Englishes. **Language in South Asia** Braj B. Kachru, Yamuna Kachru, S. N. Sridhar, 2008-03-27 South Asia is a rich and fascinating linguistic area with many hundreds of languages from four major language families representing the distinctions of caste, class, profession, religion, and region. This comprehensive new volume presents an overview of the language situation in this vast subcontinent in a linguistic, historical, and sociolinguistic context. An invaluable resource, it comprises authoritative contributions from leading international scholars within the fields of South Asian language and linguistics, historical linguistics, cultural studies, and area studies. Topics covered include the ongoing linguistic processes, controversies, and implications of language modernization; the functions of South Asian languages within the legal system, media, cinema, and religion; language conflicts and politics; and Sanskrit and its long traditions of study and teaching. Language in South Asia is an accessible interdisciplinary book for students and scholars in sociolinguistics, multilingualism, language planning, and South Asian studies.

Interpreting Homes in South Asian Literature Malashri Lal, Sukrita Paul Kumar, The search for the location in which the self is at home has been one of the primary projects of modern literature all over the world. Interpreting Homes: South Asian Literature attempts to map the narratives of the home in South Asian literature from the advance of modernity on the subcontinent till the present day. It aims to read more than the domestic into representations of the home to explore not only the geographical but also the psychological and material connotations of home. Its goal is to disassemble the concept of home in all its incarnations as confinement, as stability, as security, as myth, and as desire. The book problematizes home and its experience in different contexts. It investigates if and how home changes its significations when articulated from different locations in different languages and by different subjects, paying particular attention to ideological

determinants like gender and class The editors of the anthology have encouraged contributors to also address diaspora writing and to achieve the widest possible comparative perspective Though the focus has been kept on literature some papers deal with cultural narratives of home in oral and folk mediums The collection comprises of an Introduction and 18 original essays divided into six thematic sections The Syntax of Spoken Indian English Claudia Lange, 2012 This book offers an in depth analysis of several features of spoken Indian English that are generally considered as typical but have never before been studied empirically Drawing on authentic spoken data from the International Corpus of English Indian component the book focuses on the domain of discourse organization and examines the form function and distribution of invariant tags such as isn't it and no na non initial existential there focus markers only and itself topicalization and left dislocation By focusing on multilingual speakers interactions the study demonstrates conclusively that spoken Indian English bears all the hallmarks of a vibrant contact language testifying to a pan South Asian grammar of culture which becomes apparent in contact induced language change in spoken Indian English The book will be highly relevant for anyone interested in postcolonial varieties of English contact linguistics standardization and discourse pragmatic sentence structure
