Catalog of Copyright Entries, 1946 *Jar of Hearts* Nithya Reddy, 2021-07-09 *Jar of Hearts* is a collection of 25 poems with a journey of 25 days In these poems you would find how the author takes you on a journey of love heartbreak hardships and life and how writing made her feel alive and at peace The author feels writing is her escape from reality and takes a new path of life away from the chaotic world The author also feels these poems are bound to make your day If you want to succeed in life then you should follow the path of consistency Without consistency there would be no meaning of success As they say Empty vessels make more noise The author believes that people would end up as empty vessels if they are not consistent in what they do This book is all about A decent human reminiscing about life So preserve everything you do in life and to preserve this opportunity I have written all the poems in this book in a free verse style **Understanding Korean Webtoon Culture** Dal Yong Jin, 2023-11-20 Webtoons a form of comic that are typically published digitally in chapter form

are the latest manifestation of the Korean Wave of popular culture that has increasingly caught on across the globe especially among youth Originally distributed via the Internet they are now increasingly distributed through smartphones to ravenous readers in Korea and around the world The rise of webtoons has fundamentally altered the Korean cultural market due to the growth of transmedia storytelling the flow of a story from the original text to various other media platforms such as films television and digital games and the convergence of cultural content and digital technologies Fans can enjoy this content anytime and anywhere either purely as webtoons or as webtoon based big screen culture Understanding Korean Webtoon Culture analyzes webtoons through the lens of emerging digital cultures and discusses relevant cultural perspectives by combining two different yet connected approaches political economy and cultural studies The book demonstrates the dynamics between structural forces and textual engagement in global media flows and it illuminates snack culture and binge reading as two new forms of digital culture that webtoon platforms capitalize on to capture people s shifting media consumption
