The Modern Newspeak:

The Modern Newspeak John Pick, 1984 Modern Satire Peter Petro, 2015-09-25 No detailed description available for Modern Satire The Planet Of Comet Sense Carol Ann Lindsay, 2011-11 This satirical view about the destruction of American culture should hit the hired Wall Street marchers as hard as it hits followers of the Al Gore Global Warming Church It s a full fledged stinging denunciation of politicians in the 21st century Through dialogue and quips by Ratoncito the mascot for a group of San Diego County artists and writers this book offers humorous bureaucratic stories as well as Geek Poetry by an unemployed cyber security engineer **A Do-It-Yourself Dystopia** Steven Carter, 2002-04-09 The essence of life in an oligarchy like George Orwell presents in 1984 is that freedom of choice is virtually non existent But what happens when so many trivial and meaningless choices inundate a culture such as our own and freedom itself becomes devalued In A Do It Yourself Dystopia through a variety of essays Steven Carter addresses this and other issues in a wide ranging search for hidden oligarchies of the American self The Language of George Orwell Roger Fowler, 1995-10-11 George Orwell is well known for his strong views on language society and politics and admired for the robust personal tone of his writings The Language of George Orwell the first detailed study of his style demonstrates his stylistic versatility and analyzes the linguistic techniques which create a variety of memorable effects in his novels and other prose works Roger Fowler is a leading exponent of linguistic criticism the method of analysis employed in this book **The New Tolerance** Josh McDowell, Bob Hostetler, 1998 How culture movement threatens to destroy you your faith and your children **Deportation is Freedom!** Steve Cohen, 2006 Deportation is Freedom is a searing critique of today s immigration systems a lively yet thought provoking read that will captivate anyone who cares about the immigration systems that are shaping our world today It will be of particular interest to social workers and all people politically engaged in immigration campaigning Antiquity Now Thomas E. Jenkins, 2015-05-14 Written in a lively and accessible style Antiquity Now opens our gaze to the myriad uses and abuses of classical antiquity in contemporary fiction film comics drama television and even internet forums With every chapter focusing on a different aspect of classical reception including sexuality politics gender and ethnicity this book explores the ideological motivations behind contemporary American allusions to the classical world Ultimately this kaleidoscope of receptions from calls for marriage equality to examinations of gang violence to passionate pleas for peace or war reveals a classical antiquity that reconfigures itself daily as modernity explains itself to itself through ever expanding technologies and media Antiquity Now thus examines the often surprising redeployment of the art and literature of the ancient world a geography charged with especial value in the contemporary imagination *Rising China and Its Postmodern Fate, Volume II* Charles Horner, 2015-12-22 In Volume II of his study *Rising China and Its Postmodern Fate* Charles Horner continues his examination of how China s continuously changing view of its modern historical experience is also changing its understanding of its long intellectual and cultural tradition He reflects on China s current rise not as an anomaly but as part

of a long tradition of dramatic transformations and he therefore looks at many different Chinas as they interact with various world systems and ever changing trends He sees China s formation of its future Grand Strategy as a creative intellectual activity which draws on the strategic imagination that can be found in history literature art architecture and urban planning

Chronicles of Disorder David Weisberg,2000-09-22 Offers a striking new interpretation of Beckett s major fiction demonstrating how his development as a writer was shaped by shifting twentieth century ideas about the social function of literature
