Soviet Economy:

The Soviet Economy Alec Nove,1968 *The Struggle to Save the Soviet Economy* Chris Miller,2016-10-13 For half a century the Soviet economy was inefficient but stable In the late 1980s to the surprise of nearly everyone it suddenly collapsed Why did this happen And what role did Soviet leader Mikhail Gorbachev s economic reforms play in the country s dissolution In this groundbreaking study Chris Miller shows that Gorbachev and his allies tried to learn from the great success story of transitions from socialism to capitalism Deng Xiaoping s China Why then were efforts to revitalize Soviet socialism so much less successful than in China Making use of never before studied documents from the Soviet politburo and other archives Miller argues that the difference between the Soviet Union and China and the ultimate cause of the Soviet collapse was not economics but politics The Soviet government was divided by bitter conflict and Gorbachev the ostensible Soviet autocrat was unable to outmaneuver the interest groups that were threatened by his economic reforms Miller s analysis settles long standing debates about the politics and economics of perestroika transforming our understanding of the causes of the Soviet Union s rapid demise **The Rise and Fall of the Soviet Economy** Philip Hanson,2003 Combining skilful economic political and social analysis this text provides a fascinating insight into the decline of the Soviet Union

Restructuring the Soviet Economy David A. Dyker,2002-01-31 Restructuring the Soviet Economy examines the Soviet leadership s most urgent question how to revitalize the soviet economy David Dyker argues that the current impasse can only be understood in the context of the failure of 60 years of central planning He analyses both the problems besetting the centrally planned system and those that have paralysed perestroika and assesses whether the most ambitious attempt ever to reform the Soviet economy will succeed The Turning Point Nikolai Petrovich Shmelev,Vladimir Mikhailovich Popov,1989 Two leading Soviet economists explain the Soviet economic crises from the perspective of thoroughly informed insiders and the obstacles as well as the potential to perestroika *Soviet Economy in the 1980's* United States. Congress. Joint Economic Committee,1983 *The Soviet Economy* Alec Nove,1961 **Soviet Economy in a Time of Change** ,1979

Russian and Soviet Economic Performance and Structure Paul R. Gregory,Robert C. Stuart,1998 This study in transition economics covers Russian and Soviet economic performance and looks at the origins of the Soviet economy the administrative command economy and its decline and contemporary Russia **Dynamic Stability** Victor Perlo,Ellen Perlo,1980 **Restructuring the Soviet Economy** Nicolas Spulber,1991 **Soviet Economy Brink Of Reform** P.J.D. Wiles,2014-02-04 First Published in 1988 This is a collection of essays in honor of Alec Nove and covers such topics as Leon Trotsky Navrozov Soviet Investment criteria Soviet Agricultural and economic politics under Andropov and Chernenko

The Soviet Economy Constantin A. Krylov,Konstantin Arkad'evich Krylov,1979 USSR Monograph on trends in the soviet economy and economic policy during the period from 1960s to 1970s comments on principles and institutional framework of planned economy and covers national accounting industrial structure agrarian structure research and development labour

force wage payment system public finance trade relations with CMEA countries etc Diagrams and references [The Soviet Economy](#) Abram Bergson, Herbert S. Levine, 2023-06-14 The Soviet Economy 1983 examines the long term prospective growth of the USSR's economy It looks at the Soviet economy's growth process at an advanced stage of development and assesses how it would evolve in the period ahead Various growth plans had made large advances to the state planned economy but by the 1980s this growth had slowed

The Soviet Economy Alec Nove, **Growth And Inflation In The Soviet Economy** Fyodor I Kushnirsky, 2019-09-10 While growth figures are high for Soviet industry in general they are especially impressive for the MBMW sector which has far outperformed other sectors of the economy The question widely debated in the U S S R now is whether these impressive figures actually reflect the growth of physical output To put it differently did the Soviet economy receive more machines and equipment as a result of this growth and if so was the rate of real growth the same as the growth in value terms But why would one raise such a question in the first place To answer this and similar questions the procedures of Soviet measurement of output productivity costs and prices have been analyzed in this study Special attention is given to the processes of planning quality improvements and pricing new technological items An analysis of procedures and methodological instructions used in planning and pricing MBMW products may be helpful in revealing possible discrepancies between prices of new goods and their quality characteristics

The Development of the Soviet Economy Vladimir G. Treml, Robert Farrell, 1968 *Soviet Economy* Georgii Sosnikovich Sarkisian, 1980 [The Industrialisation of Soviet Russia Volume 4: Crisis and Progress in the Soviet Economy, 1931-1933](#) R. W. Davies, 2016-07-27 The profound economic crisis of 1931-33 undermined the process of industrialisation and the stability of the regime In spite of feverish efforts to achieve the over ambitious first five year plan the great industrial projects lagged far behind schedule These were years of inflation economic disorder and of terrible famine in 1933 In response to the crisis policies and systems changed significantly Greater realism prevailed more moderate plans reduced investment strict monetary controls and more emphasis on economic incentives and the role of the market The reforms failed to prevent the terrible famine of 1933 in which millions of peasants died But the last months of 1933 saw the first signs of an industrial boom the outcome of the huge investments of previous years Using the previously secret archives of the Politburo and the Council of People's Commissars the author shows how during these formative years the economic system acquired the shape which it retained until the collapse of the Soviet Union in 1991

Investment And Reindustrialization In The Soviet Economy Boris Z. Rumer, 2019-03-04 Investment activity in the Soviet Union is presently undergoing a decline hitherto unknown in the history of the nation The growth of capital investment has stopped while levels of production have fallen One important factor in this phenomenon is the Soviet policy of reindustrialization shifting new investments into the expansion and improvement of existing facilities which severely limits capital available for new construction In this book Dr Rumer examines current Soviet investment policies and assesses their impact on economic development especially in Siberia Reindustrialization is intended

to combine more rapid amortization for updating and retooling growth in the volume of industrial output and minimal capital investment However concludes Dr Rumer this investment pattern hinders the development of Siberia and thus reinforces the spatial polarization of fuel energy and raw material resources in the east of the country and the manufacturing industry in the west with serious consequences for Soviet strategic military vulnerability and for the Soviet economy
