The Mongoose Pocket Players Handbook:

The Mongoose Pocket Player's Handbook August Hahn, 2004-02 For the OGL System to be this wide reaching it has to be codified and presented in a basic format stripped of all complications first That is the purpose behind this book the Mongoose Pocket Player's Handbook In these pages readers will find the system in its simplest form Character creation and rules the kernel for any role playing system dominate the first part of the text while the central theme for most games combat is given the middle of the book in great detail The two most common exotic features of most games magic and psychic phenomena provide the last section and sum up this simple presentation of the OGL System **Mongoose Pocket Gms**

Guide Bestiary Mongoose Publishing, Various, 2004-08-25 In a new handy dandy size comes everything a Games Master needs to know in order to run the D20 system A perfect complement to the Pocket Player's Handbook the Pocket Games Master's Guide will reduce the need for you to lug heavy books to every gaming session *Pocket Modern Players Handbook* Mongoose Publishing, Various, 2004-05-01 Roleplaying in a modern setting is not very difficult to envision The easiest analogy to grasp is probably that of an action movie set in the modern day with you and your friends cast in the starring roles Maybe you are a team of special agents on the trail of a drug lord in some third world country or a group of commandos stalking and being stalked by a bizarre alien with a yen for deep fried earthling Modern roleplaying is just like playing parts in a movie expect the script is only a guideline and the ending is not written yet That is the magic of roleplaying in modern times Everything is familiar or at least similar to the things around us and the time period is second nature That means that most things do not have to be described or explained in excruciating detail When the Games Master the director running the game and handling all the of the roles that extras would normally play tells you that a whopping huge bus is about to explode if its speed drops below 60 miles an hour he does not have to provide you detailed information on what a bus is and whether 60 is really fast or very slow This familiarity makes for a more comfortable gaming environment and keeps every player on a more or less even footing The familiarity also allows for stark contrast When you as a detective character discover that the ice cream truck driver is actually an alien serving strange drugs to neighbourhood children to control their minds and mutate them into a pint sized space army of death and destruction the ordinary becomes unnatural This twisting of normal reality is a powerful storytelling device and it also works extremely well in roleplaying When even ordinary everyday things become tools for the Games Master modern roleplaying is at its best Scrye Collectible Card Game Checklist and Price Guide John
