Southern Excursions Views On Southern Letters In My Time:

Southern Excursions George Garrett, James Conrad McKinley, 2003-03-01 Few if any are better endowed than George Garrett to comment on the general and the particular the long and the short of southern letters in our time Garrett a prolific and internationally renowned author of fiction poetry drama and biography as well as a teacher editor critic and frequent jurist for literary competitions has been immersed in the writers and literature of his native region for almost a half century Southern Excursions contains more than fifty of the best essays reviews and other short pieces of his career For the connoisseur of good writing this book is a depository a treasure a veritable time capsule of southern literary and American culture Without sacrificing reverence for modern masters such as Faulkner O'Connor and Welty Garrett has consistently embraced worthy new artists through the years deftly and judiciously drawing the line between critical acclaim and popular success Payton Davis Shelby Foote Walker Percy William HoVman Madison Jones Reynolds Price Robert Morgan R H W Dillard Wendell Berry Doris Betts William Goyen Mary Lee Settle Randall Kenan David Huddle Allan Gurganus Dorothy Allison these are a few of the writers Garrett has championed If some names sound less familiar Garrett in these pages will inspire readers to swift investigation The author's charm wit and anecdotal style make reading Southern Excursions a delight and yet there's no mistaking his erudition Wise like a prophet with a talent scout's enthusiasm Garrett is not afraid to tell unwelcome truths covering topics that include southern publishing houses and literary quarterlies the alliance between writers and academia the state of criticism and theory and most eloquently the persistence of place memory and the Civil War as themes in southern letters Southern Excursions is a book for the ages stowing as it does the sage views of one as learned respected and modest in his time as George Garrett My strong suggestion to readers he states is to plunge in and fare forward Experience the story before turning to or trusting the opinions and judgments of others myself included

The Way We Read James Dickey William B. Thesing, Theda Wrede, 2009 Original inroads to understanding the life and works of the celebrated novelist and poet In The Way We Read James Dickey editors William B Thesing and Theda Wrede have assembled an outstanding collection of current critical responses to the works of the acclaimed novelist poet and teacher including essays by Dickey's former colleagues at the University of South Carolina and a piece by his most famous student novelist Pat Conroy The volume breaks new ground in the application of innovative critical approaches and restores Dickey to his rightful place in the literary canon as a remarkable writer who crafted some of the best poetry and fiction of the twentieth century A decade after Dickey's death and thirty five years after the release of the film version of his famous novel Deliverance Dickey remains a controversial figure in the American literary landscape He was an intellectual maverick who was often ahead of his time and yet he responded intensely almost obsessively to his own changing times Thesing and Wrede argue that although he appeared to conform to poetic conventions his writing was a visionary reinterpretation and extension of preexisting traditions This tension between a poet's intellectual precursors and the radical innovation of his work is the

inspiration behind the fresh approaches taken by the contributors in this volume just as it energized Dickey's own endeavors. The essays offer original insights through emerging scholarly perspectives as well as through established methods of critique. The contributors address a range of themes in Dickey's works including gender, religion, humanity's relationship to nature, and the writer's cultural context. This landmark reappraisal of Dickey's legacy offers readers a coherent forum that addresses why his writings remain relevant today, thus restoring and revaluing the rising significance of Dickey's literary achievement for twenty-first century audiences. William B. Thesing, a distinguished professor emeritus of English at the University of South Carolina, was a colleague of James Dickey's for two decades. From 2003 to 2008, Thesing served as editor of the James Dickey Newsletter. He is the author or editor of fifteen books, including *The London Muse*, winner of the 1980 SAMLA Studies Book Award.

George Garrett Casey Clabough, 2013-10-01. Considering George Garrett's life and work in the continuum of American literary history, it is perhaps most profitable to place him in the tradition of the now exceedingly rare Southern man of letters, he or she who embraces and produces literature in all its complexity and in multiple forms: novels, short stories, poems, plays, criticism, translation, editing, and so on. This kind of Southern writer, stretching back to Edgar Allan Poe, perhaps finds its best modern examples in the Nashville-based writers of the 1920s and 1930s. Chronologically, Garrett, born in 1929, probably was the most variously gifted Southern writer to arrive on the scene following Robert Penn Warren. Indeed, it is in such company that his life and work belong.

Inhabiting Contemporary Southern and Appalachian Literature Casey Clabough, 2012-08-26. The idea of place, any place, remains one of our most basic yet slippery concepts. It is a space with boundaries whose limits may be definite or indefinite; it can be a real location or an abstract, mental, spiritual, or imaginary construction. Casey Clabough's thorough examination of the importance of place in Southern literature examines the works of a wide range of authors, including Fred Chappell, George Garrett, William Hoffman, Julien Green, Kelly Cherry, David Huddle, and James Dickey. Clabough expands the definition of here beyond mere geography, offering nuanced readings that examine tradition and nostalgia and explore the existential nature of place. Deeply concerned with literature as a form of emotional, intellectual, and aesthetic engagement with the local and the regional, Clabough considers the idea of place in a variety of ways, as both a physical and metaphorical location, as an important factor in shaping an individual, informing one of the ways the person perceives the world, and as a temporal as well as geographic construction. This fresh and useful contribution to the scholarship on Southern literature explains how a text can open up new worlds for readers if they pay close enough attention to place.

Princeton Alumni Weekly, 2003. [More Lights Than One](#) Patrick Bizzaro, 2004. Under the interpretive gaze, Chappell's stories reveal a dazzling range, and all of his work shows a concern with the relationship between the spiritual and material in people's lives, the moral development of the human race, and the flawed, enigmatic, and yet enlightening interaction between men and women.

Cultivating Cooperation Raymond A. Young, 1995. As one of the most successful farm organizations in the United States, the Missouri Farmers Association brought together farm clubs from all

over the state to serve as the central body through which farmer owned businesses could compete with investor owned businesses In *Cultivating Cooperation* Raymond A Young follows the fascinating history of MFA from its grass roots beginning in a schoolhouse in 1914 through the upheaval that led to only the second leadership change in the organization s history in 1979 William Hirth was responsible for the early success of MFA At the age of fifteen Hirth became interested in farming and started lecturing on the benefits of building a cooperative of farm clubs He continued to advocate this idea by publishing *The Missouri Farmer* a magazine that informed subscribers on legislative issues and farm club news and later became MFA s house organ Hirth believed that the farm clubs should capitalize not only on the economic advantages of joining together as a cooperative but on the political and social advantages as well Upon Hirth s death in 1940 Fred Heinkel took over leadership of MFA Under his guidance the cooperative grew at a feverish rate Supply companies such as oil refineries feed mills and seed plants were acquired or built whenever it proved advantageous to the farmers A sister cooperative was created to expand into neighboring states and a national alliance was created to establish a stronger representation in Washington D C MFA was also instrumental in securing a four year medical school in its hometown of Columbia in order to ensure medical care for farmers and their families in rural areas In addition MFA has played a role in helping Third World countries develop cooperatives of their own With intimate knowledge of the organization Raymond Young involves the reader in the intricacies of the formation and development of the Missouri Farmers Association enlivening his account with liberal use of anecdotes from the pages of *The Missouri Farmer* An introduction by Michael L Cook places the story of MFA within the context of the history of the cooperative movement nationwide Students and scholars of Missouri history as well as farmers and those interested in agriculture will find this comprehensive examination of MFA an invaluable resource
