Southerners Portrait Of A People:

Southerners Charles Kuralt,1986-09-01 Charles Kuralt bestselling author and inveterate traveler takes a nostalgic trip back to his early years in the South sharing the phenomena that has made the Southern spirit what it is Illustrated with over 400 duotone and 50 full color photographs *The Quotable Southerner* Polly Powers Stramm,2020-01-01 Southerners have always had something to say Focusing on the unique qualities of both the landscape and people Quotable Southerner showcases the linguistic insight of the region s native and adopted sons and daughters Sometimes insightful sometimes hilarious these quotes will have readers smiling laughing and shaking their heads Southerners Charles Kuralt,1986 Charles Kuralt bestselling author and inveterate traveler takes a nostalgic trip back to his early years in the South sharing the phenomena that has made the Southern spirit what it is Illustrated with over 400 duotone and 50 full color photographs

Profile in black and white : A frank portrait of South Carolina Howard H. Quint,2025-03-02 In Profile in Black and White A Frank Portrait of South Carolina Howard H Quint presents a compelling exploration of the rich tapestry of South Carolina s social cultural and political landscapes Written with an analytical lens and infused with vivid storytelling the book delves into the complexities of race relations highlighting the dichotomy between the state s proud heritage and its deeply entrenched inequalities Quint s literary style seamlessly weaves personal narratives with historical accounts creating a candid portrayal that confronts the reader with the stark truths of a state steeped in contradiction and resilience Howard H Quint a noted scholar and historian draws on his extensive background in Southern studies to craft this incisive examination of South Carolina His personal experiences in the region and his academic pursuits have endowed him with a profound understanding of the intricate dynamics of race and identity This intimate knowledge informs his narrative allowing him to present a balanced yet unflinching view of a state that serves as a microcosm of larger American issues Profile in Black and White is essential reading for those seeking to understand the complexities of Southern identity and race relations Quint s incisive observations not only foster a deeper appreciation of South Carolina s history but also encourage critical reflection on current societal challenges This book is a must read for students historians and anyone invested in the ongoing conversation about race in America *Living a Life of Southern Soul* Stephanie D, *Southern Writers* Joseph M. Flora,Amber Vogel,2006-06-21 This new edition of Southern Writers assumes its distinguished predecessor s place as the essential reference on literary artists of the American South Broadly expanded and thoroughly revised it boasts 604 entries nearly double the earlier edition s written by 264 scholars For every figure major and minor from the venerable and canonical to the fresh and innovative a biographical sketch and chronological list of published works provide comprehensive concise up to date information Here in one convenient source are the South s novelists and short story writers poets and dramatists memoirists and essayists journalists scholars and biographers from the colonial period to the twenty first century What constitutes a southern writer is always a matter for debate Editors Joseph M Flora and Amber Vogel have used a

generous definition that turns on having a significant connection to the region in either a personal or literary sense New to this volume are younger writers who have emerged in the quarter century since the dictionary's original publication as well as older talents previously unknown or unacknowledged For almost every writer found in the previous edition a new biography has been commissioned Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners *Southern Writers* is an indispensable reference book for anyone intrigued by the subject *Legacy of Disunion* Susan Mary Grant, Peter J. Parish, 2003-03-01 The conviction that the American Civil War left a massive legacy to the country has generally been much clearer than the definition of what that legacy is Did the war as Ulysses S Grant believed bequeath power intelligence and sectional harmony to America or did it as many have argued sow racial and regional bitterness that has blighted the nation since 1865 What exactly was the legacy of disunion This collection explores that question from a variety of angles showcasing the work of twelve scholars from the United States and the United Kingdom The essays ponder the role of history myth and media in sustaining the memory of the war and its racial implications in the South Abraham Lincoln's legacy and the war's consequences in less studied areas such as civil military relations constitutional and legal history and America's ascent on the international stage By juxtaposing American and non-American interpretations this stimulating volume sheds light on aspects of the war's legacy that from a purely American viewpoint are sometimes too close for comfort Perhaps the greatest legacy of the Civil War is its ongoing debate and continuing fascination worldwide *The Southern Way of Life* Charles Reagan Wilson, 2022-11-30 How does one begin to understand the idea of a distinctive southern way of life a concept as enduring as it is disputed In this examination of the American South in national and global contexts celebrated historian Charles Reagan Wilson assesses how diverse communities of southerners have sought to define the region's identity Surveying three centuries of southern regional consciousness across many genres disciplines and cultural strains Wilson considers and challenges prior presentations of the region advancing a vision of southern culture that has always been plural dynamic and complicated by race and class Structured in three parts *The Southern Way of Life* takes readers on a journey from the colonial era to the present from when complex ideas of southern civilization rooted in slaveholding and agrarianism dominated to the twenty-first century rise of a modern multicultural southern living As Wilson shows there is no singular or essential South but rather a rich tapestry woven with contestations contingencies and change *Racial Narratives and the Development of Trumpism* Arthur H. Garrison, 2024-11-25 History is storytelling History is the selection of facts placed in a specific order to result in a specific conclusion It's the choice of facts the prioritization of facts and the ignoring of facts that creates the narrative of history the narrative of the American story The American story is the creation of specific historical events and the meanings that have been applied to them Since America is defined by ideas and not ethnicity it matters what narratives of America that Americans accept support and defend White Narratives Matter *The Whitewashing of the American Story and How Racial*

Narratives Explain the Development of Trumpism uses original speeches and writings of politicians and other social leaders from Thomas Jefferson to Tucker Carlson to explore how the White social conservative worldview narrative of American history developed over the past two centuries White Narratives Matter explores how this process of fact selection prioritization and development of White social conservative rhetoric of the American story has defined American politics and policies which culminated in the rise of Donald Trump and Trumpism within the American political landscape Portrait of America Jerrold Hirsch, 2004-07-21 How well do we know our country Whom do we include when we use the word American These are not just contemporary issues but recurring questions Americans have asked themselves throughout their history and questions that were addressed when in 1935 the Roosevelt administration created the Federal Writers Project FWP under the aegis of the Works Progress Administration Although the immediate context of the FWP was work relief national FWP officials developed programs that spoke to much larger and longer standing debates over the nature of American identity and culture and the very definition of who was an American Hirsch reviews the founding of the FWP and the significance of its American Guide series considering the choices made by administrators who wanted to celebrate diversity as a positive aspect of American cultural identity In his exploration of the FWP's other writings Hirsch discusses the project's pioneering use of oral history in interviews with ordinary southerners ex slaves ethnic minorities and industrial workers He also examines congressional critics of the FWP vision the occasional opposition of local Federal Writers especially in the South and how the FWP's vision changed in response to the challenge of World War II In the course of this study Hirsch raises thought provoking questions about the relationships between diversity and unity government and culture and ultimately culture and democracy *The South*, 2001 No matter what your budget or whether it's your first trip or fifteenth Fodor's Gold Guides get you where you want to go Insider info that's totally up to date Every year our local experts give you the inside track showing you all the things to see and do from must see sights to off the beaten path adventures from shopping to outdoor fun Hundreds of hotel and restaurant choices in all price ranges from budget friendly B Bs to luxury hotels from casual eateries to the hottest new restaurants complete with thorough reviews showing what makes each place special Smart Travel Tips A to Z section helps you take care of the nitty gritty with essential local contacts and great advice from how to take your mountain bike with you to what to do in an emergency We've compiled a helpful list of guidebooks that complement Fodor's The South To learn more about them just enter the title in the keyword search box The South's Best Bed Breakfasts Compass American Guide Georgia A full color guide providing in depth coverage of the history culture and character of Georgia Compass American Guide North Carolina A full color guide providing in depth coverage of the history culture and character of North Carolina Compass American Guide South Carolina A full color guide providing in depth coverage of the history culture and character of South Carolina Fodor's guides cover culture authoritatively and rarely miss a sight or museum National Geographic Traveler The king of guidebooks Newsweek **Southern Belly** John T.

Edge,2007-06-29 John T Edge the Faulkner of Southern food the Miami Herald reveals a South hidden in plain sight where restaurants boast family pedigrees and serve supremely local specialties found nowhere else From backdoor home kitchens to cinder block caf s he introduces you to cooks who have been standing tall by the stove since Eisenhower was in office While revealing the stories behind their food he shines a bright light on places that have become Southern institutions In this fully updated and expanded edition with recipes throughout Edge travels from chicken shack to fish camp from barbecue stand to pie shed Pop this handy paperback in the glove box to take along on your next road trip And even if you never get in the car you ll enjoy the most savory history that the South has to offer **Portrait of a Scientific Racist** James G.

Hollandsworth, Jr.,2008-11-01 In the years after Reconstruction racial tension soared as many white southerners worried about how to deal with the millions of free African Americans among them an issue they termed the negro problem In an attempt to maintain the status quo white supremacists resurrected old proslavery arguments and sought new justification in scientific theories purporting to prove people of African descent inherently inferior to whites In Portrait of a Scientific Racist James G Hollandsworth Jr reveals how the conjectures of one of the country s most prominent racial theorists Alfred Holt Stone helped justify a repressive racial order that relegated African Americans to the margins of southern society in the early 1900s In this revealing biography Hollandsworth examines the thoughts and motives of this renowned man focusing primarily on Stone s most intensive period of theorizing from 1900 to 1910 A committed and vocal white supremacist Stone believed black southern workers were inherently lazy a trait he attributed to their African genes and heritage He asserted that slavery helped improve the black race but that opportunities still existed during Reconstruction to mold the freedmen into efficient workers Stone s central yet unspoken goal was to devise a way to maintain an obedient productive labor force willing to work for low wages Writing from both Washington D C and his cotton plantation in the Mississippi Delta Stone published numerous essays and collected more than 3000 articles and pamphlets on the American Race Problem including those written by bitter racists and enthusiastic race boosters Though Stone lacked the credentials typically associated with scholarly experts of the time he became an authority on the subject of black Americans in part because of his close friendship with fellow scientific racist and statistician Walter F Willcox An early member of the American Economic Association and other academic groups Stone went on to serve as head scholar of a division for race studies within the Carnegie Foundation Interestingly Stone recruited W E B Du Bois and Booker T Washington to collaborate with him on a major study for the Foundation continuing his tendency to incorporate all perspectives into his study of race Hollandsworth uses Stone s extensive correspondence with Willcox Du Bois and Washington as well as his personal writings both published and unpublished to reveal the secrets of this misguided yet fascinating figure **Willie Morris** Jack Bales,2015-06-14 William

Weaks Morris was a writer defined in large measure by his Southern roots A seventh generation Mississippian he grew up in Yazoo City frequently reminded of his heritage Spending his college years at the University of Texas and at Oxford University

in England gave Morris a taste of the world and at the very least something to write home about This volume is a comprehensive reference work dealing with Willie Morris life and works It is also a literary biography based on hundreds of primary sources such as letters newspaper articles and interviews The principal focus is on Morris literary legacy which includes works such as *North Toward Home* *New York Days* and *My Dog Skip* **Confederate Reckoning** Stephanie McCurry,2010-04-30 The story of the Confederate States of America has been told many times in heroic narratives In *Confederate Reckoning* historian McCurry tells a very different tale of the Confederate experience **American Cinema and the Southern Imaginary** Deborah Barker,Kathryn B. McKee,2011 Placing the New Southern Studies in conversation with film studies this book is simply the best edited collection available on film and the U S South Grace Hale University of Virginia *English in the Southern United States* Stephen J. Nagle,Sara L. Sanders,2003-01-09 The English of the southern United States is possibly the most studied of any regional variety of any language because of its rich internal diversity its distinctiveness among regional varieties in the United States its significance as a marker of regional identity and the general folkloric appeal of southern culture However most if not all books about Southern American English have been directed almost exclusively toward scholars already working in the field This 2003 volume written by a team of experts many of them internationally known provides a broad overview of the foundations of and research on language variation in the southern United States designed to invite inquiry and inquirers It explores historical and cultural elements iconic contemporary features and changes in progress Central themes issues and topics of scholarly investigation and debate figure prominently throughout the volume The extensive bibliography will facilitate continued research **The Changing American Mind** William G. Mayer,1992 The dynamics of public opinion in America over the last three decades *America* David Burner,Robert D. Marcus,Emily S. Rosenberg,1978 *The New Encyclopedia of Southern Culture* Charles Reagan Wilson,2014-02-01 Providing a chronological and interpretive spine to the twenty four volumes of *The New Encyclopedia of Southern Culture* this volume broadly surveys history in the American South from the Paleoindian period approximately 8000 B C E to the present In 118 essays contributors cover the turbulent past of the region that has witnessed frequent racial conflict a bloody Civil War fought and lost on its soil massive in and out migration major economic transformations and a civil rights movement that brought fundamental change to the social order Charles Reagan Wilson s overview essay examines the evolution of southern history and the way our understanding of southern culture has unfolded over time and in response to a variety of events and social forces not just as the opposite of the North but also in the larger context of the Atlantic World Longer thematic essays cover major eras and events such as early settlement slave culture Reconstruction the New Deal and the rise of the New South Brief topical entries cover individuals including figures from the Civil War the civil rights movement and twentieth century politics and organizations such as the Southern Christian Leadership Conference Daughters of the Confederacy and Citizens Councils among others Together these essays offer a sweeping reference to the rich history

of the region
