them what to say and how to say it in every circumstance At the same time they learn how to improve their technical skills by applying practical techniques rather than grammatical rules In today's business world success depends on writing Those who write well are better able to win opportunities establish their reputation persuade others to their viewpoint and build relationships They collaborate manage and lead more effectively Writing well also equips businesspeople to function in a global marketplace and reach increasingly diverse audiences This book builds readers confidence and capabilities No matter what their starting point they absorb a solid foundation that applies to all writing They also learn the specifics of crafting messages and documents that range from the traditional like letters and proposals to media such as email blogs web sites PowerPoint and social networking This broad coverage makes the material relevant and compelling Students also develop tools to keep improving on their own and to handle new communication channels as they emerge Business Writing in the Digital Age helps teachers stay current with a changing media landscape They can use it as a complete guide to writing development drawing on the practice opportunities and group projects supplied or assign students to work with some or all the material on their own

Heroic Technical Writing Bart Leahy, 2020-08-31 Heroic Technical Writing provides the sort of advice young people need to pursue a career in technical writing It's a set of lessons that they don't teach in colleges and universities including Enhancing careers by managing business relationships responsibly Working effectively in any work environment Maximizing career opportunities with an English or liberal arts degree Managing the business of a freelance
