The Monterrey Elite And The Mexican State 1880 1940 Texas Pan American Series:

The Monterrey Elite and the Mexican State, 1880-1940 Alex M. Saragoza, 2014-10-14 After the Revolution of 1910 a powerful group of Monterrey businessmen led by the Garza Sada family emerged as a key voice of the Mexican private sector The Monterrey Elite and The Mexican State is the first major historical study of the Grupo Monterrey the business elite that transformed Monterrey into a premier industrial center the Pittsburgh of Mexico Drawing on archival resources in the United States and Mexico and the work of previous scholars Alex Saragoza examines the origins of the Monterrey elite He argues that a pact between the new state and business interests was reached by the 1940 presidential elections an accord that paved the way for the alliance for profits that has characterized relations between the Mexican state and capitalists since that time More than a standard business history this study delves into both the intimate social world of the Garza Sadas and their allies and the ideas beliefs and vision of the Monterrey elite that set it apart from and often against the Mexican government In so doing The Monterrey Elite and the Mexican State reveals the underlying forces that led to the most historic battle between the private sector and the Mexican state the dramatic showdown in 1936 between the Garza Sadas and then President L zaro C rdenas in Monterrey Nuevo Le n

Globalizing the Lower Rio Grande Kyle B. Carpenter, 2024-10-15 Often obscured in the history of the nineteenth century US Mexico borderlands European born entrepreneurs played a definitive role in pushing the Rio Grande borderlands into Atlantic markets These borderlands entrepreneurs tried to transform the Lower Rio Grande and its surroundings from a regional crossroads of trade to a hub of the Atlantic economy Though they were often stymied by mismanagement notions of ethnic and cultural superiority and eruptions of violence these entrepreneurs persistently attempted to remake the region into a modern commercial utopia Their actions challenged United States imperial expansion into the Rio Grande borderlands as they tried to modernize the region according to European cultural precepts through constructing colonies populated with Europeans building strong networks of local and global significance and striving to dominate trade in the region Globalizing the Lower Rio Grande reframes the narrative of the borderlands through the perspectives of Europeans who actively shaped the historical trajectory of the region It highlights the actions of folks like English born John C Beales who convinced a party of Europeans to trek overseas and overland to the isolated Las Moras Creek to build a colony from scratch Alexander Bourgeois d Orvanne former mayor of Clichy la Garenne in France who manipulated powerful French and German leaders to support a settlement scheme on the Rio Grande Spanish born Jos San Rom n and the way he constructed massive transatlantic networks of credit and exchange and Joseph Kleiber from Strasbourg who facilitated the construction of a European owned railroad line along the Rio Grande Though ultimately undermined and outmaneuvered by their American rivals European born borderlands entrepreneurs like these collectively globalized the Lower Rio Grande

War and Peace on the Rio Grande Frontier, 1830-1880 Miguel Ángel González-Quiroga, 2020-03-05 The historical record of the Rio Grande valley through much of the nineteenth century reveals

well documented violence fueled by racial hatred national rivalries lack of governmental authority competition for resources and an international border that offered refuge to lawless men Less noted is the region s other everyday reality one based on coexistence and cooperation among Mexicans Anglo Americans and the Native Americans African Americans and Europeans who also inhabited the borderlands War and Peace on the Rio Grande Frontier 1830 1880 is a history of these parallel worlds focusing on a border that gave rise not only to violent conflict but also cooperation and economic and social advancement Meeting here are the Anglo Americans who came to the border region to trade spread Christianity and settle Mexicans seeking opportunity in el norte Native Americans who raided American and Mexican settlements alike for plunder and captives and Europeans who crisscrossed the borderlands seeking new futures in a fluid frontier space Historian Miguel ngel Gonz lez Quiroga draws on national archives letters consular records periodicals and a host of other sources to give voice to borderlanders perspectives as he weaves their many varied stories into one sweeping narrative The tale he tells is one of economic connections and territorial disputes of refugees and bounty hunters speculation and stakeholding smuggling and theft and other activities in which economic considerations often carried more weight than racial prejudice Spanning the Anglo settlement of Texas in the 1830s the Texas Revolution the Republic of Texas the US Mexican War various Indian wars the US Civil War the French intervention into Mexico and the final subjugation of borderlands Indians by the combined forces of the US and Mexican armies this is a magisterial work that forever alters complicates and enriches borderlands history Published in association with the William P Clements Center for Southwest Studies at Southern Methodist University in Dallas Texas Río Bravo ,1991 *Mexican Workers and the State* Norman Caulfield,1998 Almost eighty years before the implementation of the North American Free Trade Agreement NAFTA Ricardo Flores Mag n revolutionary anarchist labor organizer and expatriate nationalist challenged the prevailing social order of both Mexico and the United States Mag n predicted that if Mexican workers failed to organize and shake off the yoke of capitalism the nation would soon be dominated by foreign economic interests And American workers he warned would find their firms and factories employing low wage laborers in Mexico Mag n s message Mexico for Mexicans Organized labor however would never gain a strong foothold in Mexico Although the Constitution of 1917 guaranteed the right of workers to organize and strike government restrictions a historically unstable economy and meddling by the American interests including the IWW and the AFL combined to limit the effectiveness of Mexican unions Mexico for Mexicans or working class nationalism was and is little more than rhetoric In *Mexican Workers and the State* historian Norman Caulfield traces the evolution of organized labor from its radical roots during the Mexican Revolution to its present status as a mere pawn in the game of Mexican politics The implementation of NAFTA in 1993 has been beneficial to some almost one million low wage workers are employed in the maquila industries south of the border but it has also aggravated the question of workers rights Outside industries continue to play an unsettling role in the vacillating Mexican economy Ricardo Flores Mag n s 1914 prediction was right Mexico has become a haven for

foreign interests Material on which Mexican Workers and the State is based has won the Harvey Johnson Award from the Southwestern Council of Latin American Studies **Fifty Years of Good Reading** University of Texas Press,2000 50 year since founding the University of Texas they have witnessed major evolutions in the world of publishing Catarino Garza's Revolution on the Texas-Mexico Border Elliott Young,2004-07-26 Uses the Garza rebellion on the Texas Mexico border to analyze economic and social change in this region internationalizing U S history with its examination of a transborder area within the larger histories of Mexico and the United States *The State and Policy Outcomes in Latin America* Lawrence Graham,1990-06-26 This study offers a comprehensive and up to date analysis of the state and its bureaucratic components in the various nations of Latin America Graham notes at the outset that the complexity of the state apparatus in Latin America presents both a challenge and a problem for analysts His unique contribution here is combining an overview of public bureaucracy in Latin America with a series of country and regional profiles With this basis for analysis established Graham focuses on changes in the state the society and the economy that have occurred over the past two decades in order to develop a set of new perspectives on Latin American politics and economics **Pesos and Dollars** Alicia Marion Dewey,2014-10-07 The commercial world of South Texas between 1880 and 1940 provided an attractive environment for many seeking to start new businesses especially businesses that linked the markets and finances of the United States and Mexico Entrepreneurs regularly crossed the physical border in pursuit of business But more important more complex and less well known were the linguistic cultural and ethnic borders they navigated daily as they interacted with customers creditors business partners and employees Drawing on her expertise as a bankruptcy lawyer historian Alicia M Dewey tells the story of how a diverse group of entrepreneurs including Anglo Americans ethnic Mexicans and European and Middle Eastern immigrants created and navigated changing business opportunities along the Texas Mexico border between 1880 and 1940 *NACLA Report on the Americas* North American Congress on Latin America,1988

When people should go to the book stores, search creation by shop, shelf by shelf, it is in reality problematic. This is why we give the books compilations in this website.
