Shi'i Sectarianism in the Middle East Elisheva Machlis, 2014-09-17 The eruption of violent sectarianism in Iraq following the US invasion in 2003 brought the question of Sunni Shi'i relations in the country to the forefront of the international public agenda It also strengthened the popular belief that contemporary Shi'ism is inherently sectarian Yet several decades earlier Ayatollah Khomeini had declared an Islamic revolution and downplayed its Shi'i origins and links So what is the true orientation of Shi'i Islam in the contemporary era and how did modernisation alter its sectarian affiliation This book contends that early Shi'i reformist thought set the foundations for a more universal oriented Shi'ism Prominent reformists in the first half of the twentieth century from the holy cities of Karbala and Najaf in Iraq and from the Shi'i centres in Southern Lebanon played a significant role in the renewal of Shi'ism and laid the groundwork for its reinvention in the modern era Exploring this shift towards a more ecumenical perception of Islam Elisheva Machlis here provides a fresh perspective on inter sectarian relations in contemporary Iraq and illuminates the intellectual roots of the Islamic revolution by examining networks of Shi'i scholars such as Mu'ammad usayn K shif al Ghi and Mu sin al Am n al mil operating within a more globalised Muslim world Drawing on the experiences of early Shi'i reformists such as Abd al usayn Sharaf al D n al M saw in Lebanon and Mu'ammad Jaw d Mughniyya in Damascus this book gives new insight on the future of inter Muslim relations at a time of growing inter sectarian contention from the Iran Iraq war to the post 2003 Sunni Shi'i conflict in Iraq and al Qa ida s anti Shi'i message taking into account questions of theology historiography jurisprudence and politics which all played a vital role in the transition to the contemporary era The author here analyses the broad scholarly connections between Iran Iraq and Lebanon in the twentieth century while debating paramount questions of leadership identity and group membership in the development of modern Shi'ism Examining the relationship between intellectual thought and socio political development in the region this book provides a new perspective concerning the future of an increasingly globalised Muslim world and will prove essential reading for students and specialists

East and the role of new satellite broadcasting in the Arab world **Syria Ballots Or Bullets?** Carsten Wieland,2006

Bashar al Asad unlike any other Arab leader publicly announced his opposition to the war in Iraq This made the Syrian president popular in the streets but brought him into open confrontation with the US For a time it seemed that the US would invade or subvert the regime or institute a killing regimen of sanctions The assassination of Lebanese Prime Minister Rafiq Hariri made things worse with observers including the UN pointing the finger at Damascus Syrian troops were forced to withdraw from Lebanon where they had been stationed for nearly three decades Today Bashar is facing the toughest challenge of his career caught between Syrian hardliners and an increasingly impatient opposition And what of the 18 million people of Syria Will this country descend into chaos and violence Or will it progress toward pluralism and economic progress
