

An aerial photograph of a vast, arid landscape. The terrain is characterized by a complex network of winding, light-colored paths or dry riverbeds that snake across a darker, more textured ground. The overall color palette is dominated by earthy browns, tans, and greys, suggesting a desert environment. The lighting creates strong shadows, emphasizing the ruggedness of the land.

Soviet Tanks in Manchuria 1945 William E. Hiestand,2023-03-16 A new illustrated study of the devastating but little known Soviet armored blitzkrieg against the Japanese in the last weeks of World War II and how it influenced Soviet tank doctrine as the Cold War dawned Although long overshadowed in the West by the dropping of the atomic bombs on Hiroshima and Nagasaki the USSR s lightning strike into Manchuria in August 1945 was one of the most successful and unique campaigns of the era Soviet forces led by over 5 500 tanks and self propelled guns attacked across huge distances and deserts marshes and mountains to smash Japan s million strong Kwantung Army in a matter of days Japanese forces were short of training and equipment but nevertheless fought fiercely inflicting 32 000 casualties on the Soviets Red Army operations were characterized by surprise speed and deep penetrations by tank heavy forces born of the brutal lessons they had learned during years fighting the Wehrmacht Lessons from the campaign directly shaped Soviet Cold War force structure and planning for mechanized operations against the West Illustrated with contemporary artwork and rare photos from one of the best collections of Soviet military photos in the West this fascinating book explains exactly how the last blitzkrieg of World War II was planned fought and won and how it influenced the Red Army s plans for tank warfare against NATO in Europe *Background Information on the Soviet Union* Air University (U.S.). Air Command and Staff College,Kenneth R. Whiting,1959 *August Storm: The Soviet 1945 Strategic Offensive In Manchuria [Illustrated Edition]* Colonel David M Glantz,2015-11-06 Includes 15 tables 1 tables 26 maps In August 1945 only three months after the rumble of gunfire had subsided in Europe Soviet armies launched massive attacks on Japanese forces in Manchuria In a lightning campaign that lasted but ten days Soviet forces ruptured Japanese defenses on a 4 000 kilometer front paralyzed Japanese command and control and plunged through 450 kilometers of forbidding terrain into the heartland of Manchuria Effective Soviet cover and deception masked the scale of offensive preparations and produced strategic surprise Imaginative tailoring of units to terrain flexible combat formations and bold maneuvers by armor heavy task organized forward detachments and mobile groups produced operational and tactical surprise and ultimately rapid and total Soviet victory For the Soviet Army the Manchurian offensive was a true postgraduate combat exercise The Soviets had to display all the operational and tactical techniques they had learned in four years of bitter fighting in the west Though the offensive culminated an education it also emerged as a clear case study of how a nation successfully begins a war in a race against the clock and not only against an enemy but also against hindering terrain Soviet military historians and theorists have recently focused on the Manchurian offensive a theater case study characterized by deep mobile operations on a broad front designed to pre empt and overcome

defenses Because these characteristics appear relevant to current theater operations the Soviets study the more prominent operational and tactical techniques used in Manchuria in 1945 What is of obvious interest to the Soviet military professional should be of interest to the U S officer as well **Catalog of Copyright Entries. Benson,2020-10-28 In 1944 Moslem forces in China s westernmost province of Xinjiang rose against the Chinese authorities and succeeded in establishing a small independent Islamic state the East Turkestan Republic Based on newly available archival material this book describes the Moslem challenge to Chinese rule and documents the Nationalist government s response to newly awakened Turkic Moslem nationalism on China s most remote and politically sensitive north western frontier With this book Linda Benson aims to break new ground in the study of Sino Soviet relations and especially of the policies of Chinese governments toward their national minorities *Flying Magazine* ,1975-11 **Report** ,1972 **The Army and Politics** General Nabi Azimi,2019-04-11 The Army and Politics was hoped to be of any help to readers and researchers interested in the modern history of Afghanistan It was hoped to be able to offer a proper historic perspective for a particular era of time A time during which the country strived to make itself a peaceful place for everyone to live in but had to come across waves of political setbacks caused by foreign interference The arrival of The Red Army in 1979 opened a new phase of political challenges for almost every side involved In particular the West now had to do something to make sure that the Soviet Communist government of Russia lost sleep over their occupation of Afghanistan Looking at the bitters events and incidents with

deliberation will undoubtedly lead to a better understanding of what actually did happen between 1963 and 1993. With a glance through the index one would realise that the majority of the matters and topics covered are quite overwhelmingly rich of new and unheard of events and incidents. *Army and Politics* comprises of the author's own engraved memoirs and analysis of the military political incidents and events that occurred during his active membership of the People's Democratic Party of Afghanistan. *Army and Politics* talks of the dramatic coming to power and collapses of the republican Afghan governments beginning with the deposition of the former King Zahir Shah in 1973. *Army and Politics* talks of the capacity and capabilities of the Afghan Army during the Soviet occupation and the struggle that the west backed Mujahideen forces had to withstand for many years. *Army and Politics* reminds us of the amount of foreign interference that the Afghan governments had to deal with over the years. *Army and Politics* gives account of how the Afghan government managed to remain in power following the withdrawal of The Red Army from Afghanistan under the leadership of General Gromov in 1989. *Army and Politics* explains in detail what caused the former Afghan President Dr Najeebullah to leave his government behind and try to escape before seeking refuge at the United Nations office in Kabul in 1992 and what happened to him a few years after. Renowned political figures such as Ludwig W Adamec and B B C's Chief International Correspondent Lyse Doucet who were involved in the Afghan history and politics have both shown their support for *The Army and Politics* to be published as a valuable source of information.
