

# South Shore The Last Interurban

**Christopher Rund**

## **South Shore The Last Interurban:**

**South Shore** William D. Middleton, 1999 Here is the new expanded edition of William D Middleton s much admired book on the Chicago South Shore and South Bend Railroad In more than 250 photographs maps and schematic drawings the rising and sinking fortunes of this technological triumph are chronicled from the first decade of the 20th century to the present day Using the same technology that produced the electric street railway the interurbans helped bridge the gap between the horse and buggy era in rural America to the modern age of paved highways and family automobiles The Chicago South Shore Line is unique among the nearly 10 000 lines operating at the end of World War I not because it didn t suffer the same triumphs and tragedies but because it is the only one to have survived It still provides electric transportation over precisely the same route it has served since the first decade of the 20th century **South Shore The Last Interurban** is essential reading for all those interested in rapid transit railroads railroad history and the impact of America s last interurban **How to**

**Draw and Paint Trains Like a Pro** Mitch Markovitz, **North American Railroads** Brian Solomon, 2014-10-21 This richly illustrated encyclopedia of classic and contemporary railroads features histories of 101 U S and Canadian railroads past and present It is the go to resource for railfans of all stripes *Streetcars of America* Brian Solomon, John Gruber, 2014-06-10 The handsome multicolored streetcar is a nostalgic icon of the some of the most romantic and heritage rich locales in America including San Francisco New Orleans and Chicago immortalised on stage and screen in classics including *Meet Me In St Louis* and *A Streetcar Named Desire* *Streetcars of America* chronicles these vehicles from the earliest animal drawn carriages to the height of their popularity in the 1920s when there were more than 1 200 tram railways to the turning of the tide in the mid twentieth century when congestion and attacks from the automobile industry eventually pushed streetcars from most urban landscapes But it also looks at the recent efforts to revive tram heritage that have led to vintage streetcars becoming a hip and environmentally friendly daily commuter service as well as tourist attraction in more than thirty cities including Memphis and Washington DC **The Lincoln Highway Across Indiana** Jan Shupert-Arick, 2009 The Lincoln Highway across Indiana explores Indiana s unique role in Lincoln Highway history and celebrates Indiana s place in early automotive and road building history Once known as the Main Street of America the Lincoln Highway route was established across northern Indiana in 1913 linking larger cities Fort Wayne Elkhart Goshen South Bend LaPorte and Valparaiso to smaller communities Most Lincoln Highway towns renamed their main streets Lincolnway in recognition of the nation s first coast to coast auto road When the Lincoln Highway Association shortened the route in 1926 the route linked Fort Wayne to Columbia City Warsaw and Plymouth giving the state two Lincoln Highway routes From Fort Wayne to the famous Ideal Section between Dyer and Schererville Indiana s Lincolnway towns remain proudly connected to Lincoln Highway history Through vintage photographs postcards advertisements and other historical records this armchair tour of the highway visits sites favored by early tourists documents the people and places that made the highway a vital corridor and

celebrates Hoosier Carl Fisher's leadership in the formation of the Lincoln Highway Association as well as the people who work to preserve its legacy today

**The Electric Pullman** Lawrence A. Brough, 2013-04-18 A history of the Ohio railroad car and equipment company and its 16 year run Entering an already crowded and established industry the Niles Car Manufacturing Company in Ohio began business with surprising success producing well over 1 000 electric and steam railway cars cars so durable they rarely needed to be replaced That durability essentially put the company out of business and it vanished from the scene as quickly as it had appeared leaving little behind except its sturdy railway cars The story of this highly regarded company spans just 16 years from Niles's incorporation in 1901 to the abandonment of railway car production and sale of the property to a firm that would briefly build engine parts during World War I Including unpublished photographs and rosters of railway cars produced by the company and still in existence in railroad museums The Electric Pullman will appeal to railroad enthusiasts everywhere Praise for The Electric Pullman Required reading for anyone interested in interurban history It holds additional appeal for those interested in Ohio history or the junction point between business society and technology Lexington Quarterly Although not one of the major manufacturers in its field the Niles company produced some notable and well remembered equipment during the height of the electric interurban railway era Indeed among some interurban railway historians Niles cars are sacred objects As such its story deserves to be told and theoretically would be a logical complement to IUP's books on the Brill and Jewett companies Brough himself is a serious historian who knows his subject and has clearly mined all the sources that seem to exist Herbert H Harwood Jr author of The Railroad that Never Was and The New York Westchester Boston Railway

**The Indiana Rail Road Company, Revised and Expanded Edition** Christopher Rund, Fred W. Frailey, Eric Powell, 2011-11-28 The Indiana Rail Road Company is a story of extraordinary success among the scores of independent short line and regional railroads spawned in the wake of railroad deregulation Christopher Rund chronicles the development of the company from its origins as part of America's first land grant railroad the Illinois Central through the political and financial juggling required by entrepreneur Tom Hoback to purchase the line when it fell into disrepair Reborn as a robust profitable carrier the INRD has become a model for the new American regional railroad This revised edition with a new foreword by acclaimed author Fred Frailey and four new chapters brings readers up to date on Tom Hoback's amazing railroad adventure

**Evolution of the American Diesel Locomotive** J. Parker Lamb, 2007-06-14 An important contribution to railroad technological history The book's strength is the author's mastery of the mechanical details Mark Reutter editor Railroad History The diesel locomotive sent shock waves through rigid corporate cultures and staid government regulators For some the new technology promised to be a source of enormous profits for others the railroad industry seemed a threat to their very livelihoods Evolution of the American Diesel Locomotive introduces the reader to the important technological advances that gave rise to diesel engines examining not only their impact on locomotive design but also their impact on the economic and social landscapes J Parker Lamb describes the

development of these technologies allowing the reader to fully understand how they were integrated and formed a commercially successful locomotive Like its companion volume Perfecting the American Steam Locomotive IUP 2003 this book emphasizes the role of the leading engineers whose innovations paved the way for critical breakthroughs Rail fans will appreciate this authoritative work A host of books and articles have touched on various aspects of this ongoing story over the years but none tell the story with the completeness and superb clarity found here Michigan Railfan Lamb provides the reader with detailed descriptions of every generation of diesel locomotive along with a generous supply of excellent photographs Technology and Culture     **John Frank Stevens** Clifford Foust,2013-10-23 One of America s foremost civil engineers of the past 150 years John Frank Stevens was a railway reconnaissance and location engineer whose reputation was made on the Canadian Pacific and Great Northern lines Self taught and driven by a bulldog tenacity of purpose he was hired by Theodore Roosevelt as chief engineer of the Panama Canal creating a technical achievement far ahead of its time Stevens also served for more than five years as the head of the US Advisory Commission of Railway Experts to Russia and as a consultant who contributed to many engineering feats including the control of the Mississippi River after the disastrous floods of 1927 and construction of the Boulder Hoover Dam Drawing on Stevens s surviving personal papers and materials from projects with which he was associated Clifford Foust offers an illuminating look into the life of an accomplished civil engineer     The Well-Dressed Hobo Rush Loving,2016-03-23 A sweeping and grand epic on the renaissance of American railroading from the Fortune journalist and author of The Men Who Loved Trains The Baltimore Sun After decades of covering the railroad industry for Fortune magazine journalist Rush Loving Jr offers his unique insider s view into the many dramas triumphs failures and adventures of the great American railroads Loving has shared meals and journeys with everyone from the industry s greatest leaders to conductors brakemen and even a few hobos Now in this fascinating combination of history and memoir he recalls the many colorful people he s met on the rails Loving shares stories he collected in locomotive cabs business cars executive suites and even the White House They paint a compelling intimate portrait of the railroad industry and its leaders both inept and visionary Above all Loving tells stories of the dedicated men and women who truly love trains and know the industry from the rails up     On Railways Far Away William D. Middleton,2021-12-22 The photographer shares over 200 images from his sixty year career covering railroad tourism across the world plus the stories behind them In this lavishly illustrated memoir William D Middleton invites readers to climb aboard and share with him sixty years of railroad tourism around the globe Middleton s award winning photography has recorded events such as the final days of American Civil War locomotives in Morocco and the start up of the world s first high speed railway in Japan He has photographed such great civil works as Scotland s Firth of Forth Bridge and the splendid railway station at Haydarpasa on the Asian side of the Bosphorus while closer to home he has been recognized for his significant contribution to the photographic interpretation of North America s railroading history On Railways Far Away presents over 200 of Middleton s

favorite photographs and the personal stories behind the images It is a book that will delight both armchair travelers and those for whom the railroads still hold romance Praise for On Railroads Far Away Few American chroniclers of the international railroad scene have shown the versatility and insight of William D Middleton As an author and a photographer not to mention a professional engineer he demonstrated an uncanny ability to connect all the dots in railroading from all corners of the world In this book he does it with an inimitable personal touch Kevin P Keefe publisher Classic Trains magazine Middleton will go down as the only producer of popular railroad history who was able to present such a broad coverage of railways during his lifetime There has never been a person with his wide range of talents as a researcher writer and photographer his personal discipline to be a steady producer of historical publications and his unrivaled zeal to record railroad activity in interesting spots around the globe Many have excelled in one or even two of these categories but no one has ever come close to his overall record It will take a generation for the breadth depth and significance of his total contribution to be appreciated J Parker Lamb author of Railroads of Meridian      **Off the Main Lines** Don L.

Hofsommer,2020-03-04 A railway history expert vividly portrays a way of life no longer seen A fascinating insight into historical American railroading Railways Illustrated In this visually stunning and comprehensive photographic essay railroad historian and photographer Donovan L Hofsommer records the end of branchline passenger service the demise of electric railroads the transition from steam to diesel power as well as the end of common carrier freight service on the Colorado narrow gauge Off the Main Lines carries readers along out of the way railways in Iowa Minnesota Missouri Colorado Oklahoma Texas Montana and South Dakota to see the changes that occurred on these lines from the 1940s to the 1990s If you miss the Milwaukee recall the Rock Island suffer from the loss of the Soo Line maintain sadness for the Santa Fe can't forget the Frisco absent mindedly buried the Burlington Route in oblivion or still maintain romantic recollections of the Katy you'll find Dr Hofsommer's Off the Main Lines exactly where you need to be Lexington Quarterly A fitting tribute to its subject railroad enthusiasts across the upper Midwest and beyond will find Hofsommer's personalized history to be both edifying and immensely rewarding The Annals of Iowa An interesting blend of historical fact and personal reminiscence and traces the author's own personal 60 year rail odyssey to a variety of off the beaten path locations Michigan Railfan All in all this is a good photographic essay of some lesser known routes and as usual I picked up a few more pieces of information to use at a railroad trivia night The Villager      *The Indiana Rail Road Company* Christopher Rund,2006 Christopher Rund chronicles the development of the Indiana Rail Road Company from its origins of part of America's first land grant railroad the Illinois Central through the political and financial juggling required by entrepreneur Tom Hoback to purchase the line when it fell into disrepair The company was reborn as a robust profitable carrier and has become a new model for America's regional railroads BOOK JACKET      **Railroaders without Borders** H. Roger Grant,2015-10-22 For over 25 years the creatively led Railroad Development Corporation RDC has rejuvenated a series of down and out and even defunct railroads

Launched in 1987 by Henry Posner III this investment and management company has demonstrated that it is possible both to have a conscience and to earn a profit in today's railroad industry With ventures on four continents RDC has created an admirable record of long term commitments respect for local cultures and protection of the public interest H Roger Grant presents a firsthand look at this unique business operation and its triumphs and disappointments **Boomer** Linda Grant Niemann, 2011-04-07 A fascinating mix of fact history self confession self accusation and self forgiveness a diary of both emotional relationships and travel Pasatiempo This classic account of self discovery and railroad life describes Linda Grant Niemann's travels as an itinerant brakeman on the Southern Pacific Boomer combines travelogue Wild West adventure sexual memoir and closely observed ethnography A Berkeley Ph D Niemann turned her back on academia and set out to master the craft of railroad brakeman beginning a journey of sexual and subcultural exploration and traveling down a path toward recovery from alcoholism In honest clean prose Niemann treks off the beaten path and into the forgotten places along the rail lines finding true American characters with colorful pasts and her true self as well Ma kes the railroad experience come alive with all its grit danger romance and general outrageousness Possibly the finest book I've ever read about the actual experience of working on the railroad Trains Magazine Niemann has a taut lyrically restrained but vividly descriptive style with an observational vigilance befitting a brakeman's mindset and her narrative clips along like a boxcar rolling through the yard Bloom Magazine A remarkable adventure tale the occupational odyssey of the Ph D in literature who immerses herself in blue collar America Library Journal *Railroads and the American People* H. Roger Grant, 2018-11-01 A wealth of vignettes and more than 100 black and white illustrations Does a fine job of humanizing the iron horse The Wall Street Journal In this social history of the impact of railroads on American life H Roger Grant concentrates on the railroad's golden age from 1830 to 1930 He explores four fundamental topics trains and travel train stations railroads and community life and the legacy of railroading in America illustrating each with carefully chosen period illustrations Grant recalls the lasting memories left by train travel both of luxurious Pullman cars and the grit and grind of coal powered locals He discusses the important role railroads played for towns and cities across America not only for the access they provided to distant places and distant markets but also for the depots that were a focus of community life and reviews the lasting heritage of the railroads in our culture today This is an engaging book of train stories from one of railroading's finest historians Choice Highly recommended to train buffs and others in love with early railroading Library Journal With plenty of detail Grant brings a bygone era back to life addressing everything from social and commercial appeal racial and gender issues safety concerns and leaps in technology A work that can appeal to both casual and hardcore enthusiasts Publishers Weekly starred review **Built to Move Millions** Craig R. Semsel, 2008-04-17 A hobbyist's enthusiasm curiosity and attention to detail exude from this technological history of Ohio's streetcar industry Highly recommended Choice At the beginning of the twentieth century the street railway industry was one of the largest in the nation Once ubiquitously visible

on the city streets by mid century the streetcar was nothing more than a distant memory Ohio was home to several large streetcar systems especially in Cleveland and Cincinnati and had more interurban tracks than any other state in the union Thus Ohio served as one of the street railway industry s greatest centers of manufacturing Built to Move Millions examines the manufacture of streetcars and interurbans within the state of Ohio between 1900 and 1940 In addition to discussing the five major car builders that were active in Ohio during this period the book addresses Ohio companies that manufactured the various components that went into these vehicles Includes extensive photos **Frank Julian Sprague** William D.

Middleton,2009-09-25 This biography of the Father of Electric Traction details the life and times of an exceptional engineer maverick innovator and entrepreneur NMRA Magazine Frank Julian Sprague invented a system for distributing electricity to streetcars from overhead wires Within a year electric streetcars had begun to replace horsecars sparking a revolution in urban transportation Sprague 1857 1934 was an American naval officer turned inventor who worked briefly for Thomas Edison before striking out on his own Sprague contributed to the development of the electric motor electric railways and electric elevators His innovations would help transform the urban space of the 20th century enabling cities to grow larger and skyscrapers taller The Middletons generously illustrated biography is an engrossing study of the life and times of a maverick innovator The authors weave this biography through time with technological and political details that make Sprague human a creative soul pressing his ideas with a sports like outcome some wins some losses and some ties I recommend this well written book detailing the life of the Father of Electric Traction to explain the development of what we so casually take for granted Trains No one has previously used Sprague s personal papers in a published biography Recommended Choice Frank Sprague is a major historical figure who for decades lacked a significant biography This void has been ably and engagingly filled in this book by the dean of electric traction authors William D Middleton and his son William III Classic Trains *Visionary Railroader* H. Roger Grant,2008-09-17 Visionary Railroader chronicles the life of a key figure in the history of rail travel in the United States As president of the Baltimore Ohio Railroad Jervis Langdon Jr had the opportunity to put progressive concepts into practice In 1964 Langdon took charge of the Rock Island and by the time he left in 1970 he had spearheaded major improvements for this struggling carrier The same year he became lead trustee for the bankrupt Penn Central and three years later assumed the presidency From his role in passing the Regional Rail Reorganization Act of 1973 to his work on creating the quasi public Conrail Visionary Railroader examines the impact of Langdon s active life with clear text unique representations of media of the day and select family photos **Electric**

**Interurbans and the American People** H. Roger Grant,2016-10-31 A well written social history of the shortest lived major US transportation mode from the railway historian and author of A Mighty Fine Road Choice One of the most intriguing yet neglected pieces of American transportation history electric interurban railroads were designed to assist shoppers salesmen farmers commuters and pleasure seekers alike with short distance travel At a time when most roads were unpaved and horse

and buggy travel were costly and difficult these streetcar like electric cars were essential to economic growth But why did interurban fever strike so suddenly and extensively in the Midwest and other areas Why did thousands of people withdraw their savings to get onto what they believed to be a gravy train How did officials of competing steam railroads respond to these challenges to their operations H Roger Grant explores the rise and fall of this fleeting form of transportation that started in the early 1900s and was defunct just 30 years later Perfect for railfans *Electric Interurbans and the American People* is a comprehensive contribution for those who love the flanged wheel With this book the subject no longer has footnote status In fact Grant s work deserves a place alongside some of the other landmark surveys of the subject Here Grant moves beyond the receiverships the rickety track and all that fascinating rolling stock He shows us why the whole darned thing mattered *Railroad History* H Roger Grant has produced a fine social history of America s electric interurbans exploring the relationship between people and those railway enterprises The book fills a void is eminently readable and richly illustrated Don L Hofsommer author of *Off the Main Lines*

## Unveiling the Magic of Words: A Report on "**South Shore The Last Interuban**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**South Shore The Last Interuban**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.

### **South Shore The Last Interuban Introduction**

In the digital age, access to information has become easier than ever before. The ability to download South Shore The Last Interuban has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download South Shore The Last Interuban has opened up a world of possibilities. Downloading South Shore The Last Interuban provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading South Shore The Last Interuban has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download South Shore The Last Interuban. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading South Shore The Last Interuban. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading South Shore The Last Interuban, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download South Shore The

Last Interuban has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About South Shore The Last Interuban Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. South Shore The Last Interuban is one of the best book in our library for free trial. We provide copy of South Shore The Last Interuban in digital format, so the resources that you find are reliable. There are also many Ebooks of related with South Shore The Last Interuban. Where to download South Shore The Last Interuban online for free? Are you looking for South Shore The Last Interuban PDF? This is definitely going to save you time and cash in something you should think about.
