## **Soviet Communists In Power A Study Moscow During The Civil War 1918 21:**

**Soviet Communists in Power** R. Sakwa,1988-06-21      **Soviet Communists in Power** Richard Sakwa,1988      **Soviet State and Society Between Revolutions, 1918-1929** Lewis H. Siegelbaum,1992-08-20 The evolution of the ruling Communist Party and its New Economic Policy is explored in the first book to analyze the relationship between the Soviet state and society from 1917 through the early 1930s through the changing fortunes of its peoples      *Inessa Armand* R. C. Elwood,Ralph Carter Elwood,2002-07-04 Revealing information on the first Director of the Women s Section of the Russian Communist Party      **Centre-Local Relations in the Stalinist State, 1928-1941** E. A. Rees,2002-10-22 This book analyzes the development of the Stalinist state of the 1930s from the perspective of the changing nature of centre local relations It examines the trend toward greater central state control over the formation and implementation of economic policy and the shift towards increased state repression through a series of archive based case studies of the centre s interactions with its republican and regional bodies The book provides the basis for a new conceptualization of the Stalinist state      **The Red Army and the Great Terror** Peter Whitewood,2015-09-25 On June 11 1937 a closed military court ordered the execution of a group of the Soviet Union s most talented and experienced army officers including Marshal Mikhail Tukhachevskii all were charged with participating in a Nazi plot to overthrow the regime of Joseph Stalin There followed a massive military purge from the officer corps through the rank and file that many consider a major factor in the Red Army s dismal performance in confronting the German invasion of June 1941 Why take such action on the eve of a major war The most common theory has Stalin fabricating a military conspiracy to tighten his control over the Soviet state In *The Red Army and the Great Terror* Peter Whitewood advances an entirely new explanation for Stalin s actions an explanation with the potential to unlock the mysteries that still surround the Great Terror the surge of political repression in the late 1930s in which over one million Soviet people were imprisoned in labor camps and over 750 000 executed Framing his study within the context of Soviet civil military relations dating back to the 1917 revolution Whitewood shows that Stalin sanctioned this attack on the Red Army not from a position of confidence and strength but from one of weakness and misperception Here we see how Stalin s views had been poisoned by the paranoid accusations of his secret police who saw spies and supporters of the dead Tsar everywhere and who had long believed that the Red Army was vulnerable to infiltration by foreign intelligence agencies engaged in a conspiracy against the Soviet state Recently opened Russian archives allow Whitewood to counter the accounts of Soviet defectors and conspiracy theories that have long underpinned conventional wisdom on the military purge By broadening our view *The Red Army and the Great Terror* demonstrates not only why Tukhachevskii and his associates were purged in 1937 but also why tens of thousands of other officers and soldiers were discharged and arrested at the same time With its thorough reassessment of these events the book sheds new light on the nature of power state violence and civil military relations under the Stalinist regime      [The Charisma of World Revolution](#) Gleb J. Albert,2022-12-28 That the idea of world

revolution was crucial for the Bolshevik leaders in the years following the 1917 revolution is a well known fact But what did the party s rank and file make of it How did it resonate with the general population And what can a social history of international solidarity tell us about the transformation of Soviet society from NEP to Stalinism This book undertakes the first in depth analysis of the discourses and practices of internationalism in early Soviet society during the years of revolution civil war and NEP using forgotten archival materials and contemporary sources

**Terror, Force, and States** Rosemary H. T. O'Kane, 1996-01-01 The lessons drawn suggest that the Holocaust and modern genocide are not intrinsically related to modernity Terror regimes she argues operate not through the state but from behind a state facade within a secret society Economic crisis is given prominence in their explanation with the decisive explanatory factor argued to be the move from plans to substantive irrationality Indeed it is the economic rationality of modern society most particularly in respect to labour markets which acts as the barrier to terror s rule

**Soviet History, 1917-53** Julian Cooper, Maureen Perrie, E. A. Rees, 2016-02-06 This work presents eleven studies in the field of Russian Soviet economic and social history which have been specially commissioned as a tribute to Professor R W Davies Each chapter highlights a particular area of controversy and illuminates the process of policy formation in this critical period of Soviet development Together they provide an overview of the period 1917 1953

*Stalin* Stephen Kotkin, 2015-10-13 In his biography of Stalin Kotkin rejects the inherited wisdom about Stalin s psychological makeup showing us instead how Stalin s near paranoia was fundamentally political and closely tracks the Bolshevik revolution s structural paranoia the predicament of a Communist regime in an overwhelmingly capitalist world surrounded and penetrated by enemies At the same time Kotkin posits the impossibility of understanding Stalin s momentous decisions outside of the context of the history of imperial Russia

**The Experience of Democratization in Eastern Europe** Richard Sakwa, 1999-05-17 Drawing on a selection of papers presented to the Fifth World Congress of Central and East European Studies held in Warsaw in August 1995 the book presents a broad cross section of thinking about postcommunist developments in Eastern Europe and the former Soviet Union Specialists from the region and the West apply their unique insights to challenge some conventional views on the transition The book is both diverse and focused suggesting that the experience of democratisation is an open ended process in which those involved learn both from their own experience and from comparative transitions elsewhere It provides a rich source for the comparative analysis of democratisation

**The Russian Revolution, 1900-1927** Robert Service, 2009-06-02 This popular concise and highly readable study discusses the key themes and debates about the Russian Revolution Robert Service s lively analysis examines state and society under the Romanovs from 1900 The February and October Revolutions of 1917 The final years of the Romanov dynasty and the start of the Soviet order Comparisons with political social and economic trends elsewhere in the world The extent to which the later development of the USSR was conditioned by the October Revolution Clear and incisive the fourth edition has been thoroughly revised and updated in the light of the latest research and features

W. Davies,1989-05-05 In 1929 30 the spinal year of the first five year plan a vast investment programme began the transformation of the Soviet Union from a peasant country into a great industrial power This book the third part of The Industrialisation of Soviet Russia re examines the breakdown of the mixed economy In those days of heroism and enthusiasm hunger and repression crucial Soviet economic and political institutions were established and are only now being effectively challenged by Gorbachev s revolution While complementing the previous two volumes of this author s work the book is designed to be read independently It sheds new light on a dramatic moment in Soviet history and in the formation of the Soviet system      *The Soviet Union and the Threat from the East, 1933-41* Jonathan Haslam,2016-07-27 This is the third in a series of volumes detailing the history of Soviet foreign policy from the Great Depression to the Great Patriotic War It covers Soviet policy in the Far East from the Japanese rejection of a non aggression pact in January 1933 to the conclusion of a neutrality pact in April 1941 During the course of that period the Soviet Union moved from being the vulnerable and isolated suitor to a position of negotiation from strength      *Dilemmas of Victory* Jeremy Brown,Paul G. Pickowicz,2012-11-26 Brown examines the social cultural political and economic dimensions of the Communist takeover of China He seeks to understand how the 1949 1953 period was experienced by various groups including industrialists filmmakers ethnic minorities educators rural midwives philanthropists standup comics and scientists      *Making Workers Soviet* Lewis H. Siegelbaum,Ronald Grigor Suny,2018-07-05 Drawing on such diverse sources as propaganda art the trade union press workers memoirs and materials in recently opened Soviet archives this is the first book

to examine the shifting identity of the working class in late tsarist and early Soviet societies New essays by fifteen leading historians show how Russian workers responded to attempts to make them Soviet Initial chapters consider power relations and working class identity in imperial Russia The effects of the revolutionary upheavals of 1917 to 1921 on labor relations among printers and coal miners are then discussed Addressing subsequent decades other essays document the situation of cotton workers and white collar workers embroiled within the ambiguities of the New Economic Policy or challenge the appropriateness of class analysis for the Stalin era Additional chapters reconstruct workers responses to the Great Purges and trace the significance of class in visual and verbal discourse Making Workers Soviet will be central to the current rethinking of Soviet history and of class formation in noncapitalist settings     **Paths to Democracy** Rosemary H. T. O'Kane, 2004-07-31 This innovative volume provides a theoretically informed comparative investigation of the links between revolutions totalitarianism and democracy
