South Africa No Easy Path To Peace A Methuen Paperback:

Africa Air University (U.S.). Library, 1988 **Broadcasting the End of Apartheid** Martha Evans, 2014-07-15 South Africa came late to television when it finally arrived in the late 1970s the rest of the world had already begun to boycott the country because of apartheid While the ruling National Party feared the integrative effects of television they did not foresee how exclusion from globally unifying broadcasts would gradually erode their power South Africa was barred from participating in some of television s greatest global attractions including sporting events such as the Olympics and contests such as Miss World With the release of Nelson Mandela from prison came a proliferation of large scale live broadcasts as the country was permitted to return to international competition and its re admittance was played out on television screens across the world These events were pivotal in shaping and consolidating the country s emerging post apartheid national identity **Broadcasting the End of Apartheid** assesses the socio political effects of live broadcasting on South Africa s transition to democracy Martha Evans argues that just as print media had a powerful influence on the development of Afrikaner nationalism so the liveness of television helped to consolidate the post apartheid South African national identity **Shades of Difference** Pdraig O'Malley, 2025-05-05 Mac Maharaj played a pivotal role in the liberation movement for nearly four decades suffering brutal tortures and twelve years imprisonment on Robben Island with Nelson Mandela It was Maharaj who smuggled out the manuscript of Mandela s autobiography and later re entered South Africa to establish a political and military underground on a mission so secret that only those at the highest levels were even aware of its existence Drawing from extensive interviews with Maharaj over eleven years and hitherto unavailable documents Pdraig O Malley vividly renders a true tale of heroism and a gripping insider s look at the struggle for freedom in South Africa Negotiated Revolutions George Lawson, 2017-03-02 Straightforward histories of post revolution States have all too often failed to provide sufficient context to rescue revolution both as concept and practice from the misplaced triumphalism of the contemporary world In Negotiated Revolutions George Lawson marks a definitive departure in the study of radical political and socio economic change presenting a unique comparative analysis of three transformations from authoritarian rule to market democracy Through the lens of international sociology the book critically considers the large scale processes of social and political revolution bringing three apparently distinct transformations from seemingly disparate authoritarian regimes and geographies under a common rubric With unique and novel conceptual analysis the book accurately locates both the potential and actuality of radical change in contemporary world affairs processes usually mistakenly subsumed under the general framework of transitology *The Publishers Weekly*, 1987 South Africa Graham Leach, 1986-01-01 **South Africa** Geoffrey V. Davis, 1994 **Great Events from History II.: 1982-1991** Frank Northen Magill, 1992 This reference resource presents entirely original articles treating twentieth century events never before covered The current five volumes of Human Rights address 462 topics in the history of human rights both instances of human rights denial and human rights
