**Ethnic Positioning in Southwestern Mixed Heritage Writing** Judit Ágnes Kádár, 2022-04-04 Ethnic Positioning in Southwestern Mixed Heritage Writing explores how Southwestern writers and visual artists provide an opportunity to turn a stigmatized identity into a self-conscious holder of valuable assets cultural attitudes and memories The problem of mixed ethno cultural heritage is a relevant feature of North American populations faced by millions Narratives on blended heritage show how mixed race authors utilize their multiple ethnic experiences knowledge archives and sensibilities They explore how individuals attempt to cope with the cognitive anxiety stigmas and perceptions that are intertwined in their blended ethnic heritage family and social dynamics and the renegotiation of their ethnic identity The Southwest is a region riddled by Eurocentric and Colonial concepts of identity yet at the same time highly treasured in the Frontier experiences of physical mobility and mental and spiritual journeys and transformations Judit Ágnes Kádár argues that the process of ethnic positioning is a choice made by mixed heritage people that results in renegotiated identities leading to more complex and engaging concepts of themselves *Writing the South* Richard Gray, Richard J. Gray, 1997 In this major reconsideration of a regional consciousness Richard Gray explores how generations of southerners have been engaged in writing the South in reinventing their place even as they describe it Humane and learned informative and analytical WRITING THE SOUTH is a most impressive addition to cultural inquiry THE LISTENER 12 photos

Dramatic historical events have frequently provided subject matter for artists particularly in pre twentieth century Texas where works portraying historical often legendary events and individuals predominated Until now however these paintings of Texas history have never received the kind of study given to historical fictional and film versions of the same events Painting Texas History to 1900 fills this gap with an interdisciplinary approach that explores these paintings both as works of art and as historical documents The author examines the works of more than forty artists including Henry McArdle Theodore Gentilz Robert Onderdonk William Huddle Frederic Remington Friedrich Richard Petri Arthur T Lee Seth Eastman Sarah Hardinge Frank Reaugh W G M Samuel Carl G von Iwonski and Julius Stockfleth He places each work within its historical and cultural context to show why such subject matter was chosen why it was depicted in a particular way and why such a depiction gained popular acceptance For example paintings of heroic events of the Texas Revolution were especially popular in the years following the Civil War when in Ratcliffe s view Texans needed such images to assuage the loss of the war and the humiliation of Reconstruction Though the paintings cut across traditional art history categories from the pictographs of early historic Indians to European inspired oil paintings they are bound together by their artists intent for them to function as historically evocative documents With their visual narratives of events that characterized all of America s westward expansion Indian encounters military battles farming ranching surveying and the closing of the frontier these works add an important chapter to the story of the American West **Southwestern Journal of Education** ,1890 Hydrology and Water Chemistry of an Abandoned Surface Coal Mine, Southwestern Henry County, Missouri--1984-86 Dale W. *South by Southwest* Janis P. Stout,2013-02-22 An interdisciplinary study of Katherine Anne Porter s troubled relationship to her Texas origins and southern roots *South by Southwest* offers a fresh look at this ever relevant author Today more than thirty years after her death Katherine Anne Porter remains a fascinating figure Critics and biographers have portrayed her as a strikingly glamorous woman whose photographs appeared in society magazines They have emphasized of course her writing particularly the novel *Ship of Fools* which was made into an award winning film and her collection *Pale Horse Pale Rider* which cemented her role as a significant and original literary modernist They have highlighted her dramatic sad and fragmented personal life Few however have addressed her uneasy relationship to her childhood in rural Texas Janis P Stout argues that throughout Porter s life she remained preoccupied with the twin conundrums of how she felt about being a woman and how she felt about her Texas origins Her construction of herself as a beautiful but unhappy southerner sprung from a plantation aristocracy of reduced fortunes meant she construed Texas as the Old South The Texas Porter knew and re created in her fiction had been settled by southerners like her grandparents who brought slaves with them As she wrote of this Texas she also enhanced and mythologized it exaggerating its beauty fertility and gracious ways as much as the disaffection that drove her to leave Her feelings toward Texas ran to both extremes and she was never able to reconcile them Stout examines the author and her works within the historical and cultural context from which she emerged In particular

Stout emphasizes four main themes in the history of Texas that she believes are of the greatest importance in understanding Porter its geography and border location expressed in Porter s lifelong fascination with marginality indeterminacy and escape its violence the brutality of her first marriage as well as the lawlessness that pervaded her hometown its racism lynchings were prevalent throughout her upbringing and its marginalization of women Stout draws a connection between Porter s references to the burning sun and oppressive heat of Texas and her life with her first husband

**Translating Southwestern Landscapes** Audrey Goodman, 2022-02-08 Winner of the Western Literature Association s Thomas J Lyon Award Whether as tourist s paradise countercultural destination or site of native resistance the American Southwest has functioned as an Anglo cultural fantasy for more than a century In *Translating Southwestern Landscapes* Audrey Goodman excavates this fantasy to show how the Southwest emerged as a symbolic space from 1880 through the early decades of the twentieth century Drawing on sources as diverse as regional magazines and modernist novels Pueblo portraits and New York exhibits Goodman has crafted a wide ranging history that explores the invention translation and representation of the Southwest Its principal players include amateur ethnographer Charles Lummis who conflated the critical work of cultural translation pulp novelist Zane Grey whose bestselling novels defined the social meanings of the modern West fashionable translator Mary Austin whose re expressions of Indian song are contrasted with recent examples of ethnopoetics and modernist author Willa Cather who demonstrated an immaterial feeling for landscape from the Nebraska Plains to Acoma Pueblo Goodman shows how these writers as well as photographers such as Paul Strand Ansel Adams and Alex Harris exhibit different phases of the struggle between an Anglo calling to document Native and Hispanic difference and America s larger drive toward imperial mastery In critiquing photographic representations of the Southwest she argues that commercial interests and eastern prejudices boiled down the experimental images of the late nineteenth century to a few visual myths the persistence of wilderness the innocence of early portraiture and the purity of empty space An ambitious synthesis of criticism and anthropology art history and geopolitical theory *Translating Southwestern Landscapes* names the defining contradictions of America s most recently invented cultural space It shows us that the Southwest of these early visitors is the only Southwest most of us have ever known
