Staller, 2006 During the 1960s and 1970s the issue of runaways became a source of national concern This text examines the programmes and policies that took shape during this period and the ways in which the ideas of the alternative services movement continue to guide our responses to at risk youth Fighting the US Youth Sex Trade Carrie N. Baker, 2018-09-27 Campaigns against prostitution of young people in the United States have surged and ebbed multiple times over the last fifty years *Fighting the US Youth Sex Trade Gender Race and Politics* examines how politically and ideologically diverse activists joined together to change perceptions and public policies on youth involvement in the sex trade over time reframing juvenile prostitution of the 1970s as commercial sexual exploitation of children in the 1990s and then as domestic minor sex trafficking in the 2000s Based on organizational archives and interviews with activists Baker shows that these campaigns were fundamentally shaped by the politics of gender race and class and global anti trafficking campaigns The author argues that the very frames that have made these movements so successful in achieving new laws and programs for youth have limited their ability to achieve systematic reforms that could decrease youth vulnerability to involvement in the sex trade The New Partridge Dictionary of Slang and Unconventional English Tom Dalzell, Terry Victor, 2015-06-26 Booklist Top of the List Reference Source The heir and successor to Eric Partridge's brilliant magnum opus *The Dictionary of Slang and Unconventional English* this two volume *New Partridge Dictionary of Slang and Unconventional English* is the definitive record of post WWII slang Containing over 60 000 entries this new edition of the authoritative work on slang details the slang and unconventional English of the English speaking world since 1945 and through the first decade of the new millennium with the same thorough intense and lively scholarship that characterized Partridge's own work Unique exciting and at times hilariously shocking key features include unprecedented coverage of World English with equal prominence given to American and British English slang and entries included from Australia New Zealand Canada India South Africa Ireland and the Caribbean emphasis on post World War II slang and unconventional English published sources given for each entry often including an early or significant example of the term's use in print hundreds of thousands of citations from popular literature newspapers magazines movies and songs illustrating usage of the headwords dating information for each headword in the tradition of Partridge commentary on the term's origins and meaning New to this edition A new preface noting slang trends of the last five years Over 1 000 new entries from the US UK and Australia New
