South Pacific International Security Issues:

International Security Issues United States. Congress. Senate. Committee on Armed Services, 1983 **The DISAM Journal of International Security Assistance Management** ,2007 **International Security in the Asia-Pacific** Alan Chong, 2017-09-13 This volume argues that international security in the Asia Pacific lends itself to contradictory analyses of centrifugal and centripetal trends Transitional polycentrism is intrinsically awkward as a description of the security of states and their populations it implies the loosening of state control and the emergence of newly asserted authority by mixed constellations of intergovernmental organizations and non state actors It implies a competition of agendas threats to the integrity of borders and human security threats such as natural disasters airliner crashes and displacement by man made pollution and food scarcity Conversely polycentrism could also imply a return to a more neo realist oriented international order where great powers ignore ASEAN and steer regional order according to their perceived interests and relative military superiority This book embraces these contradictory trends as a foundation of analysis and accepts that disorder can also be re described from the perspective of studied detachment as polycentric order **International Security and the United States** Paul Bellamy, Karl DeRouen Jr., 2007-12-30 Shaped by often very dramatic events international security and the international system have changed significantly in recent years The conclusion of the Cold War the emergence of new political systems the growth of significant threats such as terrorism and the development of new security doctrines have driven global transformation These volumes provide detailed information on countries from every geographic region and continent on the globe evaluating their relationship with the United States and measuring the potential security threats posed by each The contributors consider factors such as geography and history the political systems of each state their human rights records the ability to maintain law and order and provide security within their own borders the impact of current administrations rulers or regimes on a nation s foreign policy and the regional factors that often dictate local politics in order to make their assessments All of the entries in this set follow a standardized outline and present a concise but detailed assessment of each country Each entry begins with a discussion of geography through which the contributors identify the state s natural resources environmental issues and the extent of its territorial jurisdiction The focus then shifts to social and political organizations Populations are broken down by not only numbers but by ethnic and religious affiliations access to health care education housing and income All of those aspects are often a reflection of the system of government in place Like the United States those governments are comprised of different parties or leaders with various interests The contributors assess those entities and interests within each country They measure the ways in which factors of religion nationalism and globalism impact and shape not only domestic policies but also foreign policy and ultimately the country s relationship to the United States Other areas such as military organizations and activities records on human rights and justice recognition of and adherence to international conventions and national attitudes towards security are also considered

Every entry also includes an assessment of current and potential security issues and an analysis of current terrorist threats that may already be in place or that are beginning to develop in various nations Each entry concludes with a summary of current relationships with the United States Those relationships are defined by the identification and brief analysis of formal trade aid or military treaties in place between the United States and other nations the general attitude of a nation's citizenry and its government towards the U S and finally identifying any social and cultural links between nations and the U S migration patterns language economies Finally possible changes and trends that will impact security issues are identified by the contributors Taken in their entirety these encyclopedias contain a wealth of information in a concise format that will serve as a valuable reference guide not only for specialists but general readers as well

Politics, Development and Security in Oceania David Hegarty, Darrell Tryon, 2013-04-01 French and Australian collaborative research in the humanities and the social sciences in the South Pacific has grown and intensified significantly over the past two decades beginning with the international symposium *Changing Identities in the Pacific at the Dawn of the Twenty First Century* held at the Australian Embassy in Paris in 1997 In April 2006 another French government sponsored international symposium AGORA Ateliers Gouvernance et Recherche Appliquée was held at IRD Institut de Recherche pour le Développement Noumea New Caledonia major themes being governance and economic development again bringing together Francophone and Anglophone scholars from France and the Pacific region This was followed in October 2009 by two conjoint Francophone Anglophone conferences held at the IRD Centre in Noumea *Stability Security and Development in Oceania* preceded by AGORA 2 an international conference on Anglophone research in the humanities and the social sciences in the Francophone Pacific sponsored by the French Government and the Government of New Caledonia The first of these conferences was sponsored by the French Fonds Pacifique and the State Society and Governance Program at The Australian National University An edited selection of presentations from this symposium constitutes the present volume

Preface

Nuclear Weapons and International Security Ramesh Thakur, 2015-02-11 This volume brings together more than three decades of research and writings by Professor Ramesh Thakur on the challenges posed by nuclear weapons Following an introduction to the current nuclear state of play the book addresses the challenge of nuclear weapons in three parts Part I describes the scholar practitioner interface in trying to come to grips with this challenge the main policy impact on security strategy and the various future nuclear scenarios Part II addresses regional nuclear challenges from the South Pacific to East South and West Asia and thereby highlights serious deficiencies in the normative architecture of the nuclear arms control and disarmament regime In the third and final part the chapters discuss regional nuclear weapon free zones NPT anomalies and their implications for the future of the nuclear arms control regime and finally assess the global governance architecture of nuclear security in light of the three Nuclear Security Summits between 2010 and 2014 The concluding chapter argues for moving towards a world of progressively reduced nuclear weapons in numbers reduced salience of nuclear weapons in

national security doctrines and deployments and ultimately a denuclearized world This book will be of much interest to students of nuclear proliferation global governance international organisations diplomacy and security studies **Tourism, Security and Safety** Yoel Mansfeld, Abraham Pizam, 2006 In recent years the tourism industry has focused on the issues of safety and security and sought to develop crisis management solutions This text draws on the work of leading academics and practitioners to create a multi dimensional analysis of the subject *World Politics and the Challenges for International Security* Chitadze, Nika, 2022-03-18 World politics as a scientific discipline was established during the second half of the 20th century and has gained rapid distribution in many countries This field of study focuses attention on current political processes as well as the potential of further development It is essential to analyze world politics to move progress forward while also strengthening international security and the creation of a safer civilization World politics cannot be understood without the combined knowledge of history economics law social sciences and psychology *World Politics and the Challenges for International Security* describes the global processes in the field of world politics and international security and discusses global problems global security and the threats and challenges that currently affect global society Covering topics such as digital diplomacy political corruption and terrorist psychology this book is essential for political scientists researchers policymakers global leaders national security officers diplomats professors and students of higher education and academicians **Safety and Security in Tourism** C Michael Hall, Dallen J. Timothy, David Timothy Duval, 2012-12-06 How will the travel and tourism industry respond to the terrorist attacks on America The recent terrorist attacks in the United States and their repercussions for the travel and leisure industries have focused more attention on tourism safety and security issues than ever before The impact on tourism destinations and businesses as well as on traveler behavior will be significant Recent events require further analysis not only of how travel safety may be improved but also how security issues may be seen in terms of tourism marketing and management so that the industry is able to better respond to such challenges In this an era of turbulent global relationships the need for destination marketing organizations to demonstrate that they are safe for tourists has become increasingly important Negative publicity often unrelated to on the ground reality may also serve to affect tourist perceptions *Safety and Security in Tourism Relationships Management and Marketing* examines the effects of the September 11 2001 attacks on the tourism industry and how the industry is responding the importance of safety as a factor in destination or activity choice case studies of destination and business responses to past political instability and or attacks against tourists safety security and destination image the role of the media in influencing consumer perceptions of travel safety consumer awareness of travel advisories and their influence on behavior the role of insurance in the travel industry consumer awareness and acceptance of security measures in travel and tourism safety and security as a component in destination marketing crisis and risk management in the tourism industry cross border security and visa controls and their implications for tourism safety and security measures for tourists in different sectors and in

airports Tourism has often been cited as a force for peace yet tourism is typically one of the first industrial casualties of war and political unrest This book examines tourism safety and security issues to give you a better knowledge base from which to respond to future events The Pacific Island States S. Henningham, 1995-10-25 In the volatile post Cold War era the small vulnerable states of the Pacific Islands region face several challenges to their security and sovereignty This book focuses on these challenges as part of an examination of security and defence issues in the region It considers trends and issues over the last decade and the uncertain prospects over the next The book emphasizes political diplomatic and military matters including the role of external powers but also considers environmental economic and resources issues Island Tourism and Sustainable Development Yorghos Apostolopoulos, Dennis J. Gayle, 2002-03-30 This multidisciplinary volume discusses the impact of tourism on sustainable development in the Caribbean the Pacific and the Mediterranean Bringing together scholars development practitioners international experts and professionals the contributors discuss the issues from a holistic and transnational perspective This work provides a much needed thorough understanding of the interplay among economic cultural environmental and public health parameters The contributors provide a workable definition of sustainable development that can be understood conveyed and implemented by policy makers development practitioners and tourism professionals Among the special issues addressed here are the role of women in tourism the contradictions inherent in cultural tourism the hegemony of tour operators disease mapping and risk assessment and island community involvement in tourism related land use planning *Development in an Insecure and Gendered World* Jacqueline Leckie, 2016-04-22 The Millennium Declaration was adopted by the United Nations General Assembly in 2000 and explicit targets were set to eradicate key problems in human development by 2015 This collection focuses specifically on the goals relating to gender issues that are problematic for women The most relevant and contentious is that of promoting gender equality and empowering women The book provides an overview of this and investigates literature that considers how gender is central to achieving the other goals The contributors distinctively consider gender in the context of human security or insecurity the reduction and elimination of conflict would seem to be central to achieving targets One of the major themes of this collection is whether gender insecurity has been exacerbated in an increasingly insecure world The book considers not only military and civilian conflict in the contemporary era but also security in the broader sense of human development such as environmental reproductive and economic security *Strategic Challenges* Stephen J. Flanagan, James A. Schear, 2008-02 Experts analyze seven key security challenges *Globalization and Environmental Challenges* Hans Günter Brauch, Úrsula Oswald Spring, Czesław Mesjasz, John Grin, Pál Dunay, Navnita Chadha Behera, Béchir Chourou, Patricia Kameri-Mbote, P. H. Liotta, 2008-01-23 Put quite simply the twin impacts of globalization and environmental degradation pose new security dangers and concerns In this new work on global security thinking 91 authors from five continents and many disciplines from science and practice assess the worldwide reassessment of the meaning of security triggered by the end of the Cold War and

globalization as well as the multifarious impacts of global environmental change in the early 21st century [Air University Library Index to Military Periodicals](#) ,1998 [Prudence, Pragmatism And Principle: New Zealand's Security In The 21st Century](#) Jim Rolfe,2024-07-23 Prudence Pragmatism and Principle examines New Zealand s approach to national security by taking the country s own definition of security and examining each of the components within that definition to determine what the country has or has not done to achieve security The book highlights the centralised all of government approach to achieving security policy and its more distributed and focused approach to responding to national security issues It also evaluates the degree to which the country chooses to follow a path of prudence pragmatism or principle in achieving its security The emphasis on each of those is different according to the issue The author first presents the development of New Zealand s thinking about security issues and the structure of the national security system He then delves into case studies of security concern including the national demand for security international disorder New Zealand s immediate region and its security disruptions in the domestic sphere and natural hazards as a security issue The final substantive chapter examines how New Zealand works to achieve its security goal of the freedom of citizens to make the most of opportunities to advance their way of life an unusual national security goal and one that is difficult to achieve or even to define [East Asia, the West and International Security](#) Robert O'Neill,1987-06-18 [Security & Arms Control in the North Pacific](#) A. Mack,P. Keal,2023-05-26 First published in 1988 Security others focus on particular issues the nuclear infrastructure controlling the arms trade confidence building and naval arms control A unifying theme of this collection is the tension between military and non military approaches to security between threat and reassurance and between deterrence and confidence building This comprehensive book is a must read for scholars and researchers of security studies defence studies international politics and diplomacy [Redefining the Pacific?](#) Ian Frazer,2017-05-15 This comprehensive volume examines the future effectiveness of regional institutions as well as key questions concerning the attempts to overcome ongoing serious problems of security governance and poor economic performance in the Pacific What is obvious from this collection is that a new and stronger commitment to overcoming national problems is required through regional cooperation The volume is highly suited to courses on international political economy security and regional cooperation [Challenges for the 1990s for Arms Control and International Security](#) National Academy of Sciences,Policy and Global Affairs,Office of International Affairs,Committee on International Security and Arms Control,1989-02-01 Featuring essays by prominent experts in international security this volume surveys the status and prospects for progress in every major area of arms control under active negotiation strategic and conventional force reductions a chemical weapons ban and the vitality of the nuclear nonproliferation treaty regime Also included is a fascinating account of the implementation of the INF Treaty through on site inspections to verify missile destruction by the director of the U S On Site Inspection Agency Brigadier General Roland Lajoie Roald Sagdeev a prominent Soviet scientist and expert on security matters offers his views of the Soviet Union s restructuring of its approach to national
