A Source Book for Medieval Economic History Roy Clinton Cave, Herbert H. Coulson, 1965 A Source Book for Medieval Economic History Roy Clinton CAVE (and COULSON (Herbert Henry)), Herbert Henry Coulson, 1936 A Source for Medieval Economic History Roy Clinton Cave, Herbert Henry Coulson, 1965 *Medieval Statistics* Mark Casson, John S. Lee, 2024-12-26 This book is the first to systematically examine the sources of medieval statistics It will be useful as a handbook for researchers in financial and cultural history as a history of financial record keeping and as a review of recent research into medieval finance and accounting based on statistical sources Medieval statistics provide a unique window on the past Medieval documents produced by royal governments monastic and ecclesiastical institutions urban boroughs and legal cases for debt recovery provide a mine of useful information on economic life and financial affairs They show that medieval administration was far more numerate and far more sophisticated than is usually recognized This book provides a comprehensive review of the key sources written by leading experts in the field The strengths and weaknesses of each source are reviewed using original documents for illustration and discussing examples from the recent literature The book is mainly concerned with English statistics as they have survived particularly well in both state and private records but which showcase the potential of digital technology in enabling systematic study of medieval primary sources where large databases can now be compiled from original manuscripts This edited volume will be a valuable tool for those working in financial cultural and political history as it seeks to analyse the various ways in which medieval life was documented numerically and the ways in which this information was used within existing power structures *Economic History of India* Mr. Rohit Manglik, 2024-02-19 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels **A History of Western Society, Combined Volume** John P. McKay, Bennett D. Hill, John Buckler, Clare Haru Crowston, Merry E. Wiesner-Hanks, Joe Perry, 2011-01-31 Now from Bedford St Martin s A History of Western Society is one of the most successful textbooks available because it captures students interest in the everyday life of the past and ties social history to the broad sweep of politics and culture The tenth edition has been thoroughly revised to strengthen the text s readability heighten its attention to daily life and incorporate the insights of new scholarship including an enhanced treatment of European exploration and a thoroughly revised post 1945 section With a dynamic new design new special features and a completely revised and robust companion reader this major revision makes the past memorable and accessible for a new generation of students and instructors *A History of the Middle Ages, 300-1500* John M. Riddle, 2008-03-13 This clear and comprehensive text covers the Middle Ages from the classical era to the late medieval period Distinguished historian John M Riddle provides a cogent analysis of the rulers wars and events both natural and human that defined the medieval era Taking

a broad geographical perspective Riddle includes northern and eastern Europe Byzantium and the Islamic states Each he convincingly shows offered values and institutions religious devotion toleration and intolerance laws ways of thinking and changing roles of women that presaged modernity In addition to traditional topics of pen sword and word the author explores other driving forces such as science religion and technology in ways that previous textbooks have not He also examines such often overlooked issues as medieval gender roles and medicine and seminal events such as the crusades from the vantage point of both Muslims and eastern and western Christians In addition to a thorough chronological narrative the text offers humanizing features to engage students Each chapter opens with a theme setting vignette about the lives of ordinary and extraordinary people The book also introduces students to key controversies and themes in historiography by featuring in each chapter a prominent medieval historian and how his or her ideas have shaped contemporary thinking about the Middle Ages Richly illustrated this lively engaging book will immerse readers in the medieval world an era that shaped the foundation for the modern world

The Queens Regnant of Navarre Elena Woodacre,2013-09-04 The five queens of Navarre were the largest group of female sovereigns in one European realm during the Middle Ages but they are largely unknown beyond a regional audience This survey fills this scholarly lacuna focusing particularly on issues of female succession agency and power sharing dynamic between the queens and their male consorts

Texts from the Middle Thomas E Burman,Brian A. Catlos,Mark D. Meyerson,2022-08-23 Texts from the Middle is a companion primary source reader to the textbook The Sea in the Middle It can be used alone or in conjunction with the textbook providing an original history of the Middle Ages that places the Mediterranean at the geographical center of the study of the period from 650 to 1650 Building on the textbook s unique approach these sources center on the Mediterranean and emphasize the role played by peoples and cultures of Africa Asia and Europe in an age when Christians Muslims and Jews of various denominations engaged with each other in both conflict and collaboration The supplementary reader mirrors the main text s fifteen chapter structure providing six sources per chapter The two texts pair together to provide a framework and materials that guide students through this complex but essential history one that will appeal to the diverse student bodies of today

The Economic History of European Jews Michael Toch,2012-09-28 The Economic History of European Jews attempts to make sense of the economic foundations of Jewish life in the different parts of late antique and early medieval Europe In the first part Michael Toch describes the demographic arc decline subsequent rise and spatial distribution of Jewish populations This data is then broadened to include the range of economic activities The second part analyses the

actual share of Jews in different branches of the economy This includes the idea of their pioneer role and the notion of an intercontinental network of Jewish commerce the phenomenon of Jews in agriculture and entrepreneurship gender roles and the household mode of production and the difficult subject of the significance of minority status for economic activity among other subjects This is the most up to date scholarly reassessment of a century of both overly optimistic and occasionally negative interpretations of Jewish population and economic activities a boon to students and researchers of the first millennium of the Jewish experience in Europe and an interesting read for the general public S Bowman University of Cincinnati
