The Misanthrope or the Cantankerous Lover French *Le Misanthrope ou l'Atrabilaire amoureux* is a 17th century comedy of manners in verse written by Moli re It was first performed on 4 June 1666 at the Th tre du Palais Royal Paris by the King s Players The play satirizes the hypocrisies of French aristocratic society but it also engages a more serious tone when pointing out the flaws which all humans possess The play differs from other farces at the time by employing dynamic characters like Alceste and C lim ne as opposed to the traditionally flat characters used by most satirists to criticize problems in society It also differs from most of Moli re s other works by focusing more on character development and nuances than on plot progression The play though not a commercial success in its time survives as Moli re s best known work today Because both *Tartuffe* and *Dom Juan* two of Moli re s previous plays had already been banned by the French government Moli re may have subdued his actual ideas to make his play more socially acceptable As a result there is much uncertainty about whether the main character Alceste is supposed to be perceived as a hero for his strong standards of honesty or whether he is supposed to be perceived as a fool for having such idealistic and unrealistic views about society Moli re has received much criticism for *The Misanthrope* The French philosopher Jean Jacques Rousseau claimed in his *Letter to M D Alembert on Spectacles* that it was Moli re s best work but hated the fact that Alceste was depicted as a fool on stage He believed that the audience should be supporting Alceste and his views about society rather than disregarding his idealistic notions and belittling him as a character

SynopsisMuch to the horror of his friends and companions Alceste rejects la politesse the social conventions of the seventeenth century French salon His refusal to make nice makes him tremendously unpopular and he laments his isolation in a world he sees as superficial and base saying early in Act I Mankind has grown so base I mean to break with the whole human race Despite his convictions however Alceste cannot help but love the flighty and vivacious C lim ne a consummate flirt whose wit and frivolity epitomize the courtly manners that Alceste despises Though he constantly reprimands her C lim ne refuses to change charging Alceste with being unfit for society Despite his sour reputation as the misanthrope Alceste does have women pining for him particularly the prudish Arsino and the honest Eliante Though he acknowledges their superior virtues his heart still lies with C lim ne His deep feelings for her primarily serve to counter his negative expressions about mankind since the fact that he has such feelings includes him amongst those he so fiercely criticizes When Alceste insults a sonnet written by the powerful noble Oronte he is called to stand trial Refusing to dole out false compliments he is charged and humiliated and resolves on self imposed exile Arsino in trying to win his affections shows him a love letter C lim

ne wrote to another suitor He discovers that C lim ne has been leading him on She has written identical love letters to numerous suitors including to Oronte and broken her vow to favor him above all others He gives her an ultimatum he will forgive her and marry her if she runs away with him to exile C lim ne refuses believing herself too young and beautiful to leave society and all her suitors behind Philinte for his part becomes betrothed to Eliante Alceste then decides to exile himself from society and the play ends with Philinte and Eliante running off to convince him to return
