Deconstructing Paradise Patricia E. Reagan, 2016-06-23 Deconstructing Paradise investigates Christian symbols that appear in Latin American Literature in an inverted way The texts under investigation invert the Christian center to generate a social political cultural or even artistic commentary In doing so each text underscores a search for meaning that rejects the centering presence of the more traditional Christian focus that has long validated humankind's existence both in society and in literature As Deconstructing Paradise examines finding a unified center around which to construct meaning is no longer possible although the search for meaning persists in the inverted Christian center The first three chapters analyze the trifecta of novels that offer a full allegory of inverted Christian symbolism including Miguel ngel Asturias *El Se or Presidente* Juan Rulfo's *Pedro P ramo* and Jos Donoso's *El lugar sin l mites* Chapters Four and Five focus on inverted Christ and inverted Judas figures in multiple novels and short fiction As many Latin American literary critics affirm it is increasingly difficult to categorize fiction after the Boom although even the usefulness of these categories is ultimately questionable Literary critics now look for patterns and Deconstructing Paradise offers one such pattern by identifying a trend in an impressive scope of the well known authors of twentieth century Latin American literature while also tracing this pattern back to nineteenth century precursors Deconstructing Paradise offers a unique and comprehensive look at a significant trend that will undoubtedly foment new ideas and paths of study in contemporary Latin American literature
