The Symbolic Quest Edward C. Whitmont, 2020-05-05 This book explores the use and development of man's symbolizing capacities those qualities that make him distinctly human Dr Whitmont describes the symbolic approach to a dream which takes into account a symptom's meaning in reference to an unfolding wholeness of personality He then presents the view that the instinctual urge for meaning is served by the symbolizing capacities and that this urge has been repressed in our time In the field of psychology this symbolic approach is most fully exemplified by the theories of C G Jung The author's contribution includes many differentiations and speculations especially concerning the problems of relatedness **The Symbolic Quest**
