*Legal Emblems and the Art of Law* Peter Goodrich, 2014 The emblem book was invented by the humanist lawyer Andrea Alciato in 1531 The preponderance of juridical and normative themes of images of rule and infraction of obedience and error in the emblem books is critical to their purpose and interest This book outlines the history of the emblem tradition as a juridical genre along with the concept of and training in obiter depicta in things seen along the way to judgment It argues that these books depict norms and abuses in classically derived forms that become the visual standards of governance Despite the plethora of vivid figures and virtual symbols that define and transmit law contemporary lawyers are not trained in the critical apprehension of the visible This book is the first to reconstruct the history of the emblem tradition evidencing the extent to which a gallery of images of law already exists and structuring how the public realm is displayed made present and viewed Mixed Messages: Materiality, Textuality, Missions J. Scott, G. Griffiths, 2005-05-05 This collection of essays looks at missions their complicity in European colonialism and their postcolonial aftermath It examines the spread of Christianity ranging over the anthropological textual historical and geographical dimensions of mission enterprises with topics as diverse as the influence of mission printing and record keeping on traditional life in Africa to the role of missions in changing styles of dress in India Also uniquely the collection includes essays analyzing the role of proselytizing in Islam Hinduism and Buddhism as well as American liberal democratic capitalism The volume is interdisciplinary focusing on textual and material aspects of missions Like Griffiths earlier ground breaking books in postcolonial studies and Scott's well known interdisciplinary work on missions and postcolonial literatures this collection will be fascinating to scholars in postcolonial cultural and mission studies and be useful as a teaching tool as well Mixed Messages was listed among the 15 best books for 2005 in the Jan 2006 issue of *The International Bulletin of Mission Studies* **Gardeners' Chronicle**, 1921 **The Gardeners' Chronicle**, 1921 The Genesis of the Church Henry COTTERILL (successively Bishop of Grahamstown and of Edinburgh.), 1872 **The Genesis of the Church** Henry Cotterill, 1872 National Message and Banner, 1927 **The Drama of Scripture** Craig G. Beginning with Adam Smith however political economy has claimed that the source of happiness is primarily production  
*Eclipse of Action* examines the tense relations between action and production doing and making in playwrights from Aeschylus Marlowe Shakespeare and Milton to Beckett Arthur Miller and Sarah Kane Richard Halpern places these figures in conversation with works by Aristotle Smith Hegel Marx Hannah Arendt Georges Bataille and others in order to trace the long history of the ways in which economic thought and tragic drama interact *From Glory to Glory* Abraham

Kuruvilla,2025-05-15 Spiritual formation is critical for the Christian And preaching is effectively spiritual formation from the pulpit seeking to bring to bear the thrust of a portion of Scripture upon the lives of believers However the careful integration of the divine call for holiness with the concrete processes of transformation in response to that call remains a challenge How does the former lead to the latter to culminate in Christlikeness This book fills that gap as it shows the unnatural supernatural journey from the glory of creation to the glory of redeemed humanity Abraham Kuruvilla informs and equips pastors preachers and church leaders to focus on God s work to overcome the sinful flesh in humanity through the agency of the Spirit and through the Spirit s product Scripture These are the ways that God brings His people from glory to ever increasing glory This is not a model or plan of action but rather an invitation towards being conformed to Christlikeness

**Sacred Kingship in World History** A. Azfar Moin, Alan Strathern, 2022-05-10 Sacred kingship has been the core political form in small scale societies and in vast empires for much of world history This collaborative and interdisciplinary book recasts the relationship between religion and politics by exploring this institution in long term and global comparative perspective Editors A Azfar Moin and Alan Strathern present a theoretical framework for understanding sacred kingship which leading scholars reflect on and respond to in a series of essays They distinguish between two separate but complementary religious tendencies immanentism and transcendentalism which mold kings into divinized or righteous rulers respectively Whereas immanence demands priestly and cosmic rites from kings to sustain the flourishing of life transcendence turns the focus to salvation and subordinates rulers to higher ethical objectives Secular modernity does not end the struggle between immanence and transcendence flourishing and righteousness but only displaces it from kings onto nations and individuals After an essay by Marshall Sahlins that ranges from the Pacific to the Arctic the book contains chapters on religion and kingship in settings as far flung as ancient Egypt classical Greece medieval Islam Mughal India modern European drama and ISIS Sacred Kingship in World History sheds new light on how religion has constructed rulership with implications spanning global history religious studies political theory and anthropology

Thomas,2022-10-16 The book explores the matter of sexuality from the creation into the long history of Judaism and the church In this book I highlight how many of the preconceived notions of how God perceives women and roles that He has for them are not the way most people that attend our churches perceive them We have been dramatically effected by Greek thoughts regarding women and have also been dominated in our thinking by warfare mentality The value of a person has been weighted by their ability to wage war Even in this arena there are women who have proven their giftedness and their skill I believe that if you carefully examine the matters set out in this book you will come to understand that so much of the evidence for the role of women in the church is based upon flimsy and biased evidence If you open your heart and mind I believe this book can help you to see a new way forward in helping the church promote the spirit of unity and respect between human beings that God desires and has Himself *China Constructing Capitalism* Michael Keith,Scott Lash,Jakob Arnoldi,Tyler Rooker,2013-09-23 China has been growing at over ten per cent annually since 1978 but this has only come to very widespread notice in the past decade This received wisdom about

China has been largely of two types both of which more or less understand China in the context of neoliberalism. The more business or business studies oriented literature seems to argue that if China does not adapt the rule of clear and distinct property and contract law in short of Western institutions its economy will stall. The second set of voices is more clearly from the left arguing that the Chinese economy and city is neo liberal. For them China does not diverge widely from the Anglo American model that from 2008 has brought the world economy to its knees. China Constructing Capitalism takes issue with these analyses. The authors argue that it is not Western neo liberalism that is constructing the Chinese economy but instead that China is constructing its own version of capitalism. The two central theses of their argument are economic life neo liberal economic life is individualized and disembedded while the China model is relational and situated urban change. China has created a form of local state capitalism which stands in contrast to neoliberal versions of the city. This book analyses China as a risk culture examining among others Chinese firms and political ties property development migrant urbanisms and share trading rooms. It scrutinises the ever present shadow of the risk averse yet uncertainty creating state. China Constructing Capitalism is a must read for social scientists policy makers and investors.
