entirety      *Africana Studies* James L. Conyers, 1997 Known variously as African studies black studies African American studies Afro American studies and Africology the academic study of the African diaspora as a holistic discipline is a relatively new phenomenon University programs have been created with reference to a disciplinary matrix retarding the development of appropriate theory and methods throughout Africana studies Fifteen leaders in the field of Africana studies provide the conceptual framework for establishing the field as a mature discipline The focus is on four basic areas administration and organizational structure disciplinary matrix Africana womanism and cultural aesthetics The work examines both the theory and the method of scholars in African and African diaspora studies      Race Riots & Resistance Jan Voogd, 2008 Race Riots and Resistance uncovers a long hidden tragic chapter of American history Focusing on the Red Summer of 1919 in which black communities were targeted by white mobs the book examines the contexts out of which white racial violence arose It shows how the riots transcended any particularity of cause and in doing so calls into question many longstanding beliefs about racial violence The book goes on to portray the riots as a phenomenon documenting the number of incidents describing the events in detail and analyzing the patterns that emerge from looking at the riots collectively Finally and significantly Race Riots and Resistance argues that the response to the riots marked an early stage of what came to be known as the Civil Rights Movement      Mary Turner and the Mob Thomas Aiello, 2025-01-23 A reinterpretation of one of America's most notorious lynchings The 1918 lynching of Mary Turner by a white mob in Brooks County Georgia is remembered and studied mainly because of the horror of an allegedly pregnant woman's murder In Mary Turner and the Mob author Thomas Aiello asserts that the gruesome details of Turner's execution have distracted historians from investigating the larger context of these terrible events Turner was murdered but not pregnant the author contends and Walter White the NAACP investigator in the case knew this but obscured the facts because of the story's effectiveness Aiello approaches Turner's murder and broader violence in Brooks County not only as a series of lynchings in the rural South but also as events best understood as part of a sustained wave of racial violence during the long Red Summer beginning in East St Louis in 1917 and continuing until the Tulsa Massacre in 1921      Savage Peace Ann Hagedorn, 2007-04-10 Written with the sweep of an epic novel and grounded in extensive research into contemporary documents Savage Peace is a striking portrait of American democracy under stress It is the surprising story of America in the year 1919 In the aftermath of an unprecedented worldwide war and a flu pandemic Americans began the year full of hope expecting to reap the benefits of peace But instead the fear of terrorism filled their days Bolshevism was the new menace and the federal government utilizing a vast network of domestic spies began to watch anyone deemed suspicious A young lawyer named J Edgar Hoover headed a brand new intelligence division of the Bureau of Investigation later to become the FBI Bombs exploded on the doorstep of the attorney general's home in Washington D C and thirty six parcels containing bombs were discovered at post offices across the country Poet and journalist Carl Sandburg recently returned from abroad with a trunk full of Bolshevik literature was detained in New York his

trunk seized A twenty one year old Russian girl living in New York was sentenced to fifteen years in prison for protesting U S intervention in Arctic Russia where thousands of American soldiers remained after the Armistice ostensibly to guard supplies but in reality to join a British force meant to be a warning to the new Bolshevik government In 1919 wartime legislation intended to curb criticism of the government was extended and even strengthened Labor strife was a daily occurrence And decorated African American soldiers returning home to claim the democracy for which they had risked their lives were badly disappointed Lynchings continued race riots would erupt in twenty six cities before the year ended and secret agents from the government s Negro Subversion unit routinely shadowed outspoken African Americans Adding a vivid human drama to the greater historical narrative Savage Peace brings 1919 alive through the people who played a major role in making the year so remarkable Among them are William Monroe Trotter who tried to put democracy for African Americans on the agenda at the Paris peace talks Supreme Court associate justice Oliver Wendell Holmes Jr who struggled to find a balance between free speech and legitimate government restrictions for reasons of national security producing a memorable decision for the future of free speech in America and journalist Ray Stannard Baker confidant of President Woodrow Wilson who watched carefully as Wilson s idealism crumbled and wrote the best accounts we have of the president s frustration and disappointment Weaving together the stories of a panoramic cast of characters from Albert Einstein to Helen Keller Ann Hagedorn brilliantly illuminates America at a pivotal moment Motherhood in Black and White Ruth Feldstein,2018-09-05

The apron clad white stay at home mother Black bus boycotters in Montgomery Alabama Ruth Feldstein explains that these two enduring yet very different images of the 1950s did not run parallel merely by ironic coincidence but were in fact intimately connected What she calls gender conservatism and racial liberalism intersected in central yet overlooked ways in mid twentieth century American liberalism Motherhood in Black and White analyzes the widespread assumption within liberalism that social problems ranging from unemployment to racial prejudice could be traced to bad mothering This relationship between liberalism and motherhood took shape in the 1930s expanded in the 1940s and 1950s and culminated in the 1960s Even as civil rights moved into the mainstream of an increasingly visible liberal agenda images of domineering black matriarchs and smothering white moms proliferated Feldstein draws on a wide array of cultural and political events that demonstrate how and why mother blaming furthered a progressive anti racist agenda From the New Deal into the Great Society bad mothers black or white were seen as undermining American citizenship and as preventing improved race relations while good mothers responsible for raising physically and psychologically fit future citizens were held up as a precondition to a strong democracy By showing how ideas about gender roles and race relations intersected in films welfare policies and civil rights activism as well as in the assumptions of classic works of social science Motherhood in Black and White speaks to questions within women s history African American history political history and cultural history Ruth Feldstein analyzes representations of black women and white women as well as the political implications of these

representations She brings together race and gender culture and policy vividly illuminating each

**Scarring the Black Body** Carol E. Henderson, 2002 Scarring and the act of scarring are recurrent images in African American literature In *Scarring the Black Body* Carol E Henderson analyzes the cultural and historical implications of scarring in a number of African American texts that feature the trope of the scar including works by Sherley Anne Williams Toni Morrison Ann Petry Ralph Ellison and Richard Wright The first part of *Scarring the Black Body* The Call traces the process by which African bodies were Americanized through the practice of branding Henderson incorporates various materials from advertisements for the return of runaways to slave narratives to examine the cultural practice of writing the body She also considers way in which writers and social activists including Frederick Douglass Olaudah Equiano Harriet Tubman and Sojourner Truth developed a call centered on the body's scars to demand that people of African descent be given equal rights and protection under the law
